**VICTIMS' PAYMENT**

1. As discussed at Permanent Secretaries Group, the Northern Ireland (Executive Formation etc.) Act includes a duty that, if Northern Ireland does not have a functioning Executive by 21 October 2019, the Secretary of State for Northern Ireland would be legally obliged to bring forward legislation by end-January 2020 providing for a scheme for payments to victims which must become operational by end-May 2020.
2. The timeframe required by Parliament is extremely challenging. NIO are leading on bringing forward the legislation, with policy input from TEO, while TEO are leading on implementing the scheme.
3. Whilst NIO is still working to determine the nature of the scheme and how it will operate, I'm conscious that the scheme may have policy and/or operational implications for your Departments. This includes key areas such as administration, sourcing of relevant evidence, assessment, appeals and funding and approval mechanisms. Officials from TEO's Victims and Survivors Unit have commenced early engagement with some Departments to raise awareness and begin to scope out the issues.

4. NIO has also expressed its appreciation for support and help received to date through discussion between HOCS and their Permanent Under Secretary. They hope to be in a position to share draft instructions to inform production of Regulations shortly and to give an opportunity for comment on the draft Regulations. I would be grateful for your support in engaging with that process and for your understanding in what will necessarily be tight turnaround times.
5. Ensuring the scheme is operational by end-May 2020 will require strong collaborative working between relevant Departments. With this in mind, I intend to establish a Victims' Payment Implementation Oversight Group, which I will Chair, with representation from relevant Departments. The purpose of the group will be to update Departments on progress made towards implementing the Victim's Payment, identify cross-cutting policy and/or operational implications and establish appropriate mechanisms to address these.
6. I would be grateful if you would nominate an official to sit on the group.
7. Thank you for your consideration.

OVERSIGHT GROUP**

**TERMS OF REFERENCE**

**(To be discussed and agreed with  
Victims' Payment Implementation Oversight Group)**

DRAFT

# **VICTIMS PAYMENT IMPLEMENTATION OVERSIGHT GROUP**

## **TERMS OF REFERENCE**

---

### **1. BACKGROUND**

- 1.1 The Stormont House Agreement (2014) contained the commitment that “further work will be undertaken to seek an acceptable way forward on the proposal for a pension for severely physically injured Victims in Northern Ireland”.
- 1.2 The Stormont House Implementation Group established by the five main parties of the Northern Ireland Assembly considered initial proposals for this matter in 2015 - but its work was not completed. Last year, the UK Government asked the Northern Ireland Commissioner for Victims and Survivors to provide updated and comprehensive advice on how a pension could be progressed. Advice and recommendations were provided on 31 May 2019.
- 1.3 Under section 10 of the Northern Ireland (Executive Formation etc.) Act 2019, the UK Government must establish a scheme which provides for one or more payments to be made to, or in respect of, a person who has sustained an injury as a result of a Troubles-related incident by means of secondary legislation, if an Executive is not formed by 21 October 2019. Regulations must be made before end-January 2020 and come into force by end-May 2020.
- 1.4 Drawing on the Victims' Commissioner's advice, Officials in the Northern Ireland Office have undertaken follow-up work to those recommendations and on the detailed arrangements for a scheme that best meets the needs of victims and survivors, with significant factual input from Northern Ireland Civil Service. This has included consideration of other relevant schemes, further detailed design work, discussion with NICS Departmental stakeholders, and preparing detailed advice on the proposed architecture to deliver the scheme.
- 1.5 The timeframe legislated for by Parliament is challenging. While NIO are leading on bringing forward legislation by end-January 2020, The Executive Office (TEO) will lead on implementation of the scheme by end-May 2020.

## **VICTIMS PAYMENT IMPLEMENTATION OVERSIGHT GROUP TERMS OF REFERENCE**

---

### **2.0 VICTIMS PAYMENT IMPLEMENTATION OVERSIGHT GROUP**

2.1 TEO will be the lead NICS Department on the implementation of the Victims' Payment Scheme ("the scheme"). However, ensuring that the scheme is operational and 'fit for purpose' by end-May 2020, will require significant collaborative working between NICS Departments in key areas such as resource and administration, sourcing of relevant evidence (both medical and criminal justice in nature), assessment, appeals and funding of approval mechanisms.

2.2 A Victims' Payment Implementation Oversight Group (VPIOG) has therefore been established to form a formal strategic partnership network across NICS Departments for which the implementation of the scheme will have cross-cutting policy and/or operational implications namely The Executive Office, Department for Communities, Department of Justice, Department of Health and Department of Finance. As lead on policy development work and, on behalf of the UK Government, responsible for the EF deadlines being met, NIO will also be represented on the VPIOG.

2.3 The aim of the VPIOG will be to:

- Provide strategic oversight and direction across relevant NICS Departments to ensure the successful implementation and operational delivery of the scheme, in line with Regulations, by end-May 2020.

2.4 The objectives of the VPIOG will be to:

- Identify NICS Departmental cross-cutting policy and/or operational implications,
- Identify and evaluate risks across NICS Departments to the successful implementation and operational delivery of the scheme and agreeing mitigating actions to address these;
- Ensuring that the correct operational structures, mechanisms and resources are in place across NICS Departments to deliver the scheme;
- Providing timely comment to NIO on draft instructions to inform production of Regulations.

## VICTIMS PAYMENT IMPLEMENTATION OVERSIGHT GROUP

### TERMS OF REFERENCE

---

2.5 Victims' Payment Implementation Working Groups (VPIWG) will be established to take forward the detailed work required to support the successful implementation and operational delivery of the scheme. Each VPIWG will work in partnership with colleagues in relevant Departments and other key stakeholders as required. Separate Terms of Reference will be developed for each VPIWG and membership agreed.

2.6 The governance structure is set out at **Annex A**.

### 3. MEMBERSHIP

3.1 The VPIOG will include members from NICS Departments for which the implementation of the scheme may have cross-cutting policy and/or operational implications. Members will have the requisite knowledge and experience of their Department in order that they are able to input and contribute appropriately to its work. NIO will also be represented.

3.2 The following members will form the VPIOG:

- TEO – Mark Browne, Chairperson (Director of Strategic Policy, Equality & Good Relations Directorate)
- TEO – Gareth Johnston (Director of Equality, Victims, DSC & Human Rights)
- TEO – (Head of Victims' Payment Team)
- NIO – Ruth Sloan (Deputy Director, NIO Legacy Group)
- NIO – (Senior Policy Adviser, NIO Legacy Group)
- DfC – John McKervill (Director of Pensions, Disability and Benefit Security)
- DoH – Mark Lee (Director of Mental Health, Disability and Older People)
- DoF – (Supply Officer)
- DoF – Seamus McLean (Head of Enterprise and Digital Development)
- DoJ – Peter Luney (Acting Chief Executive Northern Ireland Courts and Tribunal Services)
- DoJ – Laurene McAlpine (Deputy Director Civil Justice Policy Division)

3.3 Other persons may be invited to attend meetings as necessary and appropriate to share knowledge and experience, provide advice and guidance and maximise

partnership working across NICS Departments, other Statutory Bodies and Victims and Survivors sector.

- 3.4 Given the challenging timeframe, the VPIOG will seek to meet on a monthly basis, or more frequently if required, to oversee the implementation and delivery of the scheme by end-May 2020. If unable to attend, members will be expected to nominate an appropriately briefed deputy to ensure that their Department's input is continued. The venue may alternate between Knockview Buildings and Castle Buildings depending on availability.
- 3.5 The VPIOG may, from time to time, appoint individual members or sub-groups to investigate, report and make recommendations to it on particular issues of relevant concern, either on an ad hoc or on-going basis.

### 4. PROJECT MANAGEMENT

- 4.1 A Victims' Payment Team has been established within TEO Victims and Survivors Unit to oversee the project management function, including oversight and secretariat function for the VPIOG and subsequent working groups.
- 4.2 The team will also be responsible for monitoring progress against the Victims' Payment Scheme Implementation Plan to ensure any potential issues and slippages which could impact on implementation and delivery of the scheme are identified early, appropriately assessed and addressed and VPIOG advised as required.

### 5. KEY POINT OF CONTACT

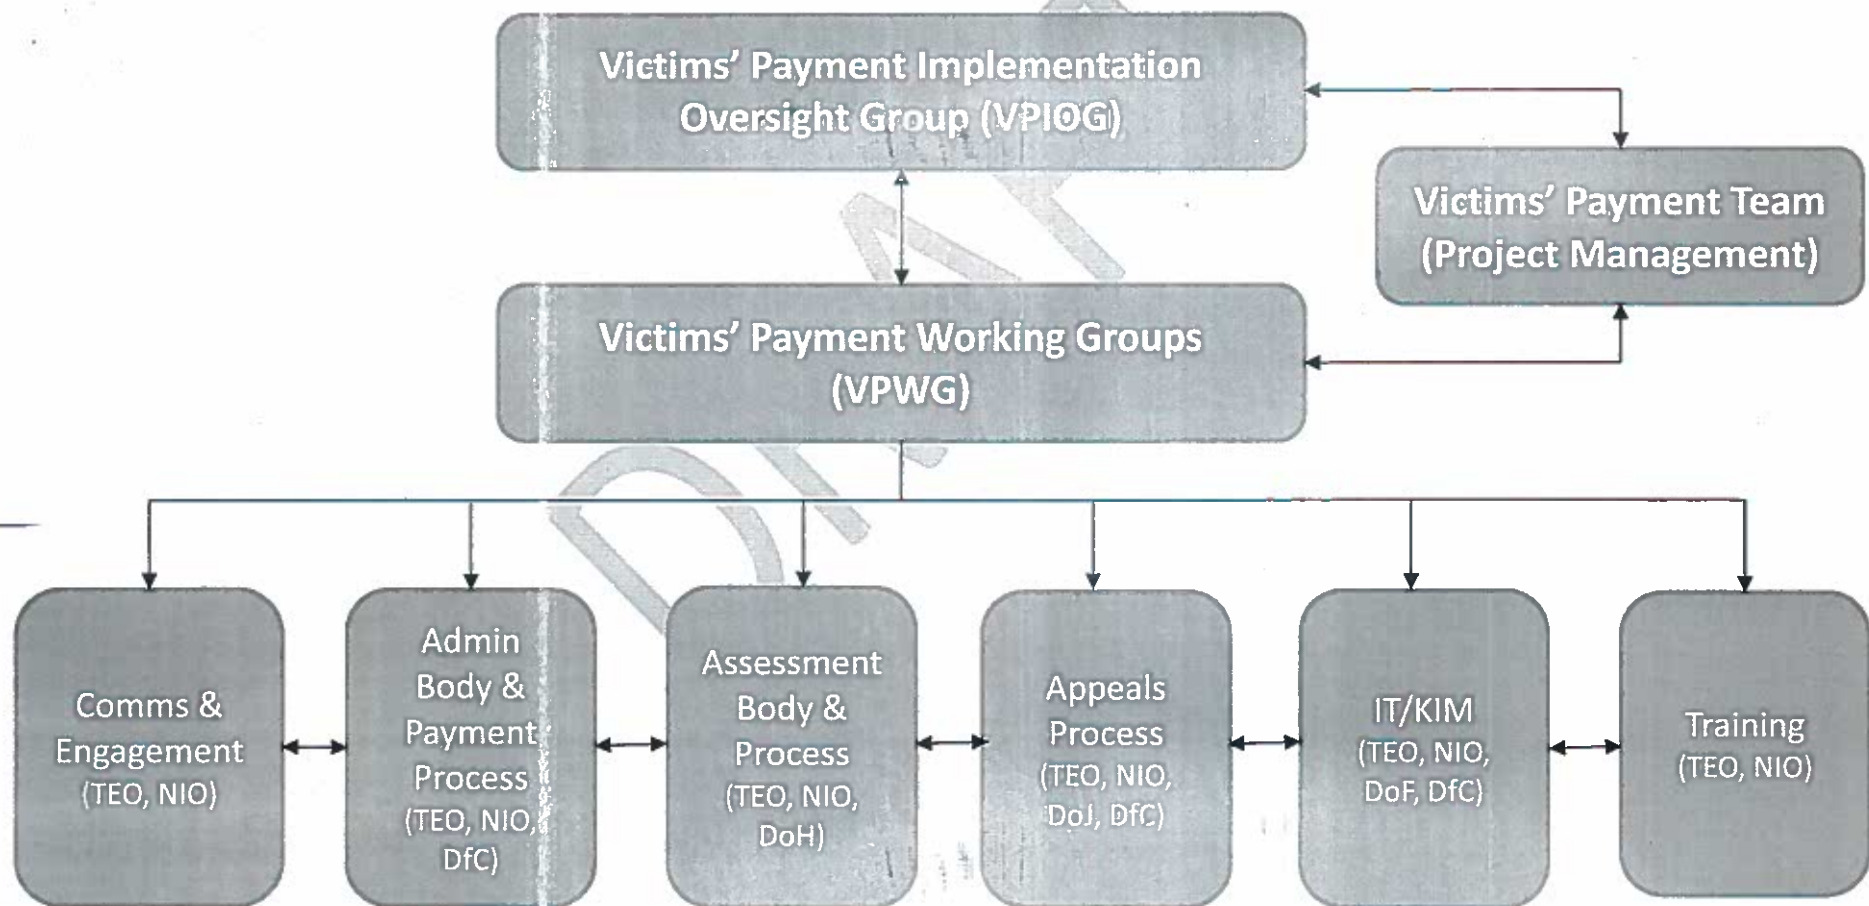

- 5.1 As per (4.1) TEO will oversee the project management function for the VPIOG. Any refer any queries to the following:

|                                                                                                       |                                                                                                       |

29 March 2018

Thank you for your email of 21 March regarding a bridge between Scotland and Northern Ireland, to which I am responding on the Secretary of State's behalf.

The UK Government recognises the importance having modern and accessible infrastructure throughout the country as essential to our future growth and prosperity. Our Industrial Strategy, and the Transport Investment Strategy that builds on it, provide an important opportunity to consider our approach to infrastructure and ensure our investment meets the needs of a more dynamic and mobile economy in a country that works for everyone. That is why we have established the National Infrastructure Commission (NIC) to advise us on investment. The NIC are in the process of producing a National Infrastructure Assessment, which will be published this year, containing recommendations for how our identified infrastructure needs and priorities should be addressed.

I hope this reply is helpful. Thank you once again for taking the time to write.

Dear Mr Smyth

**BRIDGE BETWEEN NORTHERN IRELAND AND SCOTLAND**

I wrote on behalf of Ards and North Down Borough Council to your predecessor, Karen Bradley MP, on 23 July 2018 seeking an indication of her position on the building of a bridge between Scotland and Northern Ireland. I also advised that the Council had formally requested that the east coast of Ards and North Down be considered in any Feasibility Study or Business Case as a connection point for any proposed bridge. I enclose a copy of the letter for your information as disappointingly I did not receive a reply.

In light of recent media reports suggesting the UK Government has commissioned work to explore the feasibility of a bridge being built, I would be grateful if you would respond to the issues and queries raised in my original correspondence.

Yours sincerely

Dear Ms Bradley

The Council has resolved that I write to you with regard to the recent public debate around the potential of building a bridge between Scotland and Northern Ireland.

Ards and North Down Borough Council would welcome these discussions and it is understood that the Scottish Government has initiated an exploration of improving connectivity between Scotland and Northern Ireland. You will be aware that the Borough has the most easterly point of the Island of Ireland and had an historic sea transport link between Portpatrick and Donaghadee.

The Council, in welcoming these discussions, formally requests that the east coast of Ards and North Down be considered in any Feasibility Study or Business Case as a connection point for a bridge between Northern Ireland and Scotland.

I would be grateful for your position on this matter and an indication of the work so far planned and completed.

I look forward to your response to this resolution of the Council and advice on how best to take this important matter forward.

Yours sincerely

21 October 2019

Thank you for your letter of 26 September regarding a bridge between Northern Ireland and Scotland. I can only apologise that you did not receive a reply to your previous letter.

The Prime Minister has made no secret of his support for infrastructure projects that increase connectivity for people and strengthen the Union. Our four nations are safer, stronger and more prosperous together and the Government will consider all infrastructure projects that can deliver benefits right across the United Kingdom.

Upgrading the UK's transport infrastructure underpins one of the core components of our Industrial Strategy. The Industrial Strategy, and the Transport Investment Strategy that builds on it, constitutes an important opportunity to consider these kinds of decisions strategically, ensuring that our approach to infrastructure not only provides the basis for the economy, but also actively supports our long term national interests. The National Infrastructure Commission (NIC) advise us on investment and recommends how our identified infrastructure needs and priorities should be addressed.

Any work being undertaken on the proposed bridge would be for the Department of Transport in the first instance. If you have not already done so, I would encourage you to contact them via their website <https://forms.dft.gov.uk/contact-dft-and-agencies/>, or at:

# Handling Freedom of Information requests

## Key provisions of the FOI Act

- The right to request recorded information from public authorities
- The right to be told whether information is held or not
- The right to receive information held at the time of the request
- Duty to provide reasonable advice and assistance
- Statutory deadline – 20 working days from first working day after request received
- A defined appeals process – Information Commissioner and the Courts

The business area has 10 days to research and draft a response.

Day 10 onwards is reserved for clearance.

We can extend only if more time is needed to complete the public interest test.

The FOI Team log and acknowledge the FOI request, then allocate to the relevant business area. The request should be completed within 20 working days of receipt.

Assess all information held within the scope of the request.

Can some/ all of the information be disclosed?

Draft a letter of response and obtain DD clearance.

Read the request thoroughly. If it isn't clear what's being requested, ask the FOI Team to seek clarification from the requester.

Forward response to [foi@nio.gov.uk](mailto:foi@nio.gov.uk) the FOI Team will check content.

The Team will advise if any amendments are needed.

FOI Team issue response once it has been cleared for issue!

Day 1

## Outcomes

Do we hold the requested information?

Do any exemptions apply?

Does the public interest test need to be carried out?

## Don't forget!

Save all documents into the relevant CM9 folder.

If you need any advice or assistance please contact the FOI Team.

## Background

[The Freedom of Information Act 2000 \(FOIA\)](#) was introduced in January 2005 and gives any individual a right of access to any recorded information held by a Public Authority.

The FOI Act specifies that as a public authority we are obliged to respond to FOI requests. For individual requests we must comply with the following sections of the FOIA:

**Section 1:** Inform the applicant (in writing) if we **hold** the information falling within the scope of the request and communicate it to the requester.

**Section 16:** Provide **advice and assistance** to the requester.

**Section 17:** Should any information be **exempt**, specify the relevant exemption(s) engaged and state why the exemption is engaged.

## Timescales – 20 working days

Section 10(1) of the Act states that the statutory deadline in which to respond to a request is 20 working days following the date of receipt (this excludes public and bank holidays). To ensure this deadline is met, we ask staff to return their DD cleared letter of response to the FOI Team by day 10.

Should you receive an FOI request directly from a member of the public, it is vital that you forward it to the FOI team to formally log and process. We need to ensure that you have enough time to handle and respond to a request within the statutory deadline.

### **Exceptions to the 20 day statutory deadline**

Section 10(3) of the Act provides for a 'reasonable' extension to the 20 working day statutory timescale (up to a maximum of 40 days - as defined by the Information Commissioner) in particular circumstances. If a qualified exemption is engaged and you are still assessing the Public Interest Test (PIT) for and against disclosure you may be entitled to apply for a public interest extension. You can find further information relating to PIT arguments below at page 8.

**Please note that the threshold for applying a PIT extension is extremely high. You can not extend for timeliness reasons, for example; you only considered the request on day 10 and do not have enough time to deal with it within the deadline.**

**If you are considering a PIT extension, you should contact the FOI team as soon as possible.**

## What is an FOI request? Is it valid?

A valid FOI request must:

- 1) Be submitted in writing, e.g. by letter, email, fax, twitter
- 2) Provide clear contact details, e.g. a name and return address
- 3) Ask for recorded information, such a copy of a report or emails created by officials
- 4) Be clearly communicated, enabling staff to easily identify whether the information requested is held by the department.

**Please note** - the requester does not need to cite the FOIA in order for the request to be a valid FOI request. Nor does citing the FOIA automatically make it a valid request.

### Who can make a request?

Anyone, anywhere, can make a request for information under the FOI Act. No distinction is made between people from the UK or from any other country. The Act is also requester blind; this means we cannot take into account who the individual is or why they have requested particular information.

### Dealing with a request

If you are allocated a request, the FOI Team will advise you of the 10 day internal deadline and also the final 20 day deadline for issue. On day 1 it is important that you read the request thoroughly, contact the FOI Manager immediately if you require clarification from the requester or feel that the request should be allocated to a different business area. Any delay could result in a missed deadline.

If the request is clear, assess all information held within scope. Decide if any information can be disclosed and draft a letter of response to either disclose information or to explain which exemptions are engaged. The FOIA exemptions are listed below at Part 7.

Once the response has been completed, obtain DD clearance and forward the cleared response to the [FOI mailbox](#) by day 10. If you created a Google document to draft the letter of response, ensure the final DD cleared version is also saved in CM9 in the appropriate folder.

The FOI Team will use the remaining 10 days to check content, obtain any further clearance if required, advise if any amendments are needed and then issue the response.

## Freedom of Information Vs routine correspondence (Treat Official)

You should be aware of the distinct difference between an FOI request and general correspondence. The FOIA only concerns requests for **recorded information**.

An FOI request will ask for:

- Copies of papers considered when making a decision on a policy
- A copy of a specific report
- Data/ statistics, including financial figures.

Routine correspondence will seek:

- General advice or explanations on a specific policy
- Opinions on a particular decision

You may find the easy reference guide below useful in differentiating the two separate information access regimes:

| Freedom of Information requests                | Treat Official/Ministerial correspondence                                     |
|------------------------------------------------|-------------------------------------------------------------------------------|
| Requesting <i>recorded</i> information         | Anything else!                                                                |
| Request for data                               | Question about data                                                           |
| Concrete                                       | Subjective                                                                    |
| e.g. Could I have a copy of your policy on...? | e.g. What is your policy on...?                                               |
| Deadline of 20 working days to log and respond | Deadline of 15 working days for Ministerial and Treat Official correspondence |

**Please remember** – often you will find a request for information can contain a combination of FOI and treat official questions. You can make a judgement call to whether a separate response is required, but on all occasions you must ensure that the FOI request is referred to the FOI team.

## Do you hold the requested information?

### **‘Held’ and ‘Recorded’ information**

Under the Act, information is held if it is held by the authority or by another person on behalf of the authority. Section 84 of the Act refers to information ‘recorded in any form’ and gives right of access to recorded information held at the time the request is received.

Recorded in any form includes;

- Information held electronically (e.g. laptop, computer, and electronic records management system)
- Information recorded on paper (e.g. letter, memo, papers in a file)
- Sound and video recordings (CD, videotape)
- Hand-written notes or comments, including those written in pads or on Post-it notes.
- E-mails
- Information in storage

### **Conducting searches for information**

When searching for information, you should consider whether it might be stored on personal/ shared drives or on the department’s EDRM CM9 system, Google Drives or Gmail. You should also consider whether the department holds a paper record on its on site, or off site, records stores.

### **Creating information**

We are not required to create new information in order to answer a request. The FOIA enables access to information that already exists and is held on record. You should be clear of the distinction between creating new information and compiling it from different sources or

extracting it from a database (i.e. 're-presenting' information in a different form to what it is held).

### **Clarification**

It is extremely important to ensure that it is clear from the request, what information is being requested. If the requester does not describe the information sufficiently for you to be clear about what they want, section 1(3) of the act allows for us to issue a clarification response.

Once the requester submits a response that contains sufficient detail to enable you to identify the information they are seeking, the 20 working day deadline will commence.

### **Information not held.**

If the information is not held by the department you must state this in the response. If you are aware of an alternative public authority that may hold the information you should direct the requester to the appropriate authority, providing the appropriate contact details.

## Section 12 refusal – Cost limit

Once you have confirmed if the information is held, or is likely to be held by the department, the next step is to assess whether the information can be located, retrieved and extracted within the appropriate cost limit.

Section 12 is a refusal under the Act. We can refuse to respond if it would exceed the cost limit to provide the information requested.

### **Cost limit**

The cost limit is calculated at £600 or the equivalent of 3.5 days of work at £25 an hour in order to LOCATE, RETRIEVE and EXTRACT the requested information.

The following activities should be calculated towards the cost limit:

- Determine if we hold the information requested
- Locate the information or documents containing the information
- Retrieve the information or documents
- Extract the information from the document containing it.

The following activities cannot be taken into consideration when making a cost calculation:

- Reading time
- Time spent redacting information
- Time taken to consult with other departments
- Consideration of an exemption, or seeking legal advice

### **Section 12(1)**

This applies to information that we know is held. However, to provide the information it would exceed the cost limit.

For example – If a request asks for copies of all financial invoices and receipts for the department covering the period 2008 – 2013, it would be likely to take longer than 3.5 working days for a member of staff to locate, retrieve and extract all the information held by the department.

### **Section 12(2)**

This applies when it would exceed the cost limit for you to confirm if the requested information is held by the department.

For example – If a request asks for copies of any emails between staff that contain reference to breaking news stories, 2008 – 2013, every member of staff within the department would need to be contacted and all inboxes and EDRM searched to determine whether any information is held. This is likely to exceed the cost limit.

### **Discretionary information**

Please remember that you can always provide information outside of the FOIA, on a discretionary basis to be helpful. If at any time, especially when the cost limit is engaged, you have information which is readily available, you should consider disclosing it. There is no obligation to do so, but the department should aim to be as helpful and as transparent as it can be.

## Exemptions

The exemptions in Part II of the [Freedom of Information Act](#) are 'absolute' or 'qualified'.

**Absolute:** If an absolute exemption applies, there is no obligation under the Act to consider the request for information further.

**Qualified:** If the exemption is qualified, the public authority must weigh the public interest in maintaining the exemption against the public interest in disclosure. This is the public interest test.

An easy reference list of all the FOIA exemptions falling under Absolute or Qualified can be found below. This list is also available from the Freedom of Information (FOI) Guidance section of the intranet.

## Public Interest Test

A public authority can only withhold information if the public interest in maintaining the exemption outweighs the public interest in disclosure.

The public interest here means the public good, not what is of interest to the public, and not the private interests of the requester.

In carrying out the public interest test you should consider the circumstances at the time of the request or within the normal life-cycle of a request. Public interest arguments for the exemption must relate specifically to that exemption.

You must consider the relative weight of the arguments for and against disclosure. This can be affected by the likelihood and severity of any prejudice; the age of the information; how far the requested information will help public understanding; and whether similar information is already in the public domain.

The public interest can cover a wide range of values and principles relating to the public good, or what is in the best interests of society. Some generic arguments you could offer for information falling in favour of disclosure could be:

- There is a public interest in transparency and accountability, to promote public understanding and to safeguard democratic processes.
- There is a public interest in good decision-making by public bodies, in upholding standards of integrity, in ensuring justice and fair treatment for all, in securing the best use of public resources and in ensuring fair commercial competition in a mixed economy.

However, these examples of the public interest do not in themselves automatically mean that information should be disclosed or withheld. For example, an informed and involved public helps to promote good decision making by public bodies, but those bodies may also need space and time in which to fully consider their policy options, to enable them to reach an impartial and appropriate decision, away from public interference. Revealing information about wrongdoing may help the course of justice, but investigations into wrongdoing may need

confidentiality to be effective. This suggests that in each case, the public interest test involves identifying the appropriate public interests and assessing the extent to which they are served by disclosure or by maintaining an exemption.

You will find further information on the public interest arguments specific to each exemption on the Information Commissioner's Office website under 'Exemptions': [http://www.ico.org.uk/for\\_organisations/guidance\\_index/freedom\\_of\\_information\\_and\\_environmental\\_information](http://www.ico.org.uk/for_organisations/guidance_index/freedom_of_information_and_environmental_information)

The FOI team will be on hand to assist should you need to consider a Public Interest Test.

## **Annex A: Minute of the meetings of the Voluntary and Community Advisory Group**

**NICVA, 15th December 2016**

**Theme - Community Relations and Upholding the Peace Agreements**

### **NIO Attendees:**

SOS, Peter Cardwell, [REDACTED], [REDACTED], [REDACTED]

### **VCSE Attendees:**

- Seamus McAleavey (SM) NICVA
  - Jenna Maghie (JM) NICVA
  - Chris Quinn (CQ) NI Youth Forum
  - Tara Grace Connelly (TGC) NI Youth Forum
  - Paddy Kelly (PK) Children's Law Centre
  - Paula Quigley (PQ) Groundwork NI
  - Ciaran Shannon (CS) Intercomm
  - Kelly Turtle (KT) Women's Resource and Development Agency
  - Eleanor Jordan (EJ) Windsor Women's Centre
  - Katie Hanlon (KH) Ballynaveigh Community Development Association
  - Gerard Deane (GD) Holywell Trust
  - Kate Clifford (KC) Rural Community Network
  - Kevin Hanratty (KH) Human Rights Consortium
- 
- SOS welcomed everyone, and outlined the round-table initiative which he and his Ministerial colleagues were undertaking with the VCSE sector. He noted the opportunity that the round-tables provided for a detailed development of the high-level issues that had been identified at the previous NICVA event, and that he was keen to hear the perspectives from around the table.
- 
- SM provided a sectoral overview, and noted that the issues that had been a concern during the referendum campaign still remained the key issues – eg. the economy, the peace process, the EU facilitation of a more “comfortable” border arrangement, free movement. [REDACTED]  
[REDACTED]  
[REDACTED]
- 
- SOS said he recognised the importance of addressing NI's very specific circumstances, and provided an assurance that the UK government was working closely with the Irish government to ensure that was the case.
- 
- TGC and CQ said that the implications of EU exit were scary for young people, who had been ineligible to vote in the referendum, but were going to experience its consequences eg. on education and travel abroad. They said young people wanted to be involved in shaping the post-EU Exit landscape. They emphasised the importance of youth organisations in NI, many of which work towards reconciliation and rely on EU funding to do so.

- SOS referred to the Chancellor's commitments on funding, and noted the importance of a sequential approach – the negotiation would come first, but then there would need to be planning for steady state post Exit, which would require careful reflection.
- PK talked about the many Belfast Agreement protections that were based on the EU membership of the UK and the Republic of Ireland. She agreed with TGC and CQ that Brexit was happening to young people, rather than with their consent, and that it would impact their rights, noting the different reality of children's lives in NI in comparison to the rest of the UK. For example, due to the lack of young people's mental health facilities in NI, they can currently access those services in ROI under EU legislation. Separated parents who live on either side of the NI/ROI border can negotiate cross-border access arrangements to their children, based on EU legislation. PK also cited child protection issues around criminal records checks, which she felt the PSNI and DOJ were not considering. She felt there was a need to map the interface between EU law, domestic law and case law to understand which was embedded and which would be at risk under the Great Repeal Bill.
- PQ was concerned about the impact of EU Exit on environmental policies, that any regression on existing standards would result in a waste of resources and investment that had been achieved so far. She felt there were opportunities but that these should be considered in a measured way.
- CS noted the importance of EU funding to the community relations sector, but also the importance of access to trans-national programmes where NI organisations can share their experience of peace-building and learn from the experience of others. He emphasised that peace agreements are made by politicians but they are maintained on the ground by the VCSE sector, who need funding to maintain them.
- KT said that the women's sector had seen their proportion of EU funding diminish over the last decade, and that they felt international accountability around gender equality was a more significant issue. She was concerned about losing focus on targeted programmes to address inequality, [REDACTED]  
[REDACTED]  
[REDACTED]
- EJ explained that her organisation had empowered her community to be politically active and vote, but that they now faced uncertainty as a result of the referendum. She noted that EU Peace funding was meant to cement the peace here and add value – not become core funding. [REDACTED]  
[REDACTED]
- KH explained that Ballynafeigh, where her group is based, was the oldest shared neighbourhood in Belfast, but was especially concerned about welfare rights and the increase in racial attacks since the referendum which her area had experienced. She felt that the EU had made NI outward-looking, and we now risked becoming insular and polarised.

- GD explained his organisation was based in Derry, and their area's natural hinterland was Sligo and Donegal. He recalled how the border of the past had split families and created fear in the north-west, given the long-standing ties to that hinterland. He noted that Derry voted 80% Remain because its people feel very European, and he emphasised that the north-west would need to feel included in a post-EU Exit UK, or risk becoming isolated – with the associated risks that would pose to the peace.
- KC highlighted the importance of EU rural development policy, and the lack of any equivalent domestic framework. She felt that the EU offered the only protection and investment that rural communities have had, pointing to innovative border investment plans which saw residents in Belleek accessing healthcare in Sligo General Hospital and Donegal residents being admitted to the Foyle Hospice for care. She felt those arrangements needed protection, otherwise a marginalised rural minority would again feel under threat. [REDACTED]  
[REDACTED]  
[REDACTED]
- KH said that the protection of rights was a key element of the peace process – including the implementation of a Bill of Rights in NI. He said the NSMC, for example, was embedded in EU processes and structures, and would be at risk without those elements – and that given the NSMC was an essential confidence-building measure of the peace agreements, this was an unacceptable risk. [REDACTED]  
[REDACTED]
- [REDACTED]. NI lacks a single equality act, so we rely on the supra-national protection of the EU Court of Justice. He was concerned that, even if the UK transposed current EU law into domestic law, government could not assure us that as human rights standards increased within the EU, the UK would maintain compliance with those.
- TGC asked SOS if he would consider a further round-table with young people. KH also said a further round-table with the rights sector would be very helpful.
- SOS thanked everyone for their contributions. He noted that a number of people had made an assumption about a hard border, and that he was optimistic that this would not be the outcome, based on the stated intention of ROI, UK and EU partners such as Malta. He also challenged the assumption that the current body of law would be watered down post EU Exit. SOS said that he would be happy to consider the representation of other sectors such as young people at further round-tables. He said that it had been a very useful discussion, and demonstrated shared objectives even if there remained some issues of disagreement. He said that if anyone had any further points of concern that they wanted to provide further detail on, that he would welcome those being sent to him to consider. SOS thanked NICVA for the use of their venue and the meeting ended.

## **Annex A: Minutes of the meetings of the Business Advisory Group**

**1 September 2016**

### **NORTHERN IRELAND BUSINESS ADVISORY GROUP FIRST MEETING**

---

**MINUTES** of a meeting of the Northern Ireland Business Advisory Group held in the Conference Room at Stormont House, Belfast  
on THURSDAY 1 SEPTEMBER at **12:00**

#### **PRESENT**

Rt Hon James Brokenshire MP  
Secretary of State for Northern Ireland  
**[Chair]**

Rt Hon David Davis MP  
Secretary of State for Exiting the European Union

Sir Jonathan Stephens KCB  
Permanent Secretary, Northern Ireland Office

David Gavaghan, Chair, CBI NI  
Angela McGowan, Director (Designate) CBI NI

Lord Caine  
Special Adviser, Northern Ireland Office

Stephen McCully, previous President, NI Chamber of Commerce  
Christopher Morrow, Head of Policy, NI Chamber of Commerce

Peter Cardwell  
Special Adviser, Northern Ireland Office

John Friel, Chairman FSB NI  
Wilfred Mitchell, Director FSB NI

Ian Sheppard, Chairman IoD NI  
Linda Brown, Director IOD NI

1. The Secretary of State welcomed the attendees. He explained that he had established the Business Advisory Group to inform his and the NIO's thinking on business and economic matters. He emphasised that the Group was not concerned only with EU exit issues. An important aspect would be considering how to sustain and grow the economy. On EU exit the Secretary of State reiterated his determination to get the best possible deal for Northern Ireland and reiterated his opposition to a hard border, which he said was not wanted by anyone, including the Irish Government. He then invited David Davis, the Secretary of State for Exiting the European Union to say a few words.
2. Mr Davis said that he had two principal tasks: to maximise the global opportunities EU exit will bring; and monitor any turbulence and react to any problems that might arise. High up his agenda was ensuring the interests of the UK nations and regions are represented – NI was the first place he had visited since being appointed. Mr Davis added that exit was a single, one-off exercise and it was essential to get it right. The Government intends to spend the next six months or so getting people's assessment of the issues.
3. The Secretary of State for NI then invited the BAG members to speak. For Ian Sheppard (IoD NI) the main issues were avoiding tariffs, the free movement of people, and retaining access to skilled workers from overseas. Already there are problems getting locally trained ICT staff, engineers, and production line staff. 44% of IoD NI members employ non-UK EU nationals. Many of the smaller company members of the IoD looked to the Republic of Ireland not only for staff, but as their main export market.
4. On behalf of CBI NI, David Gavaghan emphasised the need to have many more jobs. He said 70-80 thousand more jobs were required in the years ahead. He added that shortcomings in educational attainment, skills shortages and high energy costs all had to be tackled.
5. Angela McGowan (CBI) said that if the exit process is handled badly NI will go backwards. For her one of the main issues is that 52% of NI's exports go to the EU so more difficult access to that market would be problematic. Economic inactivity is too high, 20% of the workforce has no qualifications, there are not enough exporters, and not enough is spent on infrastructure. CBI members were also feeling the effects of the currency exchange rate, with input costs up.
6. For Angela McGowan exit was just another issue to add to the mix. There was a brain drain of young people who went to GB and did not return.
7. Wilfred Mitchell (FSB NI) said that the border issue set NI apart. He urged strong resistance to any attempt to return to a hard border. He suggested that NI's low export rate could be attributed to there being so many SMEs, many of whom were risk-averse and inexperienced at exporting. Mr Mitchell said that his members were delaying investments and plans because of the current uncertainty. He added that high energy prices were a problem. John Friel (FSB) thought that the social economy was growing, but a lot of it was reliant on EU funding.

8. The NI Chamber of Commerce representative Stephen McCully said that NI needs to be much more enterprising. He agreed that education, skills and productivity needed to improve and reflected that many issues of concern to business had nothing to do with EU exit. He thought that work on the integrated all-Ireland Single Electricity Market needed to continue as a way of driving down energy prices. In terms of business sentiment on exit, he was picking up a sense that everything would be sorted out in the end.
9. The Secretary of State concluded the meeting by thanking all those who attended. He said he would be in touch about a series of sector meetings which he or Lord Dunlop will chair.

**19 December 2016**

**Business Advisory Group, Plenary meeting – Stormont House**

19 December 2016

In attendance:

Secretary of State; Mark Larmour, Holly Clark, [REDACTED].

Roger Pollen (FSB); Ian Sheppard (IoD); Ann McGregor (NICC); Linda Brown (IoD); David Gavaghan (CBI); Angela McGowan (CBI)

- The Secretary of State welcomed everyone and thanked them for their continued engagement. He updated them on the sectoral discussions. He advised that he would like further meetings in 2017 tying into other policy areas such as the National Productivity Investment Fund and Industrial Strategy. He advised them on the recent engagement through the JMC (P) & (EN); BIPA and the BIC; as well as the bilateral engagement he has with the FM and dFM. He noted, too, the direct engagement from Whitehall Ministers in NI. He invited the group to update him on the areas of concern to their members.
- The key issues remain as they have been since June. Labour access, including applications from both high level skills areas (such in health and engineering) and lower skills; all-island food market; and energy access. The issue is now one of clarity on the negotiating position. The IoD reported that business investment confidence was declining in NI. Some businesses were now opening secondary sites in RoI (primarily agri-food) as mitigation. This obviously has a cost to business, but also represents a potential loss to NI. There were also reports of Irish companies investing in new bases in GB.
- The issue of apprenticeships was raised, specifically the levy and how this had the potential to undermine apprenticeships in NI, as there was worry that SMEs won't get access to fund them. The SoS indicated that he will encourage the NIE to use this resource to build a modern enterprise economy. He also noted that research and development was an area that he was keen to unlock funding for, linked to NPIF and IS to support growth industries. Interlocking with the NIE's work on skills and jobs was important.
- The issue of energy, specifically the N/S interconnector, remains an issue. There was a sense that work could be delayed on this for a year. The SoS assured the group that he remains alive to energy issues around capacity, the ISEM and the interconnector. He has been talking to the SoS for BEIS about this and it is an issue being taken very seriously in Whitehall.
- Digital Infrastructure and the intention for an evidence call for fibre broadband and 5G rollout was raised by the SoS. He encouraged them to engage proactively with these and with the NIE, as he was engaging with DCMS.

- Corporation Tax was raised by the FSB, specifically when the SoS will be in a position to decide if the budget process is sustainable. The SoS indicated that discussions continue with the Chief Secretary and NIE Ministers - the Executive understand the need to address the issue.
- There was a short discussion on the potential for city deals in NI, specifically Belfast, and shared desirability for such an approach. The SoS also mentioned that he had been in New York to encourage FDI. This was a mutual effort with the NIE.
- There was a general consensus that the meetings of the Business Advisory Group, in both full and sectoral forms, were good and continue support engagement with Whitehall on Northern Ireland specific issues. That this has been genuinely constructive, and that the ability to contextualise the NI position to DExEU and others has meant issue akin to NI are now up there and central in the thinking across WH.
- The SoS noted also the proactive engagement with the RoI government and the NIE which underlined the need for good clear communication between all three administrations. [REDACTED]  
[REDACTED]
- The SoS then asked for an assessment on the issue of repatriation of powers following the Great Repeal Bill. Should these powers flow directly back to devolved governments, in areas where competence was devolved; or were there areas where a UK wide framework on standards might make more sense? There was consensus that avoiding a situation where there was potential for 4 separate regulatory regimes and competition across the UK was preferable. One set of standards was seen by business to be the preferred option as it allowed for consistency of application, compliance and reduced bureaucracy.
- There was some discussion that NI might want to see consistency with existing EU standards to allow the maintenance of trade with RoI, for example. The SoS noted that that approach needed to be balanced with the UK wanting to set its own domestic policy that may benefit access to other markets. The CBI alerted the group to a report that they will publish this week. They are very keen on standards to be applicable across the board.
- In conclusion the SoS advised the group that his next steps would be to submit a formal report into Whitehall. He proposed that the next phase of engagement should focus on the emerging themes of the Industrial Strategy. The group suggested that Health and Life Sciences should also feature, as it was part of the PfG. On city deals, the SoS advised them that he has asked Lord Dunlop to investigate this issue.
- On the paper circulated for comment there was a desire to see some reworking to reflect what has been discussed, specifically the group were keen to see some contextualisation of the various sectors with the inclusion of their contribution to GVA.

**26 January 2017**

I just sat in on the Business Advisory Group and thought I would share a few points:

- Meeting was 80% EU exit focused.
- Business disappointment in PM's speech – CBI have done a survey of their members on issues raised on the speech which is pretty negative.
- Remaining in CU is vital for NI – reiterated several times.
- SoS said we may not be in 'the' CU but maybe in 'a' CU.
- SoS agreed that 'special circumstances' do apply in NI though he said he didn't like the special status/arrangements terms.
- SoS spoke about agri in detail a few times in relation to special circumstances and non-tariff barriers.

**20 February 2017**

**BUSINESS ADVISORY GROUP – 20 FEBRUARY 2017**

- The Minister welcomed everyone to the meeting, expressing how passionate he was about Northern Ireland
- Positive contribution from businesses encouraged; needed to make a success of Northern Ireland.
- The Minister noted how organisations like the Camlin Group hosts were making engineering relevant, and how important this was to making people, particularly young people, understand all of their options and enabling them to make informed choices.
- The Minister noted that he had recently been to Queen's and would welcome the opportunity to visit Ulster University.

**Political update**

- Minister reiterated to businesses the desire to see devolution work and for the NI political parties to take control, noting that the discussions with party leaders were continuing.
- Minister noted that it was important for businesses to respond formally to the Industrial Strategy and for the views of smaller businesses and organisations to be fed in; the Minister stressed the need for all voices to be heard.

**Pillar one (Investing in science, research and innovation)**

- CBI will be providing a comprehensive response to the consultation.
- There is a gap between academia and careers.
- NI needs to create an environment where the NI Economy is less publicly funded and can generate wealth.
- Minister would be happy to visit UU and happy to meet with any particular sectors following the meeting.
- CBI - the ten pillars are consistent with the CBI prosperity agenda and they liked the regional development agenda in the document. They saw this as an opportunity for NI.
- QUB - Paddy thought there needed to be an investment in young people, less investment at school age in NI than in Scotland and England. Then there is a brain drain with a significant number of young people leaving NI for university, as there aren't enough uni places, and less than 30% of those that leave returning. Very few of those come back in their thirties with relevant skills to contribute to economy as appropriate jobs aren't available. There is also a lack of investment in NI universities, and the drift and difference between them and England is increasing. QUB has lost close to 400 academic jobs.
- John (Camlin Group) - Problem starts earlier than university. In Switzerland they have an economy that is driven by high added value manufacturing and have an unemployment rate of 2%. With appropriate investment over 5 years in 100 projects he believed you could get NI unemployment to similar levels. However, there aren't enough people in NI with the right skills. In his business he has to open operations abroad to fulfil the skills he needs. There is an issue with the bright students being driven to the financial sector, law and medicine - teaching needs to attract industry. There is a need to incentivise them to do engineering, for example through reduced university fees. His type of industry was low capital investment, with the investment focussed on R&D, meaning they could be spread out further across NI.

- The need for a coherent group to offer solutions was raised, partnerships of research and innovation between universities and industry. Example of Randox match funding PhDs.
- QUB - Paddy our primary and secondary education systems are the most expensive in Europe and not dynamic enough and not focussed in the right areas. There is no continuing educational format for teachers. QUB software engineers go into some schools and help train.
- There is a political vacuum and the need for leadership. John used the example of the LA mayor who had to compete with silicon valley for tech business and has managed it by lowering taxes. The Minister thought that they needed to express these views to the NI Executive and Paddy challenged him on this saying they regularly do.
- Dale Farm - NI needs to think about what it's USPs are that UK doesn't have and focus on them. One example of this is agri-food technology. Innovation is expensive for business, there are more ideas than people or money for businesses. NI needs incentives to become a centre of excellence in 10/15 years in something that needs to be decided upon now. Government has a role in creating a supply chain of skills.

#### Pillar four (Supporting businesses to start and grow):

- Norbrook - Disappointing re: corporation tax. Need incentivisation that sits outside of devolved structures.
- Ulster bank - Enterprise and entrepreneurship strategy needed; could be established at UK level.
- NI banks are not suited to investment. People need venture capital. Businesses don't know where to get the money. The industrial strategy is heavy on finance.
- British business bank isn't very impactful in NI.

#### EU Exit:

- The Minister reported that Govt. remained in listening mode, but was keen to get Article 50 activated to enable negotiations to begin; this would bring a degree of confidence and reassurance.
- Angela McGowan reported that access to the EU was very important to businesses in Northern Ireland; PM's comments that 'no deal would be better than a bad deal' had been unsettling; Minister provided reassurance that these comments were made with upcoming negotiations in mind.
- CBI - peace process sits above the economy - there is no point worrying about the economy if the peace process fails.
- UU - 15% of staff living across the border; real issue for the university. Issue also raised about access to international students. Minister encouraged universities to write directly to him on these issues.
- The Minister assured businesses that the voice of NI would be heard throughout this Exit process.
- Norbrook - important that process moves quickly, with Govt. providing small gestures along the way that build confidence.

**4 April 2017**

**BAG core group meeting - 4<sup>th</sup> April 2:30PM**

**Attendees: SoS, [REDACTED], Dr David Dobbin, Wilfred Mitchell, Chris Morrow, Ian Sheppard, Stephen Kelly, Glyn Roberts, Colin Neil, Angela McGowan, Ian Hoy, Jonathan Guest, Frank Bryan**

- SoS opened the discussion welcoming the opportunity to meet the group and continue their conversations.
- SOS outlined the challenges presented by the lack of an executive to businesses across NI, including the importance of a devolved government with a local mandate to represent Northern Ireland on EU Exit.
- SK recognised the challenges and asked how the business community could support the talks. SoS encouraged the group to do all they could to underline the real - life issues and need for a functioning executive in place, and that a collective business voice on what is at stake was very important.

**Industrial Strategy – Pillar Two: Developing Skills**

- SoS set out that this pillar was about developing skills, technical education and STEM to have a workforce able to harness opportunities. He added that it would be good to have a view on sector-specific skills gaps, both to ensure students were well-skilled, and that retraining opportunities were available to ensure a balanced labour market.
- Colleges NI had been working with sectors to identify skills gaps and were looking to offer programmes to meet this demand, but felt that there needed to be changes to the education system to ensure parity between the academic and vocational routes.
- The proposed corporation rate was intended to attract foreign direct investment, but there needed to be investment in skills, to ensure a skilled workforce to capitalise on this.
- The NI Skills Barometer was discussed, and the need to consider how that was taken forward and delivered against.
- Issues for the Tourism sector were highlighted, with the likely creation of 30,000 more jobs in the sector by 2024. 30 Hotels were planned for construction/opening across NI, with 20 in Belfast alone. Currently 30% of those working in the sector were migrant workers, so there was a need to think carefully to mitigate any potential impact from a reduced migrant workforce.
- DEFRA had not yet published their strategy for the agri-food sector, and this was frustrating given the importance of the sector for NI.
- It was felt that Northern Ireland had a problem with youth and graduate retention - there needed to be sufficient university places to meet demand. The expansion of UU's Magee campus was noted.
- Moving to a culture of entrepreneurship was considered crucial to making the strategy work.
- Members expressed concerns around the apprenticeship levy, with some anecdotal issues around accessing vouchers, and it was suggested that the number of apprentices has decreased since its introduction. Members asked if anything could be done in terms of exemption/lifting of the levy for NI. SoS understood the concern but said HMT had been clear there would be no change on this.

- SoS drew attention to the Productivity Investment Fund, and the need to think carefully when bids emerged to ensure that Northern Ireland was fairly represented in terms of central government funding.

### **Industrial Strategy – Pillar Three: Upgrading Infrastructure**

- SoS stressed that one of the main purposes of the Industrial Strategy was to identify where gaps lay and where investment would make a difference.
- It was suggested that there was an opportunity to make Northern Ireland more attractive in terms of digital infrastructure.
- CBI reported that a recent member's survey identified the North-South interconnector project, and ensuring security of supply in the energy sector, as among the most important issues for their members; as were flight connections to GB. It was also noted that the Industrial Strategy did not reference security of supply.
- It was felt there was a real need to look at funding for upgrading the rail service between Belfast and Dublin in the medium term, and this was something that the UK and Irish Governments needed to drive as the NI Executive did not have the capacity or funding to make this happen. It was noted that the National Infrastructure Commission's report did not mention rail infrastructure.
- The GB/Ireland gas pipeline was also highlighted as a potential EU exit cross-border issue, given the ROI interest.
- Water was raised as another issue - it was felt this was an area that had been neglected and now needed a great deal of investment/capital expenditure. Potential suggestions around water charging were also discussed.
- It was agreed that there was a big opportunity for Northern Ireland, and that NI was well-suited for infrastructure development, but needed to be ready to capitalise on this.
- It was acknowledged that NI was not yet competitive in the global market. A city deal for Belfast and Derry was suggested as a potential fundamental driver; however there was a need to ensure that all areas are able to compete for foreign direct investment.
- SoS felt a city deal could be a step in bringing politics together, changing perceptions and furthering the attractiveness of NI in the global marketplace.

### **Industrial strategy – Pillar Five: Improving Procurement**

- This item was touched on quickly due to time constraints, but SoS invited members to get in touch with further thoughts.
- Defence was identified as a major industry in NI, as was renewable energy, and NI needed to be supported to be able to bid for contracts in these sectors.
- SoS said he was particularly interested to hear from SMEs, about their experience of procurement, noting the UKG ambition of increasing its procurement with SMEs by a third by 2020, and would be keen to understand how NI was placed to benefit.

**31 July 2017**

**Attendees:** SoS, David Gavaghan (CBI), Jonathan Guest (Manufacturing NI), Angela McGowan (CBI), Ann McGregor (NI Chamber), Kirsty McManus (IoD), Wilfred Mitchell (FSB), Colin Neill (Hospitality Ulster), Roger Pollen (FSB), Glyn Roberts (Retail NI), Ian Sheppard (IoD).

- SoS opened the discussion by welcoming the opportunity to meet the group and continue their conversations.

## **NI Political Situation**

- SoS provided an update on the current political situation underlining the Government's commitment to restoring devolved government. He noted the importance of business support for the restoration of an NIE, and for them to make a positive case for devolution and encourage an environment for compromise. He advised that he stood ready to take budgetary action if required and that there would be a crunch point in the autumn.
- SoS noted his recent visit to the US and the many offers of support he had received as well as potential investment opportunities.

- [REDACTED] It was noted that NI is in a state of limbo and some businesses are now saying publicly that Stormont is part of the problem (something that was previously expressed only in private). Uncertainty is now stopping economic investment.
- Members expressed support for the reestablishment of an NIE but they are now at a point where pressure needs to be applied on the parties and decisions taken. If an NIE is re-established it needs to be on a sustainable basis and there is a need to avoid a 'fudged' agreement. [REDACTED]
- The CBI noted that Brexit remains the key issue and an NI voice is urgently needed for example in relation to the impact of potential trade deals on the local agri-food sector.
- SoS noted that the only formal power he has is to call another election and that anything else would require primary legislation. He agreed that the NICS had done well in keeping things going but opportunities had been lost.
- There was wider comment on the need to move politics and society in Northern Ireland forward particularly in relation to rights issues. SoS noted that while his party is supportive of reform in many areas it is important that UKG retains neutrality in the context of the Belfast Agreement.
- The FSB asked what the implications were for the £1bn agreed as part of the confidence & supply agreement without an NIE. SoS advised that it should be for an NIE to spend.

- GR asked whether the SoS had any suggestions around a different business campaign. SoS advised that the department is giving this careful thought but that any campaign would probably need to be organic from the public.
- SoS advised that quiet engagement continued at political level. In response to a question SoS advised that the border/EU Exit was not an issue in the talks, and that there had been sufficient consensus on shared outcomes. However he noted that it provided a backdrop.

## **EU Exit - Legislative Programme**

- SoS noted the publication of the Repeal Bill which will provide the basis for a smooth and orderly exit and ensure maximum clarity. He noted that a number of pieces of legislation had been announced in the Queen's Speech.
- The Trade Bill will help to ensure an international trading framework for the UK outside of the EU. SoS noted that there is work to do on replacing the Free Trade Agreements that the UK currently benefits from through EU membership. Many of these had been secured partly through the benefits provided by the UK.
- The Customs Bill will provide the overall residual framework for a standalone UK customs regime.
- SoS referenced the Immigration Bill and the recent Migration Advisory Committee commission. He noted the policy paper on EU citizens which represented a fair and serious offer.

## **EU Exit - Negotiations**

- SoS provided an update on the EU negotiations which had been looking at how to ensure a frictionless border, the Common Travel Area, the Single Electricity Market, and Belfast Agreement implications. He noted that border arrangements would be addressed in phase two of the negotiations which would focus on the UK's future relationship with the EU. He advised that a lot of work is continuing over the summer and he hopes to see rapid progress in the 1st phase. The UKG expects to publish some papers in the coming weeks.
- There was discussion around how to ensure NI has access to the 'best and brightest' in terms of migration and that NI also needs migrants from outside the EU. SoS pointed to the recent policy paper and the MAC commission. The Immigration Bill will provide a framework to apply the MAC's recommendations. He noted that things will change post-Exit but there would be no cliff edge.
- KM asked about the recent comments from the Irish government and whether things had become more difficult. SoS advised that he knew Minister Coveney well and they had discussed Brexit. He believed the Irish were making the point that a lot of thinking is required, something which UKG has been doing, and on which they would publish a

paper soon. The Irish government are a key partner and there is a shared interest to secure solutions.

- GR asked if LCMs would be needed in relation to the various pieces of legislation. SoS advised that UKG would abide by the Sewel Convention but no part of the UK could have a veto or do anything to disrupt trade within the UK market. If there is no NIE then the LCM issue wouldn't arise. He noted detailed work is required in relation to UK frameworks.
- Angela welcomed the Chancellor's recent comments on a transition. She noted UKG's position that it did not want to damage the Irish economy but she believed the Irish economy would be damaged by Brexit, as would the UK economy. She asked what mechanisms would be put in place to allow NI to keep pace with EU regulations. She also argued that the EU would have no difficulty in getting trade deals without the UK.
- WM asked whether it would be possible to have a separate MAC commission to look at the cross-border aspect. SoS advised that the MAC has not previously looked at regional migration but there is the potential for businesses to input on particular skills shortages and issues for NI.
- There was discussion on how recent developments in relation to EU Exit showed that it is more important than ever for an NIE to input. Scepticism was expressed as to what impact business input would have. GR suggested that BAG members may want to produce something collectively. SoS agreed this would be helpful, and would equip him to go into Cabinet sub-committee meetings.

## **AOB**

- SoS closed by briefly mentioning City Deals, the Industrial Strategy, and the Shared Prosperity Fund.
- SoS looked forward to the BAG reconvening and advised he would be keen to hold some meetings with a sectoral focus, particularly on energy and agri-food. He asked to be kept informed as to any campaign activity by the group around calling for an NIE to be re-established.

**30 August 2017**

**Business Advisory Group, Wednesday 30 August 2017**

**Attendees:** Secretary of State for Northern Ireland, First Secretary of State, Glynn Roberts Retail NI, Mark Cuskeran Manufacturing NI, Christopher Morrow NI Chamber of Commerce, Angela McGowan CBI, Ian Sheppard IOD, Declan Billington NI Food, Colin Neill Hospitality Ulster, Lucy Smith Cabinet Office.

- The Secretary of State for Northern Ireland opened the meeting and welcomed the First Secretary of State. He briefly outlined the purpose of the meeting was to discuss the two papers published by the Government on Customs and on Northern Ireland/Ireland. He explained the NI/Ireland paper underlines the UKG support for the Belfast Agreement, that citizenship rights will be upheld, that PEACE funding should continue, that the Common Travel Area (CTA) should be maintained. The paper also builds on the options in the Customs paper to emphasise the UKG's determination to have no physical infrastructure at the border, that they would seek an interim period post exit which would largely maintain current practices. Energy was also highlighted as an issue of importance along with wider north/south and east/west relations. He noted that there was much shared interest with the Irish government, although there was some divergence especially in relation to goods.
- The First Secretary of State noted that the intention now was to explore the ideas with the Commission, especially the exemption for SMEs. He emphasised that the Government's desire was to see no traditional border, but there would be different administrative arrangements and he was keen to hear from business practical suggestions on how these could be implemented.
- Food NI welcomed the statements of principle, but noted that the removal of border controls was only one aspect - infrastructure was another and needed to continue on an all island basis. He suggested that the Belfast (Good Friday) Agreement could help with areas of contention. That it could be used as a 'special purpose vehicle' to run areas of difficulty through the N/S structures that were established. [REDACTED]  
[REDACTED] He noted also that the all-island economic focus was due to scale, there has had to be integration to ensure competitiveness.
- Hospitality Ulster raised the issue of future visas for EU citizens. The Secretary of State noted that in-country protections currently exist and more detail will be forthcoming when the future immigration proposals are published. Currently 100-110m people flow across UK every year, no desire to see that stop. The First Secretary of State added that the government did not want to impact on the tourist trade.
- Several members then raised the issue of migration. Some 50% of non-UK workforce in food factories, so there will be an issue with access to labour pool. There are already examples of people going home for a holiday, but not returning. [REDACTED]  
[REDACTED]

- [REDACTED] The CBI welcomed the papers but noted that they contained no solutions and this creates more business uncertainty. The opt-out suggestion for SMEs was broadly welcomed across the group.
- There then followed a general discussion on engagement with politicians in NI, given the absence of the Executive. BAG members felt that the NI was the area with the most exposure and the least influence. The First Secretary of State acknowledged he was having different engagement in Wales and Scotland, but that he could talk to business in NI. The Secretary of State said that it was important to have the Executive back in place, but that there was very close working with the NICS on a technical level across UKG Departments.
- The First Secretary of State touched briefly on the Withdrawal Bill addressing directly the accusation from Wales and Scotland that it amounted to a Westminster power grab. He told the group that this was not the case - not only would existing devolved powers continue after exit, further powers would flow to the DAs. However, in some cases protection of the UK internal market will necessitate a UK framework.
- BAG members raised concerns that the NICS as civil servants could not take decisions, but Lucy Smith reassured them that technical engagement was both necessary and welcome to give certainty of what UK law is on day one.
- There was then some discussion on the Belfast Agreement and the application of the CJEU. The Secretary of State said that the Belfast Agreement rights on Irish citizenship don't engage CJEU rights. Non-EU countries cannot remain under the CJEU jurisprudence. He went on to explain that the Government wanted to see an implementation period.
- The proposals in the two papers were to facilitate dialogue with the EU and with business across the UK. The proposals showed the UK was flexible in its approach. Enforcement was seen as an issue, but not an insurmountable one. Excise, for example, was enforced away from the border currently.
- There is also an acceptance of the EU concerns on the backdoor risk. There were ways to deal with this, such as trusted trader schemes and tracking systems.
- Manufacturing NI and the CBI noted that meeting the EU's regulatory standards would be necessary if a FTA was to be agreed. There was a concern that the burden would fall primarily on business.
- [REDACTED]  
[REDACTED]  
[REDACTED] There was a need to ensure a level playing field. The question was who would adjudicate?

- The Secretary of State noted that a dispute resolution mechanism would need to be agreed. This could be a joint ad-hoc or permanent standing arrangement. The First Secretary of State noted that the issue of enforcement and dispute resolution was forcing government to think differently and to ask why we do certain things. They would now be able to focus on solutions that work for business.
- The Secretary of State concluded the discussion by acknowledging the challenges. He pledged to work with business on transition and implementation planning, and encouraged all businesses to engage with detailed responses on the proposals outlined in the two Papers. Finally, he gave a brief political update, acknowledging that there remained differences between the parties and that the timescale for agreement was narrowing quickly. A budget would have to be passed for Northern Ireland in October. The BAG members noted that the absence of the Assembly and Executive was creating real issues - and they cited the Rates Relief for Small Businesses that had lapsed in absence of Assembly to pass a technical motion to extend it, which is required annually. The Secretary of State thanked them all for coming and urged them to keep pressure on political representatives.

## Statement of purpose

Ministry of Justice's Resourcing policy contains core principles relating to staff resourcing. This policy applies to all employees within the Ministry of Justice (excluding HMPPS – HMPPS' policy can be found on the HMPPS intranet). It replaces any policy/procedure on this issue that was in use before this date.

Before committing to fill a vacancy, it is important to consider other options such as whether the work can be redistributed or carried out in a different way in order to negate the need to recruit.

The high-level policy set out in this document is to be used in conjunction with the processes outlined for panel Members and for managers.

## Aim

To attract and retain a competent, diverse and high quality workforce that brings a mixture of skills and experience to MoJ.

## Scope

This policy applies to:

- all participants involved in the recruitment process – candidates, managers, panel members, HR Directorate and Shared Services; and
- all appointments we make for posts within Ministry of Justice, through internal, external or cross-government resourcing, to ensure that the best possible applicant is appointed.
- For SCS recruitment please see SCS recruitment guidance on the intranet.

## Principles

This policy is based on the following principles:

- The United Kingdom and European Union (EU) employment and anti-discrimination law.
- *Civil Service Nationality Rules*.
- *The Civil Service Commission Recruitment Principles*, which describe the principles of selection on merit, on the basis of fair and open competition:
  - merit means the appointment of the best available person: no one should be appointed to a job unless they are competent to do it, and the job must be offered to the person who would do it best;
  - fair means there is no bias in the assessment of candidates. Selection processes must be objective, impartial and applied consistently.
  - Open means that job opportunities must be advertised publicly and potential candidates given reasonable access to information about the job and its requirements, and about the selection process.

The Commissioners allow exceptions for certain appointments from the principle of appointment on merit through fair and open competition.

Civil Service Resourcing requirements, including the Civil Service Recruitment Framework, which sets out the required route for advertising all permanent vacancies (except top 200) within the Civil Service:

- *External recruitment*
- *Cross government recruitment (lateral or on promotion)*
- *Internal recruitment (lateral or by exception, on promotion)*

# Chapter 1: Resource planning

## Producing a resource plan

Business Groups should maintain a workforce plan which takes account of:

- current and prospective vacancies;
- current and prospective skills needs;
- their organisational development plans;
- their talent management and succession plans, which have been developed in accordance with the MoJ Talent Strategy;
- the time and activity required to fill a post.

1.2 Their resourcing activity should be based on that plan.

## Clearance process

1.3 A business case must be submitted by the recruiting manager and approval sought through the published authorisation route. The business case documentation **MUST** be attached when the campaign is created. As part of the business case, the recruiting manager should justify why it is not possible/viable to:

- restructure work to eliminate the need for the post(s);
- redistribute and re-organise resources within the Directorate to fill the vacancy;
- undertake specific and essential up-skilling of staff to fill the vacancy;
- call in staff on loan/secondment who have the right skills to meet the need or can otherwise be used to enable other staff to move;
- consult with the cross-government Redundancy and Redeployment Working Group to identify suitable candidates at risk of redundancy.

## Chapter 2: Stages of Recruitment

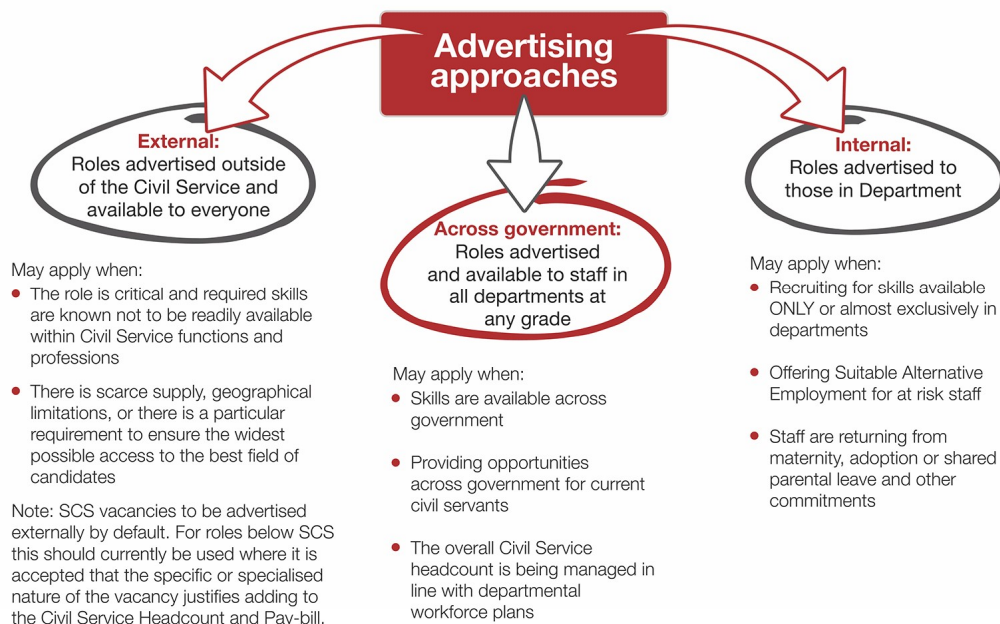

### Summary

#### Three Approaches to Recruitment

2.1 There are three approaches to recruit in MoJ – external, across government and internal.

#### **Moving into and around the Civil Service: Civil Service Recruitment Framework.**

The approach is based on the premise that activity to redeploy staff who are without roles will take place prior to advertising.

### External Recruitment

2.2 External vacancy filling means advertising across the wider labour market (all civil servants and qualifying nationals outside the Civil Service are eligible to apply in these campaigns). External recruitment means that the campaign must, as required by law, be run on merit on the basis of fair and open competition, as outlined in the Civil Service Commission's Recruitment Principles.

2.3 This is an approach that should be used by vacancy managers when for example:

- the role is critical and required skills are known not to be readily available within Civil Service departments, functions or professions; or

- there is scarce supply, geographical limitations, or, there are wider benefits to ensuring access to the broadest possible range of candidates.

2.4 This approach should be used when it is accepted that the specific nature of the vacancy justifies adding to MoJ's headcount and pay-bill.

### **Across Government Recruitment**

2.5 Across government vacancy filling involves advertising a vacancy and allowing all civil servants (or employees of NDPBs that are accredited by the Civil Service Commission) regardless of where they work to apply on a level move or promotion.

2.6 This is currently the main approach used by departments for roles outside the SCS as it:

- ensures that all Civil Service departments have access to the widest possible pool of candidates, allowing the management of overall Civil Service headcount in line with departmental workforce plans;
- enables effective movement and internal churn for the benefit of departments and professions; and
- gives staff the opportunity for a wide and varied career in a range of departments, professions or functions.

2.7 It also ensures that employees whose role is coming to an end have the widest chance to apply for roles if this is not already being managed through the Recruitment and Redeployment Working Group.

2.8 Due to commonality of geography or skill sets at certain times, departments may work together to launch campaigns amongst a group of departments.

2.9 Those on fixed-term appointments who were recruited through fair and open competition are eligible to apply for across government vacancies. The formal recruitment process must be followed.

### **Internal Recruitment**

2.10 This involves advertising or filling the vacancy within MoJ, its agencies and ALBs (that have accredited status with the Civil Service Commission) on a level move, (or in exceptional circumstances, on promotion) or via expression of interest.

2.11 Internal vacancy filling should be used mainly when it is known the skills needed only exist within MoJ and there is supply in the department at the same level or at the grade below the role has been graded.

2.12 It may also be used to meet statutory requirements or where there are employees in the department that need to be redeployed as a result of restructuring, in line with the Managing Organisational Change Framework, as identified by HR Business Partners, workforce planning leads, and the SPOC for the Recruitment and Redeployment Working Group. HRBPs and workforce planning leads wishing to access the Recruitment and Redeployment Working Group should contact the Resourcing Services Team for further information.

This would include, for example employees who:

- are at risk of redundancy
- are returning from maternity, adoption or shared parental leave
- are disabled and need to be redeployed as a reasonable adjustment under the Equality Act 2010.

It could also include:

- emergency transfers, e.g. because of domestic violence or violence in the workplace
- managed moves e.g. for employees with caring responsibilities
- supported (facilitated moves) for example, talent moves within the department.

2.13 Those on fixed-term appointments who were recruited through fair and open competition are eligible to apply. The formal recruitment process must be followed.

2.14 Where internal vacancies are offered on promotion, the business case for the approval of the vacancy must explain why it has been offered on promotion (this should be by exception when business areas restructure, as a redundancy avoidance measure).

2.15 Expressions of interest should usually be limited to lateral moves within a directorate, or within a cross-government professional group.

### **Staff at Risk of Redundancy**

2.16 As from April 2017, there is no priority stage for staff at risk of redundancy.

2.17 Vacancy managers should consult with their HR Business Partner prior to the start of their recruitment campaign.

2.18 Their HR Business Partner should contact the SPOC for the cross-government Redundancy and Redeployment Working Group via the Resourcing Services Team to ensure that staff can be redeployed using a managed move at an early stage as a redundancy mitigation measure, if no suitable alternative employment (SAE) can be found.

2.19 Staff at risk of redundancy can also apply for vacancies in the usual way.

2.20 For further details, please see Redeployment Policy and Guidance.

### **Posts offered as reasonable adjustments**

2.21 Where someone is unable to continue with their present work as a result of a disability, as defined by the Equality Act 2010, Directors and Heads of Departments must take reasonable steps to adjust that work in a way which would enable that person to continue in employment. These might include offering an alternative post for which the individual meets the relevant requirements.

2.22 See the Ability Manual and the Flexible working policy for further information.

### **Compassionate transfers**

2.23 Where someone requires a transfer on exceptional and pressing grounds, (such as caring responsibilities or a move to be nearer to family) the individual and their line manager should seek to arrange a managed move via discussion with their HR Business Partner. Staff can also apply for vacancies in the usual way. There is no priority status for compassionate transfers and staff requiring a compassionate transfer will not have access to the redeployment register. Compassionate transfer moves should take place so that the new role is at the same grade as the old role.

### **Managed moves**

2.24 A managed appointment involves the internal appointment of an existing member of staff to a post within the department without fair and open competition, in order to:

- meet operational need;
- cover project work or maternity leave;
- implement published talent management, career development and succession planning arrangements on which the relevant trades union have been consulted;
- facilitate compassionate transfers, the redeployment of staff who are without roles, and the placement of disabled staff as a reasonable adjustment.

2.25 A managed move may result in changes to pay (see Pay and Allowances Manual).

2.26 Managed moves can also take place between OGDs in certain exceptional circumstances, such as in redeployment situations and within cross-government professional groups.

## Chapter 3: Permanent Recruitment via Fair and open competition

### Merit/Reserve Lists

3.1 Merit/Reserve lists can be utilised and can be shared across the MOJ family. A merit list is valid for up to 12 months from the date the interview results are released. Contact your HR Business Partner for details of how to take part in sharing a merit list.

### Advertising a vacancy

3.2 The recruiting manager must provide a suitable job description, including details of any assessment criteria which will be used to sift. As a minimum, the vacancy will be advertised on the MoJ intranet, on Civil Service Jobs and for externally advertised posts, in Job Centre Plus.

3.3 Adverts must:

- reach a wide and diverse range of prospective applicants;
- provide an equal and reasonable opportunity for prospective applicants to become aware of vacancies;
- make it clear that vacancies are open to all candidates;
- provide the Civil Service diversity and equal opportunity statement;
- provide details of the eligibility criteria;
- identify whether the post is open to part-time working or job sharing (all posts must be open to part-time working or job sharing, except in exceptional circumstances with clear business justification);
- identify whether the job is offered on a fixed term basis (if advertised initially as short term but there is a possibility that a longer term or permanent appointment may be available then this needs to be stated in the advert);
- state whether a merit/reserve list is available and the length of this – it is advised for all vacancy managers to make use of this facility;
- identify whether, and at what level, security clearance is required for the post (BPSS pre-employment checks should be issued as standard);
- provide the benefits of the role (local and national), i.e. salary, annual leave allowance, staff restaurant on site;
- provide the terms of transfer for internally advertised posts, e.g. excess fares;
- state the nationality requirements – for example, a non-reserved post advertised externally is only open to UK nationals, European Economic Area Nationals (and certain family members) and Commonwealth citizens;

- state the closing date for receipt of applications.

3.4 Shared Services will ensure that prospective candidates are provided with information related to the post, including:

- its location;
- the selection process and whether there will be additional assessment criteria e.g. test or presentation at/prior to interview
- the eligibility and assessment requirements;
- MoJ's commitment to equal opportunities;
- the Guaranteed Interview Scheme;
- the regulatory role of the Civil Service Commissioners for external recruitment.

3.5 To be eligible for an internally advertised post, a fixed term member of staff must have been recruited through fair and open competition.

3.6 Recruiting Managers have the option to seek advice on appropriate media/networks from the HR community.

### **Fast Stream**

3.7 When creating workforce plans, managers should consider Fast Stream candidates as a potential resourcing option. Appointing Fast Stream candidates has the benefit of increasing the MoJ's diverse talent pipeline.

### **Direct Appointment Scheme**

3.8 Direct Appointees are those who have narrowly missed reaching the Fast Stream standard and who are eligible for mainstream appointments at Band D or equivalent. The direct appointee pool is only available for a limited period in the year. You should speak to your HRBP if you are interested in using this scheme.

### **Work Experience and Internship Programmes**

3.9 MoJ welcomes work experience applicants. Work experience opportunities should be advertised via fair and open competition. However, recruiting managers have discretion locally as to whether to accept requests for 1-2 weeks' work experience by school or sixth form students. Please refer to the work experience intranet page for further guidance.

3.10 MoJ takes part in formal work experience and internship programmes, for example the Summer Diversity Internship Programme, a precursor to the Fast Stream, which provides high-calibre students and graduates from diverse backgrounds with 6-9 weeks' work experience in the department. Other schemes include the Care Leavers' Scheme and the Returnships Scheme. For further information on these schemes, please speak to your HRBP.

## Re-appointment

3.11 Former civil servants who were previously appointed on merit through fair and open competition may be re-appointed (to a permanent or fixed term appointment) within a maximum of five years of leaving the Civil Service, provided that they meet the essential selection criteria for the new post and that the new post is at their previous substantive Pay Band (or lower). Individuals being re-appointed will be appointed on modernised terms and conditions although previous service can be taken into account when calculating entitlements.

3.12 Managers may reappoint employees who have left the Civil Service and who wish to return, under Exception 5 of the Civil Service Commissioner's Recruitment Principles.

3.13 Approval must be sought at Deputy Director level to ensure adequate oversight from the business area. All requests for exceptions should then be passed to the Resourcing Services Team who retain overall governance on exceptions.

## Recruitment of Justices' Clerks

3.14 The statutory requirements for the recruitment of Justices' Clerks are set out in section 27 of the *Courts Act 2003*.

## The Selection panel

### Selection panel membership

3.15 When a decision to recruit is made, the vacancy manager must identify a recruitment panel and chair. The vacancy manager will be expected to ensure that:

- the chair is at least one level above the post and preferably in the line management chain of the post;
- all panel members must have completed the 'Unconscious Bias', and 'Equality and Diversity Essentials' training available on Civil Service Learning;

all panel members are aware of equality and diversity issues, including reading the policy on equality and diversity, relevant legislation and the recruitment procedures

- The chair has received relevant training on interviewing and selecting candidates

Additionally, wherever possible:

- panel members should be diverse in terms of gender and ethnicity;
- one panel member should be from outside the team where the vacancy exists;
- the panel should consist of three people, to ensure there is sufficient opportunity for challenge between panel members;
- all panel members of the selection panel should have been trained in recruitment and selection interviewing, for example CSL's 'Interview Skills for Interviewers' course.
- assessing and scoring candidates objectively against agreed criteria; and
- questioning and listening skills.

3.16 It is the responsibility of the chair to ensure that where the third panel member has not received the recruitment training, they are briefed appropriately on recruitment and selection.

3.17 Panel members are required to declare any pre-existing relationships with candidates (e.g. if they are the candidate's line manager or a relative of the candidate) to either the panel chair or their HR Business Partner who will discuss and arrange any appropriate action to ensure the fairness and integrity of the selection process.

3.18 The chair takes overall responsibility for the panel's decision, ensuring that the selection process is fair and open; and gives constructive feedback to internal candidates who have not been offered an interview or who were unsuccessful at interview.

### Sift – Applying the selection criteria (evidencing process)

3.19 The panel member or chair must consider the evidence on the application form against the assessment criteria required for the role. Examples should describe situations where the applicant has demonstrated the requirements and stated outcome.

3.20 When conducting the sift, the panel members must:

- apply the principles of open and fair competition and selection on merit;
- consider all applicants, including any existing MoJ candidates, against the same criteria (the same criteria must be applied throughout the selection process);
- sift against the advertised minimum eligibility and assessment requirements.

3.21 MoJ operates the Guaranteed Interview Scheme (GIS) for disabled applicants. Anyone eligible for the scheme who meets the minimum requirements for a post is guaranteed an interview. Applicants must declare that they are eligible for the scheme in their initial application, in order for their application to be treated in accordance with the scheme.

3.22 The panel chair must ensure that the individual and collective marks of each sift are evidenced and the collective sift outcome recorded.

3.23 Where appropriate candidates are asked to complete a questionnaire that tests the behaviours underpinning the core assessment requirements at this level.

3.24 Vacancy managers may sift on a 'lead criteria' in a large campaign. When advertising a role, the lead criteria will be the first listed on the job advert.

## **Interviews and selection**

### **Preparation**

3.25 Prior to the interview or selection event:

- the panel members must agree a system for assessing and scoring candidates against the advertised assessment criteria;
- the panel chair must identify and make any reasonable adjustments that might be needed to accommodate disabled applicants.

### **Assessment**

3.26 Each panel member must then assess each applicant independently against the advertised assessment criteria.

3.27 Recruiting managers must ensure that in the absence of formal qualifications that they test the experience level at interview.

### **Selection**

3.28 Once the interviews are concluded, the panel chair must ensure the panel produces:

- individual and collective assessments/scores for each candidate;
- an order of merit;

- an indication of whether each candidate is considered suitable for inclusion on a reserve/merit list.

3.29 The final authority for selection is with the panel chair.

3.30 The panel can create a reserve/merit list (recommended). If a selected candidate subsequently withdraws or is de-selected (e.g. as a result of vetting checks) before taking up the post and the vacancy manager wants to utilise a merit list, the highest ranking suitable candidate on that list must be offered the post. This merit list can be shared with other vacancy managers who are recruiting for similar roles that utilise the same requirements. For further information please speak with your Resourcing Account Manager.

3.31 Advice must be sought as to reasonable adjustments that could be made when a disabled applicant is the best candidate.

3.32 All records of the interview and selection process should be held by the recruiting manager for a period of 24 months, in case they are required for audit purposes. Arrangements should be made for other colleagues to hold the data if the recruiting manager leaves the department before the 24-month period expires.

## **Expenses**

3.33 Staff may be entitled to claim some or all of their extra costs in accordance with the rules set out in the Travel and Subsistence policy when attending an interview within MoJ; or at another Department/Agency in connection with an application for a transfer (unless they have been told that they are required to travel at their own expense).

## Chapter 4: Alternative resourcing options: filling temporary vacancies

### Introduction

4.1 In addition to the principles and requirements set out in *chapter 3*, additional requirements apply when temporary vacancies are filled through fair and open competition; by use of either an internal loan, or the external recruitment of fixed term or casual staff.

### Fixed term appointment via a fair and open competition

4.2 Fixed term appointments are temporary appointments to meet short-term needs such as to cover short term gaps or provide relevant expertise for a defined piece of work/project. Exceptionally, line managers may extend fixed term appointments up to four years; however, they must bear in mind that full employment rights are acquired after 51 weeks.

4.3 When advertising a fixed term appointment, it must be made clear that the position is for a time-limited period only; this should be reiterated during interviews.

4.4 Further guidance can be found on the Fixed Term Appointments (or Contracts) page on the intranet.

4.5 The standard fair and open recruitment and appointment processes must be followed.

### Loans and Secondments

#### Definition

4.6 The Ministry of Justice recognises the importance of developing and enhancing the skills of its employees. It also recognises that it is not always possible to develop an employee's skills within their normal place of work. Secondments and loans offer employees the opportunity for career development and allow MoJ to develop its skills base.

#### Loans

4.7 A loan happens when an employee transfers between MoJ and another government department for a set period of time. The employee moves onto the host department's payroll and terms and conditions where a loan takes place for 6 months or more. Loaned employees are subject to the host department's policies and performance management system. Where Non-Departmental Public Bodies and other Arm's Length Bodies are closely aligned to Civil Service Terms and Conditions and have Civil Service Pension arrangements, loans can also apply.

#### Secondments

4.8 A secondment happens when an employee transfers between MoJ and an organisation external to the Civil Service. The employee remains on the home department or organisation's payroll and terms and conditions and is subject to the home department or organisation's policies and performance management system. Salary costs are reimbursed to MoJ or the home organisation.

## **Standards for Promotion**

4.9 Where individuals are on long term loan to another department and are successful in a fair and open promotion exercise, the promotion will be permanent unless specifically agreed beforehand by all parties. Where permanent transfer to the host department is not possible, for example, where a department's workforce strategy relies on the use of loans, the loan remains in place at the higher grade, and is honoured by the home department on return unless specifically agreed beforehand

4.10 Both the home department and host department must be involved in the promotion decision. In Departments where individuals are already out on loan these cases will need to be managed by exception, taking into account the individual circumstances in line with the corporate approach.

4.11 Please refer to the Loans and Secondments policy and guidance for further information.

## **Exceptions to fair and open**

4.12 Where possible, vacancies should be filled through recruitment based on fair and open competition. However, there are some exceptional circumstances where it is not relevant/possible to do so:

- Internally – through temporary responsibility, or through managed appointments.
- Externally – by using one of the exceptions to fair and open competition which are permitted by the Civil Service Commissioners.

## **Detached Duty**

4.13 Detached duty is a short term posting to another location within the wider MoJ for up to a maximum of two years. Line managers must take decisions on temporary moves in an open and objectively defensible manner, based on an assessment of suitability for the post in question. The process for determining this is decided locally. Staff will need to return to their business area at the end of the Detached Duty.

## **Fixed term not through fair and open competition**

4.14 Short term appointments, up to a maximum of two years, provide managers with the flexibility to meet short-term needs (not a permanent vacancy), and enable MoJ to appoint individuals who are eligible for support under government programmes to assist the unemployed. Any proposal to extend an appointment made under this exception beyond two years requires the approval of the Civil Service Commissioners and should be discussed with the business area's HR Business Partner and the Resourcing Services team.

4.15 If it is envisaged that the appointment will last more than 51 weeks, this process should not be used, a fair and open campaign must be run to support the appointment.

4.16 Recruiting Managers must bear in mind that after 2 years' service the employee acquires full employment rights. Managers may wish to consult their HRBP to discuss the risks.

4.17 Fixed Term staff not employed through fair and open recruitment are not eligible to apply for roles advertised using the internal or across government recruitment approaches.

4.18 Recruiting Managers must ensure that pre-employment checks are concluded before the applicant commences in post.

### **Apprenticeships**

4.19 An apprenticeship is a programme of learning delivered by a registered training provider as part of a learner's development. An apprenticeship programme has a specific structure which is protected in law. Learners undertaking an apprenticeship programme can be new or existing members of staff, permanent or fixed term, with a contract of employment which covers the time period outlined within the apprenticeship standard.

4.20 Staff undertaking an apprenticeship programme will remain on their existing contractual terms and conditions with an additional requirement to complete an apprenticeship agreement for the duration of their apprenticeship programme. Further information on Apprenticeships can be found [here](#).

### **Placements**

4.21 A placement is where employment is offered on a temporary basis, as part of a training and development scheme.

4.22 Those on placement will usually be treated on the same basis as fixed term staff on a short-term contract during this period and will not be eligible to apply for vacancies advertised using the internal or across government recruitment approaches.

## **Chapter 5: Non-employed workers: fee-paid workers, temporary agency workers, contractors and consultants**

5.1 Where there are internal and external recruitment difficulties, skills needs, or time constraints managers may need to consider the engagement of Professional Services through external resourcing.

5.2 It is important that when engaging professional services, that managers consider the implications and management requirements to avoid the accrual of employment rights and any associated financial risks.

5.3 The different types of external resourcing that may be considered, depending on the skills or services required are as follows.

### **Fee-paid workers**

5.4 Fee-paid workers can be employed at short notice to work for short periods at irregular intervals. These arrangements can be used to cover late notified sick absences or ad hoc situations that have an adverse impact on the availability of permanent employees.

5.5 Fee-paid workers should only be used where there is an immediate short-term need that cannot be filled through normal recruitment, when no alternative employees are available and it is inappropriate to use an agency worker.

5.6 Examples of this type of contract include Short Notice Clerks in the Tribunal Service and Daily Paid Legal Advisers in HMCTS. For operational purposes, fee-paid workers should be used for full days only.

5.7 It is important that fee-paid workers must not be offered work for a period of more than three months or on a regular basis where a pattern of employment could be interpreted.

5.8 Refer to the Fee Paid Workers policy for further information.

5.9 Recruiting managers must ensure that pre-employment checks are concluded before the fee-paid worker commences in post.

### **Agency workers**

5.10 The underlying recruitment principle is that managers should only use agency workers if they cannot fill the temporary administrative or clerical post from:

- MoJ and Civil Service staff who are at risk of redundancy;
- An across-government recruitment campaign.

5.11 However, there may be circumstances (e.g. organisational change) where it is not appropriate to fill posts on a permanent basis.

5.12 Agency workers are supplied by an 'employment agency' or by an 'employment business'. These workers are employees of the agency temporarily assigned to a client end-user who may be a

'client employer' – Ministry of Justice. The agency or principal is deemed to be the employer depending on who is responsible for paying the worker.

5.13 Managers must ensure they use the approved MoJ agencies.

5.14 Recruiting Managers must ensure that pre-employment checks are concluded before the agency member of staff commences in post.

5.15 Refer to the Agency Staff pages on the Intranet.

### **Contractors and interims**

5.16 Contractors and Interims provide temporary management resource and/or skills where permanent staff may be unnecessary or impossible to find at short notice and no suitable internal resource is available. They are widely used to cover staff vacancies and 'business-as-usual' activity.

5.17 The Commercial and Contract Management Directorate should be approached and involved from the very outset, i.e. when a manager first identifies the requirement and before they approach any potential suppliers. Information about the Procurement Team can be found on the intranet.

5.18 It excludes the provision of administrative and secretarial services and outsourced services such as cleaning, security guarding, IT and payroll.

5.19 Recruiting Managers must ensure that pre-employment checks are concluded before the contractor/interim commences in post.

5.20 Refer to the Commercial and Contract Management intranet pages for further information.

### **Consultants**

5.21 The provision to management of objective advice relating to strategy, structure, management or operations of an organisation in pursuit of its purposes and objectives. Such advice will be provided outside the 'business-as-usual' environment when in-house skills are not available and will be time-limited. Consultancy may include the identification of options with recommendations, or assistance with (but not the delivery of) the implementation solutions.

5.22 Recruiting Managers must ensure that pre-employment checks are concluded before the consultant commences in post.

5.23 Refer to the Commercial and Contract Management intranet pages for further information.

## Chapter 6: Appointment

### Pre-employment checks

6.1 All new entrants to the Civil Service including temporary staff and contractors must meet the HMG Baseline Personnel Security Standard (BPSS).

6.2 The BPSS comprises verification of the following four elements, which are described below:

- Identity;
- Nationality and Immigration Status (including an entitlement to undertake the work in question);
- Employment History (past three years);
- Criminal Record (unspent convictions only). MoJ obtains this information through Ucheck

6.3 Additionally, individuals are required to give a reasonable account of any significant periods (six months or more in the past three years) of time spent abroad. Refusal by the individual to provide any of the required information should be taken into account in the employment decision.

6.4 For posts which require additional security checks, such as DBS, CTC/SC/DV, these must be undertaken before the applicant takes up post. In exceptional circumstances, managers may seek approval from HR Resourcing for a conditional appointment pending completion of these checks. This must involve a risk assessment of whether the individual's access to sensitive assets or information can be managed pending clearance. In all cases, the standard BPSS checks must have been completed before the individual takes up post. For requirements relating to transfers from OGDs, please see the security vetting pages on the intranet.

6.5 Refer to the *Policy and Arrangements for Applying Criminal Records Checks* for further information regarding the application of criminal records checks.

### Internal release dates

6.6 The release date should normally be a maximum of six weeks from when the candidates have been notified that they were successful.

### Post appointment actions

6.7 Recruiting managers must ensure new employees undertake the induction activities specified on the Induction intranet pages.

## Chapter 7: Monitoring

7.1 The implementation, monitoring and development of this policy will be supported by guidance/procedures published and made available to all employees.

7.2 The policy will be reviewed periodically to reflect changes in legislation and all Civil Service codes of practice.

### General Data Protection Regulation

7.3 On Friday 25 May, the new data protection laws came into force. The laws apply to 'personal data'. This is data which relates to a living individual who can be identified from it, or from piecing it together with other information already in the department's possession or that is likely to come into the department's possession. It also includes any view or opinion about the individual and any indication of intentions towards them.

7.4 The laws provide individuals with greater transparency rights over their personal data and requires us to protect individuals' privacy. They also enhance the powers of the regulator, the Information Commissioner's Office (ICO): fines for serious breaches may now be up to 20m Euros.

7.5 At the end of a recruitment campaign, recruiting managers must keep all relevant paperwork for at least 24 months. During this period, candidates (successful and unsuccessful) can make a request under the GDPR to have access to the records and any other documents that relates to their participation in the recruitment process.

7.6 In the event of a dispute going to an Employment Tribunal, all recruitment records will be disclosed to those involved.

7.7 Therefore, panel members must ensure that all comments recorded must specifically relate to the criteria identified on the record sheets and must not contain comments on an individual's personality, appearance or any other irrelevant factor.

***“Under the Freedom of Information, I request:***

***All articles on your departmental intranet system from 1st January 2020 relating to Universal Credit, Asylum Seekers and Black Lives Matter.***

***In addition, I also request all comments in the comments section relating to said articles.”***

**We have conducted a thorough search of our records and found the following intranet article with relation to Black Lives Matter, which was posted on the 8 June 2020 and reads:**

*Starting with the world around us: I was in London last week. As I came out of the building, the Black Lives Matter march was progressing peacefully down Whitehall. There was a palpable and understandable sense of anger and frustration in the marchers, who came from all backgrounds and all walks of life. Frustration at the appalling events in the US; frustration that the covid virus which has impacted so many lives has – for reasons the scientists are still seeking to fathom – hit harder at those from BAME backgrounds.*

*As a department, as a civil service and as human beings, we all have a duty to support all colleagues and to address injustice and inequality wherever we see it. I know that actions speak louder than words. We are committed to making the NIO inclusive and representative in line with our values – I know there is more to be done on this.*

On the 16<sup>th</sup> June, our internal Diversity & Inclusion Network posted additional information, resources and support for NIO staff that require support during these difficult time. The article is as follows:

*We have all had to take a moment to absorb the distressing and truly awful recent events in the US that led to the tragic death of George Floyd. These events have had a significant and distressing impact on our BAME communities and colleagues, and brought into stark focus the persistent presence and impact of racism in our global society.*

*This coupled with recent events on the disproportionate impact that Covid-19 has had, and continues to have, on BAME groups have heightened the strain currently being faced by the BAME community.*

*The Diversity and Inclusion Network, headed by [REDACTED] would like to take this opportunity to offer our support to all of our BAME staff during this difficult time. We have been focusing on championing a better work environment and working lives, ensuring diversity and inclusion remains uppermost in everyone's minds and making sure the department is inclusive and representative in line with our values – but there's still a way to go.*

*As the D&I network we are keen to work together to build responses that are long-lasting and impactful. We have already identified a number of issues where we are keen to improve our approach around staff recruitment, retention and career progression of BAME staff, but we are keen to hear your thoughts to find out how we can do more to support you.*

*The last few weeks have shown how important it is to open up the conversation further about the change we wish to see. We want to work closely with staff, and use the D&I Network platform to create a 'safe space' for discussion about race and equality to ensure the NIO is an organisation that welcomes and represents all.*

*These conversations have already started. SLT have been reaching out to BAME colleagues in their teams to listen to any concerns and provide support. Madeleine also held a staff session recently to listen to views and experiences. It was a really useful discussion and well received by those who participated in it. There were a number of emerging actions from that discussion that are being developed further and will form part of an action plan.*

*Creating a safe space is key to facilitating healthy conversations around issues like unconscious bias, for example. People need to feel that they can share their personal truth and real experiences without backlash or judgment. The richness of conversations that flow from this safe and trusted environment can inspire teachable and learning moments. The rest is a journey.*

*If you are interested in getting involved in the D&I network, sharing your thoughts and ideas on what more the department or network can do to support you, then please email [REDACTED] for more information on the D&I Network please visit the intranet.*

*It is the responsibility of all of us, no matter what our ethnicity, race or religion, to work together to understand how best to work to address injustice and inequality wherever we see it. Each one of us, at every level of this department, can take a decision to act inclusively in the spirit of our values, to help ensure that we create an environment where everyone can bring their true selves to work everyday and flourish. By taking personal responsibility for the behaviours we value and reward, by the way we treat others, and by the networks we build up and move within, we can make a difference.*

## HOW YOU CAN BECOME A SUPPORTIVE ALLY

*The cross-Whitehall Civil Service Race Forum (CSRF) has come up with the following tips on what we can do to help support our BAME colleagues and become supportive allies. There are further tips on how to be a good ally in the anti-racism resources listed below:*

*Read and educate yourself – educating yourself about the challenges faced by BAME colleagues and friends, requires active listening, engagement and curiosity. There are plenty of resources being circulated on Twitter, LinkedIn and Instagram at the moment, and the CSRF have signposted the following anti-racism resources (Annex A) that you may find beneficial.*

*Amplify – amplifying the voices of BAME colleagues, by providing platforms to demonstrate support and advocate change. You may never share their experiences, but you can use your relative privilege as someone who does not experience racism or who may experience racism differently to make sure BAME voices are heard.*

*Challenge – call out inequality, mistreatment and ignorance wherever and whenever we see it and be introspective – is there more you can do personally to challenge your unconscious bias?*

*Check in on people – right now colleagues need support more than ever, particularly whilst we are all working from home. Even if they seem okay during video calls, [they may be experiencing a range of emotions behind the scenes](#). Use your regular team meetings, coffee breaks organised by several networks as a safe place to see how people are really feeling. And then make sure we continue this going forward, so it remains ingrained in our culture.*

*Donate and Support BAME Educators – there are numerous grassroots organisations which are active in fighting against racism and donating is a tangible way to make an impact. Subscribing and donating to BAME educators helps to recognise and sustain the hard work that goes into developing their anti-racism resources. Making a conscious effort to support BAME businesses will also make a big impact, given the disproportionate economic impact of Covid-19 on the BAME business community.*

If for whatever reason you are aware of correspondence and communications between the aforementioned individuals which was sent/received outside the stated time period can you let me know of the relevant dates and I will submit a new request. If the department holds information on behalf of a predecessor department I would be grateful if you could provide that information.

Please note that I am only interested in correspondence and communications which specifically mention the society heiress Ghislaine Maxwell by name. I am interested in receiving all correspondence and communication no matter how it relates to Ms Maxwell.

Please note that neither the Duke and Duchess of York has any official role or a programme of official duties. It therefore follows that disclosure of documents will not have any toxic effect on their roles/duties.

1...During the aforementioned period did the Duke and Duchess of York (acting individually or as a couple) write to or communicate with the Secretary of State and did they refer to Ghislaine Maxwell in that correspondence and communication.

| RR2088 | 30/06/20 | Redacted | <p>I am a journalist, who is making the following request under the Freedom of Information Act. I have submitted my FOI request to both the Ministry of Justice and the Home Office because I believe there is a great deal of overlap and I will leave it to you to decide which department deals with my request.</p> <p>I wish to know the following:</p> <p>1 - How many foreign nationals are serving life sentences for murder (or manslaughter) or terrorist offences in UK prisons?</p> <p>2 - Since 2000 how many foreign nationals serving life sentences (or intermediate sentences for public protection) have been transferred from UK prisons - under Prisoner Transfer Agreements - to their home countries?</p> <p>3 - How many of these foreign nationals have subsequently been released by their home countries?</p> <p>4 - How many foreign nationals (or British nationals of Albanian origin) in UK prisons have been transferred to serve the remainder of their sentences (for any offence) in Albania?</p> <p>5 - In 2008 Hekuran Billa (aka Herland Bilali) was jailed for life with a minimum tariff of 34 years for a murder committed in London. In 2016 he was sent back to his native Albania under a Prisoner Transfer Agreement to complete the remainder of his sentence. In 2019 he was released by an Albanian judge and in June 2020 he was murdered in Tirana. Can you confirm that the Ministry of Justice and/or Home Office were not notified by Albania of the decision to release him?</p> <p>6 - Have there been other occasions where the Ministry of Justice and/or Home Office have learned that a prisoner sent back to their home country on a Prisoner Transfer Agreement was released without agreement of the UK government?</p> <p>7 - Since 2000, how many UK nationals have been transferred from abroad - under Prisoner Transfer Agreements - to complete their sentences in UK prisons?</p> <p>8 - Have any of those UK nationals been subsequently released?</p> | MOJ<br>HO                                        | 28/07/20 |

| RR2057 | 29/05/20 | Redacted | <p>Dominic Cummings has been a victim of persecution and did not break the law by travelling to Durham with his family, the Cabinet was told on Monday.</p> <p>Suella Braverman, the Government's chief legal adviser, said there had been no legal breaches by Mr Cummings despite his travelling 264 miles with his wife and four-year-old child to his parents' farm in Durham at the end of March at the height of the Government's lockdown. "No laws have been broken," she told ministers, adding that the Cabinet should back Mr. Cummings, Boris Johnson's senior adviser.</p> <p>Please state whether the Attorney General's Office holds any of the following information. If so, please provide a copy.</p> <p>1. Any record of whether Suella Braverman has at any time given any advice (including, but not confined to, advice given to the Cabinet) as to whether any conduct by Dominic Cummings in March or April 2020 constituted: (i) a breach of the Health Protection (Coronavirus, Restrictions) (England) Regulations 2020; or (ii) a breach of any Government guidance as to how individuals should behave during the emergency period referred to in those Regulations.</p> <p>2. Any record of the content of any such advice as is referred to in question 1 above.</p> <p>3. Any record of whether any such advice as is referred to in question 1 above was given on the basis of factual information provided by Dominic Cummings for the purpose of enabling Suella Braverman to give such advice.</p> <p>4. Any record of the content of any such factual information as is referred to in question 1 above.</p> | AGO<br>CO | 24/06/20 |

| RR2056 | 03/06/20 | Redacted | <p>I would like to request the following information under the Freedom of Information Act and the Environmental Information Regulations. I understand my request will take 20 working days to process but I would be grateful if you could acknowledge receipt via Redacted</p> <p>Please note that I am only interested in information generated between 8 June 1999 and 8 June 2000.</p> <p>Please note that the reference to HRH The Prince of Wales in the questions below should include the Prince himself, his Principal Private Secretary (ies), any other private secretary and anyone in his private office able to correspond on his behalf.</p> <p>Please note that the reference to John Prescott should include Mr Prescott himself, his Principal Private Secretary (ies), any other private secretaries and anyone in his private office able to correspond on his behalf. I note that during this period Mr Prescott held a number of different posts including that of Deputy Prime Minister and Secretary of State for Environment, Transport and the regions. I will be submitting an identical request to Defra and the Department for Transport but I would understand if the Cabinet Office wanted to assume overall responsibility for the request.</p> <p>Please note that the reference to correspondence and communications in the questions below should include all traditional forms of correspondence and communications including letters and faxes, all emails irrespective of whether they were sent through official and private accounts and all messages sent through encrypted messaging services.</p> <p>My request has been inspired by the revelation in Tony Blair's 2010 biography that HRH and Mr Prescott corresponded 'regularly' on rural matters.</p> <p>I have confined the request to a particular time frame to ensure it stays within the time and cost limits laid down both by the Act and the EIRs. But if you are aware of relevant correspondence existing outside this time frame can you let me know and I will submit a new request for information.</p> | CO<br>DFT | 09/06/20 |

| RR2055 | 03/06/20 | Redacted | <p>I am currently embarking on a research project around Cyber Security and was hoping you could provide me with some contract information relating to following information:<br/>You may have received the same request in the past and this information sent has now expired and I require an update as soon as possible for the following information:</p> <ol style="list-style-type: none"> <li>1. Standard Firewall (Network) - Firewall service protects your corporate Network from unauthorised access and other Internet security threats</li> <li>2. Anti-virus Software Application - Anti-virus software is a program or set of programs that are designed to prevent, search for, detect, and remove software viruses, and other malicious software like worms, trojans, adware, and more.</li> <li>3. Microsoft Enterprise Agreement - is a volume licensing package offered by Microsoft.</li> </ol> <p>The information I require is around the procurement side and we do not require any specifics (serial numbers, models, location) that could bring threat/harm to the organisation. For each of the different types of cyber security services can you please provide me with:</p> <ol style="list-style-type: none"> <li>1. Who is the existing supplier for this contract?</li> <li>2. What does the organisation annual spend for each of contract?</li> <li>3. What is the description of the services provided for each contract? Please do not just state firewall.</li> <li>4. | RR2044 | 27/05/20 | Redacted | <p>Palantir Technologies is an approved government Digital Marketplace vendor in the United Kingdom (appearing as a “List X Contractor” for the Cabinet Office), known to have delivered data analytics products to a number of UK government bodies, totalling contract values of £39m (<a href="https://bit.ly/2AVZX4w">https://bit.ly/2AVZX4w</a>). Despite Palantir’s position as a significant government contractor, there is currently little transparency over how widely Palantir products and services are used across the government.</p> <p>Under the Freedom of Information Act 2000, I am seeking access to the following information:</p> <p>1) Are you currently, piloting, or using any products developed by Palantir? If yes, could you list which ones?</p> <p>2) Has Palantir facilitated any projects between UK universities and DfE?</p> <p>**If it is not possible to provide the information requested due to the information exceeding the cost of compliance limits identified in Section 12 of FOIA, please provide advice and assistance, under the Section 16 obligations of FOIA, as to how to refine this request. We would be grateful for any advice and assistance.</p> | DfE<br>HO | 27/06/20 |

| RR2037 | 21/05/20 | Redacted | <p>I understand that a number of payments were made to NEGC Ltd (North Essex Communities Ltd) which was set up in 2017 and is owned by Braintree District Council, Colchester Borough Council, Tendring District Council and Essex County Council as a means to take forward proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> <p>Someone should have at least waited until the project had been through the proper process,</p> | HMT<br>MHCLG<br>VOA | 19/06/20 |

|  |  |  | <p>Ghislaine Maxwell by name. I am interested in receiving all correspondence and communication no matter how it relates to Ms Maxwell.</p> <p>Please note that neither the Duke and Duchess of York has any official role or a programme of official duties. It therefore follows that disclosure of documents will not have any toxic effect on their roles/duties.</p> <p>1...During the aforementioned period did the Duke and Duchess of York (acting individually or as a couple) write to or communicate with the Secretary of State and did they refer to Ghislaine Maxwell in that correspondence and communication.</p> <p>2...If the answer to question one is yes can you please provide copies of the correspondence and communication.</p> <p>3...During the aforementioned period did the Secretary of State write to either or both the Duke and Duchess of York and did he or she refer to Ghislaine Maxwell in that correspondence and communications.</p> <p>4...If the answer to question three is yes can you please provide copies of the correspondence and communications.</p> <p>5...Can you please let me know if any relevant correspondence and communications have - for whatever reason - been destroyed. In the case of each piece of destroyed correspondence and communication can you state when it was destroyed and why. In the case of each piece of destroyed correspondence and communication</p> |  |  |  |

| RR2088 | 30/06/20 | Redacted | <p>I am a journalist, who is making the following request under the Freedom of Information Act. I have submitted my FOI request to both the Ministry of Justice and the Home Office because I believe there is a great deal of overlap and I will leave it to you to decide which department deals with my request.</p> <p>I wish to know the following:</p> <p>1 - How many foreign nationals are serving life sentences for murder (or manslaughter) or terrorist offences in UK prisons?</p> <p>2 - Since 2000 how many foreign nationals serving life sentences (or intermediate sentences for public protection) have been transferred from UK prisons - under Prisoner Transfer Agreements - to their home countries?</p> <p>3 - How many of these foreign nationals have subsequently been released by their home countries?</p> <p>4 - How many foreign nationals (or British nationals of Albanian origin) in UK prisons have been transferred to serve the remainder of their sentences (for any offence) in Albania?</p> <p>5 - In 2008 Hekuran Billa (aka Herland Bilali) was jailed for life with a minimum tariff of 34 years for a murder committed in London. In 2016 he was sent back to his native Albania under a Prisoner Transfer Agreement to complete the remainder of his sentence. In 2019 he was released by an Albanian judge and in June 2020 he was murdered in Tirana. Can you</p> | MOJ<br>HO | 28/07/20 | Redacted |

"If, exceptionally, HMRC are unable to agree the amount to be paid under this voluntary agreement, the Chancellor of the Exchequer shall decide the point at issue, on a joint submission from HMRC and representatives of The Queen or The Prince of Wales."

Please may I be provided with:

1) The total number of times any Chancellor has been required to resolve such a disagreement involving the Queen since the drafting of the Memorandum.

2) The total number of times any Chancellor has been required to resolve such a disagreement involving the Prince of Wales since the drafting of the Memorandum.

N.B. Please do not provide the details of any individual communications with the Royal Household or of the individual disputes. I am only requesting the aggregate number of times the Chancellor has acted in accordance with Paragraph A.25.

Please note that the reference to John Prescott should include Mr Prescott himself, his Principal Private Secretary (ies), any other private secretaries and anyone in his private office able to correspond on his behalf. I note that during this period Mr Prescott held a number of different posts including that of Deputy Prime Minister and Secretary of State for Environment, Transport and the regions. I will be submitting an identical request to Defra and the Department for Transport but I would understand if the Cabinet Office wanted to assume overall responsibility for the request.

Please note that the reference to correspondence and communications in the questions below should include all traditional forms of correspondence and communications including letters and faxes, all emails irrespective of whether they were sent through official and private accounts and all messages sent through encrypted messaging services.

My request has been inspired by the revelation in Tony Blair's 2010 biography that HRH and Mr Prescott corresponded 'regularly' on rural matters.

I have confined the request to a particular time frame to ensure it stays within the time and cost limits laid down both by the Act and the EIRs. But if you are aware of relevant correspondence existing outside this time frame can you let me know and I will submit a new request for information.

| RR2040 | 22/05/20 | Redacted | <p>How much public money is spent and/or allocated by the government to be spent on the UK government's social media advertising? An example of such an advert would be the current UK government sponsored posts on Facebook about the pandemic.</p> <p>If possible, please provide a yearly and monthly breakdown on how much money is spent by the government on the major social media platforms such as Facebook and Twitter etc., the source of those monies, and the official purposes for approving those expenditures.</p> <p>Please also provide details of any kind of 'humanitarian' discount or deal offered or made with social media platforms in relation to the current pandemic, for example a lesser rate of advertising costs because of the severity of the situation.</p> | HMT | 22/06/20 | Redacted |

|  |  | <p>proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> <p>Someone should have at least waited until the project had been through the proper process, and I would urge the Public Accounts Select Committee to ask how many other such projects, they are attempting to fund, outside of a Local Plan, and how much other Public Money they have spent on speculative projects like this, especially if there is no agreement to get it back!</p> |  |  |  |

| RR2034 | 18/05/20 | Redacted | <p>I was recently reading your most recent annual report (2018 – 2019) and was interested by the progress in GHG emission reduction and energy reduction. The report explained that reduction in energy use by the organisation was in part down to improvements to IT Systems. I was therefore looking to find out what these improvements were and their contracts. I have outlined a list below of the information I am looking for. A list of all live and closed contracts for Department of Education IT Systems improvements that were specifically for reducing energy/GHG use and increasing sustainability for the department in line with the Greening Government Commitments including:- Contract Title Supplier Current Contract Manager Total Contract Value Total Spend to Date Competitive/Non-competitive SME Indicator A list of key</p> | DFE<br>HMRC<br>FCO<br>MOJ<br>HO | 16/06/20 | Redacted |

deals with my request.

I wish to know the following:

1 - How many foreign nationals are serving life sentences for murder (or manslaughter) or terrorist offences in UK prisons?

2 - Since 2000 how many foreign nationals serving life sentences (or intermediate sentences for public protection) have been transferred from UK prisons - under Prisoner Transfer Agreements - to their home countries?

3 - How many of these foreign nationals have subsequently been released by their home countries?

4 - How many foreign nationals (or British nationals of Albanian origin) in UK prisons have been transferred to serve the remainder of their sentences (for any offence) in Albania?

5 - In 2008 Hekuran Billa (aka Herland Bilali) was jailed for life with a minimum tariff of 34 years for a murder committed in London. In 2016 he was sent back to his native Albania under a Prisoner Transfer Agreement to complete the remainder of his sentence. In 2019 he was released by an Albanian judge and in June 2020 he was murdered in Tirana. Can you confirm that the Ministry of Justice and/or Home Office were not notified by Albania of the decision to release him?

6 - Have there been other occasions where the Ministry of Justice and/or Home Office have learned that a prisoner sent back to their home country on a Prisoner Transfer Agreement was released without agreement of the UK government?

7 - Since 2000, how many UK nationals have been transferred from abroad - under Prisoner Transfer Agreements - to complete their sentences in UK prisons?

8 - Have any of those UK nationals been subsequently released?

Please note that the reference to HRH The Prince of Wales in the questions below should include the Prince himself, his Principal Private Secretary (ies), any other private secretary and anyone in his private office able to correspond on his behalf.

Please note that the reference to John Prescott should include Mr Prescott himself, his Principal Private Secretary (ies), any other private secretaries and anyone in his private office able to correspond on his behalf. I note that during this period Mr Prescott held a number of different posts including that of Deputy Prime Minister and Secretary of State for Environment, Transport and the regions. I will be submitting an identical request to Defra and the Department for Transport but I would understand if the Cabinet Office wanted to assume overall responsibility for the request.

Please note that the reference to correspondence and communications in the questions below should include all traditional forms of correspondence and communications including letters and faxes, all emails irrespective of whether they were sent through official and private accounts and all messages sent through encrypted messaging services.

My request has been inspired by the revelation in Tony Blair's 2010 biography that HRH and Mr Prescott corresponded 'regularly' on rural matters.

I have confined the request to a particular time frame to ensure it stays within the time and cost limits laid down both by the Act and the EIRs. But if you are aware of relevant correspondence existing outside this time frame can you let me

| RR2044 | 27/05/20 | Redacted | Palantir Technologies is an approved government Digital Marketplace vendor in the United Kingdom (appearing as a "List X Contractor" for the Cabinet Office), known to have delivered data analytics products to a number of UK government bodies, totalling contract values of £39m ( <a href="https://bit.ly/2AVZX4w">https://bit.ly/2AVZX4w</a> ). Despite Palantir's position as a significant government contractor, there is currently little transparency over how widely Palantir products and services are used across the government. | DFE<br>HO | 27/06/20 | Redacted |

| RR2037 | 21/05/20 | Redacted | <p>I understand that a number of payments were made to NEGC Ltd (North Essex Communities Ltd) which was set up in 2017 and is owned by Braintree District Council, Colchester Borough Council, Tendring District Council and Essex County Council as a means to take forward proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> <p>Someone should have at least waited until the project had been through the proper process, and I would urge the Public Accounts Select Committee to ask how many other such projects, they are attempting to fund, outside of</p> | HMT<br>MHCLG<br>VOA | 19/06/20 | Redacted |

| RR2034 | 18/05/20 | Redacted | <p>I was recently reading your most recent annual report (2018 – 2019) and was interested by the progress in GHG emission reduction and energy reduction. The report explained that reduction in energy use by the organisation was in part down to improvements to IT Systems. I was therefore looking to find out what these improvements were and their contracts. I have outlined a list below of the information I am looking for. A list of all live and closed contracts for Department of Education IT Systems improvements that were specifically for reducing energy/GHG use and increasing sustainability for the department in line with the Greening Government</p> | DFE<br>HMRC<br>FCO<br>MOJ<br>HO         | 16/06/20 | <b>Redacted</b> |

| RR2026 | 06/05/20 | Redacted | <p>We are conducting a cross-Government IT Cost Benchmarking exercise for one of our Government department clients. This is an important exercise so that we can assess where their costs are out of sync, and identify opportunities to reduce cost or gaps in investment. This information is for the purposes of this exercise only and will not be used for any public or media stories.</p> <p>We believe you will access to financial data to provide the following response to this FOI:</p>                                                                                                                                                                                                                                                                                                                                                                                                                                             | DCMS<br>DFID<br>DFE<br>FCO<br>BEIS<br>MOJ<br>DEFRA<br>MHCLG<br>HMT<br>MOD<br>DFT<br>CO<br>HO<br>HMRC | 04/06/20 | <b>Redacted</b> |

I am researching for a MA dissertation currently on UK assistance to Nigeria.</p> <p>I would like details such as:<br/> How long we have been supporting the EFCC<br/> How much money and personnel we have committed<br/> What aim the assistance has had e.g. some kind of end state or mission<br/> If there are any documents or reports that have measured the success of the assistance</p> <p>Lastly, I appreciate that this may not be a DFID area, so I will also send this request to the Dept of Justice and Home Office as I suspect they may have sight of this if you do not.</p> | DFID<br>MOJ<br>HO | 28/07/20                                 | Redacted                                   |

| RR2088 | 30/06/20 | Redacted | <p>I am a journalist, who is making the following request under the Freedom of Information Act. I have submitted my FOI request to both the Ministry of Justice and the Home Office because I believe there is a great deal of overlap and I will leave it to you to decide which department deals with my request.</p> <p>I wish to know the following:</p> <p>1 - How many foreign nationals are serving life sentences for murder (or manslaughter) or terrorist offences in UK prisons?</p> <p>2 - Since 2000 how many foreign nationals serving life sentences (or intermediate sentences for public protection) have been transferred from UK prisons - under Prisoner Transfer Agreements - to their home countries?</p> <p>3 - How many of these foreign nationals have subsequently been released by their home countries?</p> <p>4 - How many foreign nationals (or British nationals of Albanian origin) in UK prisons have been transferred to serve the remainder of their sentences (for any offence) in Albania?</p> <p>5 - In 2008 Hekuran Billa (aka Herland Bilali) was jailed for life with a minimum tariff of 34 years for a murder committed in London. In 2016 he was sent back to his native Albania under a Prisoner Transfer Agreement to complete the remainder of his sentence. In 2019 he was released by an Albanian judge and in June 2020 he was murdered in Tirana. Can you confirm that the Ministry of Justice and/or Home Office were not notified by Albania of the decision to release him?</p> | MOJ<br>HO | 28/07/20 | Redacted |

These discussions involved the Prime Minister, Foreign Secretary, Home Secretary and the Chancellor, who collectively concluded that it was not possible to pursue establishing statutory guidance at that time. I would be grateful for sight of any information that might be released on the content of these discussions.</p> | HO<br>HMT<br>CO | 30/06/20 | <b>Redacted</b> |

Please note that the reference to John Prescott should include Mr Prescott himself, his Principal Private Secretary (ies), any other private secretaries and anyone in his private office able to correspond on his behalf. I note that during this period Mr Prescott held a number of different posts including that of Deputy Prime Minister and Secretary of State for Environment, Transport and the regions. I will be submitting an identical request to Defra and the Department for Transport but I would understand if the Cabinet Office wanted to assume overall responsibility for the request.

Please note that the reference to correspondence and communications in the questions below should include all traditional forms of correspondence and communications including letters and faxes, all emails irrespective of whether they were sent through official and private accounts and all messages sent through encrypted messaging services.

My request has been inspired by the revelation in Tony Blair's 2010 biography that HRH and Mr Prescott corresponded 'regularly' on rural matters.

I have confined the request to a particular time frame to ensure it stays within the time and cost limits laid down both by the Act and the EIRs. But if you are aware of relevant correspondence existing outside this time frame can you let me know and I will submit a new request for information.

|  |  | <p>proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> <p>Someone should have at least waited until the project had been through the proper process, and I would urge the Public Accounts Select Committee to ask how many other such projects, they are attempting to fund, outside of a Local Plan, and how much other Public Money they have spent on speculative projects like this, especially if there is no agreement to get it back!</p> |  |  |  |

The report explained that reduction in energy use by the organisation was in part down to improvements to IT Systems. I was therefore looking to find out what these improvements were and their contracts. I have outlined a list below of the information I am looking for. A list of all live and closed contracts for Department of Education IT Systems improvements that were specifically for reducing energy/GHG use and increasing sustainability for the department in line with the Greening Government Commitments including:- Contract Title Supplier Current Contract Manager Total Contract Value Total Spend to Date Competitive/Non-competitive SME Indicator A list of key</p> | DFE<br>HMRC<br>FCO<br>MOJ<br>HO | 16/06/20 | Redacted |

| RR2026 | 06/05/20 | Redacted | <p>We are conducting a cross-Government IT Cost Benchmarking exercise for one of our Government department clients. This is an important exercise so that we can assess where their costs are out of sync, and identify opportunities to reduce cost or gaps in investment. This information is for the purposes of this exercise only and will not be used for any public or media stories.</p> <p>We believe you will access to financial data to provide the following response to this FOI:</p>                                                                                                                                                                                                                                                                                                      | DCMS<br>DFID<br>DFE<br>FCO<br>BEIS<br>MOJ<br>DEFRA<br>MHCLG<br>HMT<br>MOD<br>DFT<br>CO<br>HO<br>HMRC | 04/06/20 | Redacted |

In the Chancellor's Plan for Jobs speech and documents delivered on 8<sup>th</sup> July it is stated that the treasury has so far approved £10 billion for the government's Test, Trace, Contain and Enable programme.</p> <p>a. Could you provide a breakdown of where this approved spending is directed towards and how much has been transferred already. For example, both how much has been awarded and transferred to local authorities, NHS England, PHE etc.</p> <p>b. Any documents setting out how this figure was applied for from different departments.</p> <p>c. (i) How much is directed towards the cost of what are usually referred to as "remote call centres" run by Serco and Sitel. (ii) And how much has been spent as of 10<sup>th</sup> July.</p> <p>d. 2019. Does the MoJ know this and can they explain why this approved judgement was given 12 days before the hand down date to Matrix Chambers?

3. Justice Julian Knowles and Barrister Mr Benjamin Silverstone were aware of each other's identity prior to the hearing in Oliver v S on the 29th November 2019, as they both worked together at Matrix Chambers. Can the MoJ explain why this hearing proceeded under fraudulent basis?

4. In the litigation, Oliver v S, QB-2019-000194, judge Simon Oliver states he paid costs totalling £40,000. No paperwork has ever been providee. However, on the following link, itbstates that the Government Legal Department is instructed to represent judge Simon Oliver.

<https://judgesbehavingbadlyblog.files.wordpress.com/2020/02/22.jpg>

Which one is correct? Has HHJ Oliver financed his own litigation?

5. Thousands of victims of judge Simon Oliver but the MoJ has refused to address these concerns. Itbinvolves bribery, gang rapes, extortion, child abduction and false accusation? Has the MoJ conducted any investigation into judge Simon Oliver since 1993?

Please note that neither the Duke and Duchess of York has any official role or a programme of official duties. It therefore follows that disclosure of documents will not have any toxic effect on their roles/duties.

1...During the aforementioned period did the Duke and Duchess of York (acting individually or as a couple) write to or communicate with the Secretary of State and did they refer to Ghislaine Maxwell in that correspondence and communication.

2...If the answer to question one is yes can you please provide copies of the correspondence and communication.

3...During the aforementioned period did the Secretary of State write to either or both the Duke and Duchess of York and did he or she refer to Ghislaine Maxwell in that correspondence and communications.

4...If the answer to question three is yes can you please provide copies of the correspondence and communications.

5...Can you please let me know if any relevant correspondence and communications have - for whatever reason - been destroyed. In the case of each piece of destroyed correspondence and communication can you state when it was destroyed and why. In the case of each piece of destroyed correspondence and communication can you identify the author (s), the recipient (s) and the date generated. If the destroyed correspondence and communication continues to be held in another form can you please

| RR2088 | 30/06/20 | Redacted | <p>I am a journalist, who is making the following request under the Freedom of Information Act. I have submitted my FOI request to both the Ministry of Justice and the Home Office because I believe there is a great deal of overlap and I will leave it to you to decide which department deals with my request.</p> <p>I wish to know the following:</p> <p>1 - How many foreign nationals are serving life sentences for murder (or manslaughter) or terrorist offences in UK prisons?</p> <p>2 - Since 2000 how many foreign nationals serving life sentences (or intermediate sentences for public protection) have been transferred from UK prisons - under Prisoner Transfer Agreements - to their home countries?</p> <p>3 - How many of these foreign nationals have subsequently been released by their home countries?</p> <p>4 - How many foreign nationals (or British nationals of Albanian origin) in UK prisons have been transferred to serve the remainder of their sentences (for any offence) in Albania?</p> <p>5 - In 2008 Hekuran Billa (aka Herland Bilali) was jailed for life with a minimum tariff of 34 years for a murder committed in London. In 2016 he was sent back to his native Albania under a Prisoner Transfer Agreement to complete the remainder of his sentence. In 2019 he was released by an Albanian judge and in June 2020 he was murdered in Tirana. Can you confirm that the Ministry of Justice and/or Home Office were not notified by Albania of the decision to release him?</p> | MOJ<br>HO | 28/07/20 | Redacted |

In the litigation in the High Court of Oliver v S, case number QB-2019-000194, who in the Ministry of Justice is financing this? Is it Mr Richard Heaton?</p> <p>2. The judgement for this litigation has been put on the Matrix Chambers website by Mr Benjamin Silverstone. The approved judgement uploaded on and is dated 29th November 2019 when the High Court handed down this judgement on 10th December 2019. Does the MoJ know this and can they explain why this approved judgement was given 12 days before the hand down date to Matrix Chambers?</p> <p>3. Justice Julian Knowles and Barrister Mr Benjamin Silverstone were aware of each other's identity prior to the hearing in Oliver v S on the 29th November 2019, as they both worked together at Matrix Chambers. Can the MoJ explain why this hearing proceeded under fraudulent basis?</p> <p>4. In the litigation, Oliver v S, QB-2019-000194, judge Simon Oliver states he paid costs totalling £40,000. No paperwork has ever been provided. |  |  | <p>Ghislaine Maxwell by name. I am interested in receiving all correspondence and communication no matter how it relates to Ms Maxwell.</p> <p>Please note that neither the Duke and Duchess of York has any official role or a programme of official duties. It therefore follows that disclosure of documents will not have any toxic effect on their roles/duties.</p> <p>1...During the aforementioned period did the Duke and Duchess of York (acting individually or as a couple) write to or communicate with the Secretary of State and did they refer to Ghislaine Maxwell in that correspondence and communication.</p> <p>2...If the answer to question one is yes can you please provide copies of the correspondence and communication.</p> <p>3...During the aforementioned period did the Secretary of State write to either or both the Duke and Duchess of York and did he or she refer to Ghislaine Maxwell in that correspondence and communications.</p> <p>4...If the answer to question three is yes can you please provide copies of the correspondence and communications.</p> <p>5...Can you please let me know if any relevant correspondence and communications have - for whatever reason - been destroyed. In the case of each piece of destroyed correspondence and communication can you state when it was destroyed and why. In the case of each piece of destroyed correspondence and communication</p> |  |  |  |

| RR2088 | 30/06/20 | Redacted | <p>I am a journalist, who is making the following request under the Freedom of Information Act. I have submitted my FOI request to both the Ministry of Justice and the Home Office because I believe there is a great deal of overlap and I will leave it to you to decide which department deals with my request.</p> <p>I wish to know the following:</p> <p>1 - How many foreign nationals are serving life sentences for murder (or manslaughter) or terrorist offences in UK prisons?</p> <p>2 - Since 2000 how many foreign nationals serving life sentences (or intermediate sentences for public protection) have been transferred from UK prisons - under Prisoner Transfer Agreements - to their home countries?</p> <p>3 - How many of these foreign nationals have subsequently been released by their home countries?</p> <p>4 - How many foreign nationals (or British nationals of Albanian origin) in UK prisons have been transferred to serve the remainder of their sentences (for any offence) in Albania?</p> <p>5 - In 2008 Hekuran Billa (aka Herland Bilali) was jailed for life with a minimum tariff of 34 years for a murder committed in London. In 2016 he was sent back to his native Albania under a Prisoner Transfer Agreement to complete the remainder of his sentence. In 2019 he was released by an Albanian judge and in June 2020 he was murdered in Tirana. Can you</p> | MOJ<br>HO | 28/07/20 | Redacted |

"If, exceptionally, HMRC are unable to agree the amount to be paid under this voluntary agreement, the Chancellor of the Exchequer shall decide the point at issue, on a joint submission from HMRC and representatives of The Queen or The Prince of Wales."

Please may I be provided with:

1) The total number of times any Chancellor has been required to resolve such a disagreement involving the Queen since the drafting of the Memorandum.

2) The total number of times any Chancellor has been required to resolve such a disagreement involving the Prince of Wales since the drafting of the Memorandum.

N.B. Please do not provide the details of any individual communications with the Royal Household or of the individual disputes. I am only requesting the aggregate number of times the Chancellor has acted in accordance with Paragraph A.25.

Please note that the reference to John Prescott should include Mr Prescott himself, his Principal Private Secretary (ies), any other private secretaries and anyone in his private office able to correspond on his behalf. I note that during this period Mr Prescott held a number of different posts including that of Deputy Prime Minister and Secretary of State for Environment, Transport and the regions. I will be submitting an identical request to Defra and the Department for Transport but I would understand if the Cabinet Office wanted to assume overall responsibility for the request.

Please note that the reference to correspondence and communications in the questions below should include all traditional forms of correspondence and communications including letters and faxes, all emails irrespective of whether they were sent through official and private accounts and all messages sent through encrypted messaging services.

My request has been inspired by the revelation in Tony Blair's 2010 biography that HRH and Mr Prescott corresponded 'regularly' on rural matters.

I have confined the request to a particular time frame to ensure it stays within the time and cost limits laid down both by the Act and the EIRs. But if you are aware of relevant correspondence existing outside this time frame can you let me know and I will submit a new request for information.

| RR2040 | 22/05/20 | Redacted | <p>How much public money is spent and/or allocated by the government to be spent on the UK government's social media advertising? An example of such an advert would be the current UK government sponsored posts on Facebook about the pandemic.</p> <p>If possible, please provide a yearly and monthly breakdown on how much money is spent by the government on the major social media platforms such as Facebook and Twitter etc., the source of those monies, and the official purposes for approving those expenditures.</p> <p>Please also provide details of any kind of 'humanitarian' discount or deal offered or made with social media platforms in relation to the current pandemic, for example a lesser rate of advertising costs because of the severity of the situation.</p> | HMT | 22/06/20 | Redacted |

|  |  | <p>proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> <p>Someone should have at least waited until the project had been through the proper process, and I would urge the Public Accounts Select Committee to ask how many other such projects, they are attempting to fund, outside of a Local Plan, and how much other Public Money they have spent on speculative projects like this, especially if there is no agreement to get it back!</p> |  |  |  |

| RR2034 | 18/05/20 | Redacted | <p>I was recently reading your most recent annual report (2018 – 2019) and was interested by the progress in GHG emission reduction and energy reduction. The report explained that reduction in energy use by the organisation was in part down to improvements to IT Systems. I was therefore looking to find out what these improvements were and their contracts. I have outlined a list below of the information I am looking for. A list of all live and closed contracts for Department of Education IT Systems improvements that were specifically for reducing energy/GHG use and increasing sustainability for the department in line with the Greening Government Commitments including:- Contract Title Supplier Current Contract Manager Total Contract Value Total Spend to Date Competitive/Non-competitive SME Indicator A list of key</p> | DFE<br>HMRC<br>FCO<br>MOJ<br>HO | 16/06/20 | Redacted |

|  |  | <p>correspondence and communications in the questions below should be taken to mean all traditional forms of correspondence and communications such as letters and faxes, all emails irrespective of whether they were sent through private or official accounts and all messages sent through encrypted messaging services.</p> <p>If for whatever reason you are aware of correspondence and communications between the aforementioned individuals which was sent/received outside the stated time period can you let me know of the relevant dates and I will submit a new request. If the department holds information on behalf of a predecessor department I would be grateful if you could provide that information.</p> <p>Please note that I am only interested in correspondence and communications which specifically mention the society heiress Ghislaine Maxwell by name. I am interested in receiving all correspondence and communication no matter how it relates to Ms Maxwell.</p> <p>Please note that neither the Duke and Duchess of York has any official role or a programme of official duties. It therefore follows that disclosure of documents will not have any toxic effect on their roles/duties.</p> <p>1...During the aforementioned period did the Duke and Duchess of York (acting individually or as a couple) write to or communicate with the Secretary of State and did they refer to Ghislaine Maxwell in that correspondence and communication.</p> |  |  |  |

| RR2075 | 19/06/20 | Redacted | <p>Under the Freedom of Information Act (2000), I request that you please provide information about the statutory reasons given by the department when withholding non-routine information requests received in 2019</p> <p>In particular, I request that you provide the (i) Case Reference Number; (ii) Subject of Request; (iii) Timeliness of Response for all requests over this period where S.35 (Formulation of Government policy), S.36 (Prejudice to effective conduct of public affairs) and S.43 (Commercial interests) exemptions have been applied by the department. Cabinet Office statistics indicate that 39 requests were exempted under S.35; 3 requests exempted under S.36; and 62 requests exempted under S.43 in 2019</p> <p>(In instances where the Subject of Request refers to a previous FOI request(s), I would ask that the subject of previous request(s) is also provided)</p> <p>This request is based on the understanding that administrative changes in April 2017 allow the case reference to be included alongside the subject without exceeding the cost limit under Section 12 of the Act. However, if it is estimated that this request would be over the statutory limit, I further request that the scope of the request is narrowed to the period of time that brings this request under the cost limit.</p> | DEFRA<br>BEIS<br>DCMS<br>CO | 17/07/20 | Redacted |

Please note that the reference to HRH The Prince of Wales in the questions below should include the Prince himself, his Principal Private Secretary (ies), any other private secretary and anyone in his private office able to correspond on his behalf.

Please note that the reference to John Prescott should include Mr Prescott himself, his Principal Private Secretary (ies), any other private secretaries and anyone in his private office able to correspond on his behalf. I note that during this period Mr Prescott held a number of different posts including that of Deputy Prime Minister and Secretary of State for Environment, Transport and the regions. I will be submitting an identical request to Defra and the Department for Transport but I would understand if the Cabinet Office wanted to assume overall responsibility for the request.

Please note that the reference to correspondence and communications in the questions below should include all traditional forms of correspondence and communications including letters and faxes, all emails irrespective of whether they were sent through official and private accounts and all messages sent through encrypted messaging services.

My request has been inspired by the revelation in Tony Blair's 2010 biography that HRH and Mr Prescott corresponded 'regularly' on rural matters.

I have confined the request to a particular time frame to ensure it stays within the time and cost limits laid down both by the Act and the EIRs. But if you are aware of relevant correspondence existing outside this time frame can you let me

| RR2037 | 21/05/20 | Redacted | <p>I understand that a number of payments were made to NEGC Ltd (North Essex Communities Ltd) which was set up in 2017 and is owned by Braintree District Council, Colchester Borough Council, Tendring District Council and Essex County Council as a means to take forward proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> <p>Someone should have at least waited until the project had been through the proper process, and I would urge the Public Accounts Select Committee to ask how many other such projects, they are attempting to fund, outside of</p> | HMT<br>MHCLG<br>VOA | 19/06/20 | Redacted |

| RR2034 | 18/05/20 | Redacted | <p>I was recently reading your most recent annual report (2018 – 2019) and was interested by the progress in GHG emission reduction and energy reduction. The report explained that reduction in energy use by the organisation was in part down to improvements to IT Systems. I was therefore looking to find out what these improvements were and their contracts. I have outlined a list below of the information I am looking for. A list of all live and closed contracts for Department of Education IT Systems improvements that were specifically for reducing energy/GHG use and increasing sustainability for the department in line with the Greening Government</p> | DFE<br>HMRC<br>FCO<br>MOJ<br>HO         | 16/06/20 | Redacted |

| RR2037 | 21/05/20 | Redacted | <p>I understand that a number of payments were made to NEGC Ltd (North Essex Communities Ltd) which was set up in 2017 and is owned by Braintree District Council, Colchester Borough Council, Tendering District Council and Essex County Council as a means to take forward proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> | HMT<br>MHCLG<br>VOA | 19/06/20 | Redacted |

|        |          |          | Someone should have at least waited until the project had been through the proper process, and I would urge the Public Accounts Select Committee to ask how many other such projects, they are attempting to fund, outside of a Local Plan, and how much other Public Money they have spent on speculative projects like this, especially if there is no agreement to get it back!                                                                                                                                                                                                                                                                                                                            |                                                                |          |          |

| RR2075 | 19/06/20 | Redacted | <p>Under the Freedom of Information Act (2000), I request that you please provide information about the statutory reasons given by the department when withholding non-routine information requests received in 2019</p> <p>In particular, I request that you provide the (i) Case Reference Number; (ii) Subject of Request; (iii) Timeliness of Response for all requests over this period where S.35 (Formulation of Government policy), S.36 (Prejudice to effective conduct of public affairs) and S.43 (Commercial interests) exemptions have been applied by the department. Cabinet Office statistics indicate that 39 requests were exempted under S.35; 3 requests exempted under S.36; and 62 requests exempted under S.43 in 2019</p> <p>(In instances where the Subject of Request refers to a previous FOI request(s), I would ask that the subject of previous request(s) is also provided)</p> <p>This request is based on the understanding that administrative changes in April 2017 allow the case reference to be included alongside the subject without exceeding the cost limit under Section 12 of the Act. |  |  |  | <p>Please note that the reference to HRH The Prince of Wales in the questions below should include the Prince himself, his Principal Private Secretary (ies), any other private secretary and anyone in his private office able to correspond on his behalf.</p> <p>Please note that the reference to John Prescott should include Mr Prescott himself, his Principal Private Secretary (ies), any other private secretaries and anyone in his private office able to correspond on his behalf. I note that during this period Mr Prescott held a number of different posts including that of Deputy Prime Minister and Secretary of State for Environment, Transport and the regions. I will be submitting an identical request to Defra and the Department for Transport but I would understand if the Cabinet Office wanted to assume overall responsibility for the request.</p> <p>Please note that the reference to correspondence and communications in the questions below should include all traditional forms of correspondence and communications including letters and faxes, all emails irrespective of whether they were sent through official and private accounts and all messages sent through encrypted messaging services.</p> <p>My request has been inspired by the revelation in Tony Blair's 2010 biography that HRH and Mr Prescott corresponded 'regularly' on rural matters.</p> <p>I have confined the request to a particular time frame to ensure it stays within the time and cost limits laid down both by the Act and the EIRs. But if you are aware of relevant correspondence existing outside this time frame can you let me know and I will submit a new request for information.</p> <p>1...During the aforementioned period did the Prince of Wales write to John Prescott about any of the following - hunting, shooting, the importance and popularity of hunting and shooting in rural areas, the problems posed by foxes and other animals classed as vermin, any private members bill on hunting, the Labour Government's proposed ban on hunting, Opposition to the ban both inside and outside Parliament, the Prince's own concerns about the ban and alternatives to the ban.</p> |  |  |

| RR2055 | 03/06/20 | Redacted         | <p>I am currently embarking on a research project around Cyber Security and was hoping you could provide me with some contract information relating to following information:<br/>You may have received the same request in the past and this information sent has now expired and I require an update as soon as possible for the following information:</p> <ol style="list-style-type: none"> <li>1. Standard Firewall (Network) - Firewall service protects your corporate Network from unauthorised access and other Internet security threats</li> <li>2. Anti-virus Software Application - Anti-virus software is a program or set of programs that are designed to prevent, search for, detect, and remove software viruses, and other malicious software like worms, trojans, adware, and more.</li> <li>3. Microsoft Enterprise Agreement - is a volume licensing package offered by Microsoft.</li> </ol> <p>The information I require is around the procurement side and we do not require any specifics (serial numbers, models, location) that could bring threat/harm to the organisation. For each of the different types of cyber security services can you please provide me with:</p> <ol style="list-style-type: none"> <li>1. Who is the existing supplier for this contract?</li> <li>2. What does the organisation annual spend for each of contract?</li> <li>3. What is the description of the services provided for each contract? Please do not just state firewall.</li> <li>4. Primary Brand (ONLY APPLIES TO CONTRACT 1&amp;2)</li> <li>5. What is the expiry date of each contract?</li> <li>6. What is the start date of each contract?</li> <li>7. What is the contract duration of contract?</li> <li>8. The responsible contract officer for each of the contracts above? Full name, job title, contact number and direct email address.</li> <li>9. Number of Licenses (ONLY APPLIES TO CONTRACT 3)</li> </ol> | ORR                     | 01/07/20 |

| RR2037 | 21/05/20 | <b>Redacted</b> | <p>I understand that a number of payments were made to NEGC Ltd (North Essex Communities Ltd) which was set up in 2017 and is owned by Braintree District Council, Colchester Borough Council, Tendring District Council and Essex County Council as a means to take forward proposals for three new garden communities.</p> <p>Some of these proposals failed to get accepted within the Local Plan (As per the Planning Inspectors ruling) so under the Freedom of Information Act I would appreciate details of the total amount of Government money (broken down into how much and when) that was given to NEGC Ltd, together with details of how and when it's to be repaid, or indeed, if it's to be repaid!</p> <p>In my humble opinion, this was absolutely the most inappropriate use of public funds, when at the time of release, Government had absolutely no guarantees that such a project was even feasible, and was a totally irresponsible act, with public money!</p> <p>Lessons need to be learnt, and sooner rather than later !</p> <p>I am assuming that the release came from MHCLG, rather than the Treasury but this has proved that some Government Departments have failed to uphold the Localism Act, by attempting to circumvent the Local Plan Process!</p> <p>Someone should have at least waited until the project had been through the proper process, and I would urge the Public Accounts Select Committee to ask how many other such projects, they are attempting to fund, outside of a Local Plan, and how much other Public Money they have spent on speculative projects like this, especially if there is no agreement to get it back!</p> | HMT<br>MHCLG<br>VOA | 19/06/20 |

23 August 2018

Dear Edward

#### **NORTHERN IRELAND (PUBLIC APPOINTMENTS) BILL: THE QUEEN'S CONSENT FOR MEASURES AFFECTING PREROGATIVE POWER**

I am writing on behalf of the Secretary of State for Northern Ireland to seek the Queen's consent to measures within the Northern Ireland (Public Appointments) Bill. This Bill contains measures affecting appointments to the BBC Board which affect the prerogative of the Crown.

This letter provides a general overview of the purpose of the Bill and explains the intent of the particular area where we consider that it requires the consent of Her Majesty. I also enclose the latest print of the Bill.

The Bill enables certain appointments to be made in the ongoing absence of Northern Ireland Ministers. Clause 1 would enable Ministers of the Crown to exercise appointment functions normally exercised by Northern Ireland Ministers for certain offices specified in the Bill; further

specified offices may be added by regulations to the list in the Bill. Clause 2 clarifies that Northern Ireland departments can exercise those appointment functions already conferred on them.

The relevant part of the Bill for the purposes of this letter is Clause 3, which enables Ministers of the Crown to exercise appointment functions that would normally require consultation with or the agreement of Northern Ireland Ministers or the Executive Committee (which is the Northern Ireland Assembly committee made up of Northern Ireland Ministers), replacing that requirement with a duty to consult a Northern Ireland Department. Clause 4 then has a similar effect for joint appointments made by the Secretary of State and Northern Ireland Ministers.

The Bill would affect the appointment to the BBC Board of a non-executive member for Northern Ireland, although this is not explicitly referenced in the Bill. Appointments to the Board are made by Order-in-Council and Article 23(10) of the BBC's Royal Charter imposes a duty on Ministers to obtain the agreement of the Northern Ireland Executive Committee before recommending someone to the Queen for appointment as the Northern Ireland nation member. As set out above, Clause 3 of this Bill would remove that requirement and replace it with a duty to consult a Northern Ireland department. As such, Parliamentary Authorities have assessed that the Bill affects the appointment of the Northern Ireland member as set out in the Royal Charter under the Prerogative Powers. The intention of the Bill, as it affects this appointment, is to enable a Northern Ireland member to be appointed to the Board in the absence of a Northern Ireland Minister and the Executive Committee.

I should be grateful if you would submit this letter to Her Majesty with the Secretary of State's recommendation that at the appropriate stage in the proceedings in Parliament a Privy Counsellor may signify Queen's consent to the relevant provisions.

This Bill will need to pass through Parliament this autumn and may be introduced as soon as 6 September, with Second Reading shortly thereafter. I would therefore be grateful if you could respond by 6 September if possible.

I am copying this letter to the Secretary to the Crown Estate Commissioners and **Name Redacted**.

Yours sincerely,

**Name Redacted**

PS/ SECRETARY OF STATE FOR NORTHERN IRELAND
