Section 62A Applications

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification> ]

Good day to you,

My name is Alan Hampton and I live in very close proximity to the proposed site. While I am all for rejuvenation of the town for improved living and services, I am quite stunned that residential class c3 apartments have been submitted and accepted for consideration, as I believe these are destined to be HMOs. Potters bar has been blighted by HMOs in the last couple of years and they are everywhere. The good people of this town have complained bitterly about this onslaught and the authorities have done nothing. I have 3 properties that back on to my garden that are now HMOs . 2 next door to each other across the road and 2 more to right of my property. The HMOs are all over the ashwood road estate and across the town. It's starting to cause antisocial behaviour, that I have personally witnessed and the constant smell of weed stops me opening my patio doors when warm. Many other issues have arisen including the calling of police often to some of these dwellings. This town has been ruined by the building of these dwellings and my family and are actively looking to move from potters bar as we can no longer live here. I could except housing for family's as we need property like this, but there are to many single dwellings now and I hate to sound like a snob , but they are [REDACTED]. This plan will be bitterly contested by the local residents as we don't want a little hmo town on this site

Regards

Alan Hampton
