| Risk Type            | Injuries                                                                                                                                                                                                                                                                                                                                                                                     |
| Risk Description     | <p>The product presents a serious risk of injuries as the ladder could not hold the claimed weight without collapsing. If the ladder were to collapse while in use, the user could fall and receive serious injuries. The product also requires improvements to marking and labelling.</p> <p>The product does not meet the requirements of the General Product Safety Regulations 2005.</p> |
| Corrective Measures  | The import has been rejected at the border and destroyed.                                                                                                                                                                                                                                                                                                                                    |
