Guide 1: How to report individual migrant activity

Follow the step by step instructions below to search for a CoS and report migrant activity, including withdrawal of sponsorship from a migrant. This function is essential to fulfil your duties as a sponsor. Use this function to notify us of a migrant's activity, for example, the migrant has been delayed and has not entered the UK, or you are no longer sponsoring the migrant.

Please note, Level 2 users can only report migrant activity for CoS that they have personally created and assigned, or for CoS which have been transferred to them.

You should read the [Sponsorship policy guidance](#) before reporting migrant activity.

Note

1. This function can only be used to notify us of any changes before the migrant uses the CoS in support of their application. The system will therefore only allow you to add a sponsor note to a live CoS with a status of ASSIGNED (Unused).
2. If you wish to add more information at a later date (and before the CoS has been used), you must add it after the previously entered text.
3. If you wish to replace your earlier sponsor note with alternative details, you can do so by over-typing the original text. Take care not to over-type any text accidentally, as the original content will be lost.
