Additional SMS manuals

There are 13 SMS user manuals available, plus a supplementary policy guide for completing a CAS. The guides are grouped into three categories: common, CAS and CoS. The table below describes the purpose and audience of each manual.

You should read all manuals applicable to your licence before contacting the relevant helpdesk.

Manual reference	Manual title	Type	Purpose	Audience
Manual 1	Introduction to SMS & managing user access	Common	Use this manual to log into SMS, change your password, manage SMS users and view important messages posted by the Home Office. In addition, this manual explains who should use SMS and for what purpose. The manual features a full introduction to SMS as well as a comprehensive troubleshooting section.	All sponsors
Manual 2	Managing your licence	Common	To help sponsors manage their key personnel, change their licence details, manage PAYE references, and apply for allocations of CoS/CAS.	All sponsors
Manual 3	Apply for Basic Compliance Assessment and manage Action plans	Common	To help sponsors apply for Basic Compliance Assessment and manage action plans.	All sponsors

Manual reference	Manual title	Type	Purpose	Audience
Manual 4	Creating and assigning CAS	CAS	To help sponsors create and assign individual and batches of CAS.	Sponsors licensed in the Student Route
Manual 4a	Creating a CAS – guide for education sponsors	CAS	This manual contains supplementary information on completing a CAS. Use this guide to determine what information is necessary in each field of the CAS.	Sponsors licensed in the Student Route
Manual 5	Reporting student activity	CAS	To help sponsors report student activity, for example if a student's circumstances change. This manual also contains help with reporting fee updates and adding sponsor notes to CAS that have already been assigned.	Sponsors licensed in the Student Route
Manual 6	Miscellaneous CAS functions	CAS	To help sponsors complete all other functions of CAS, such as managing batches of CAS, managing pre-stored addresses for use when creating CAS, transferring ownership of CAS, printing CAS and exporting CAS.	Sponsors licensed in the Student Route
Manual 7	Bulk Data Transfer of CAS	CAS	To help sponsors use the bulk data transfer (BDT) functions of SMS, including graduate notifications. You must have a bespoke IT system in place to use BDT.	Sponsors licensed in the Student Route

Manual Reference	Manual title	Type	Purpose	Audience
Manual 8	Creating and assigning CoS	CoS	To help sponsors create and assign individual and batches of CoS.	Sponsors licensed in any Worker or Temporary
Manual 9	Reporting worker activity	CoS	To help sponsors report worker activity, for example if a worker's circumstances change. This manual also contains help with adding sponsor notes to CoS that have already been assigned.	Sponsors licensed in any Worker or Temporary Worker route
Manual 10	Miscellaneous CoS functions	CoS	To help sponsors complete all other functions of CoS, such as managing batches of CoS, managing pre-stored addresses for use when creating CoS, transferring ownership of CoS, and printing CoS.	Sponsors licensed in any Worker or Temporary Worker route
Manual 11	Temporary Work – Creative Worker Group of CoS	CoS	To help sponsors create and manage groups of CoS. Groups of CoS are only available to sponsors licensed in Temporary Work - Creative Worker	Sponsors licensed in Skilled Worker
Manual 12	Defined CoS	CoS	To help sponsors apply for defined CoS, track applications for defined CoS and once granted, create defined CoS.	Sponsors licensed in Skilled Worker
Manual 13	Multi-factor authentication	Common	To provide sponsor with an extra layer of security for your SMS account	All Sponsors

Glossary

Term	Meaning
SMS	Sponsorship Management System
CoS	Certificate of Sponsorship
CAS	Confirmation of Acceptance for Studies
AO	Authorising Officer
KC	Key Contact
BDT	Bulk Data Transfer
SELT	Secure English Language Test
.XML	Extensible Mark-up Language
.PDF	Portable Document Format
MFA	Multi-Factor Authentication
OTP	One Time Passcode

Introduction

What is Multi-Factor Authentication?

Multi-Factor Authentication, also known as MFA, is an extra layer of security for your SMS account. It is designed to make sure you are the only person who can access your account.

How does MFA work?

If you are a Level 1 or Level 2 User, you will be asked for the following details when MFA is enabled on your SMS account:

- your SMS user ID and password
- your date of birth if you are a Level 1 user
- a one-time passcode (OTP) which will be sent to the mobile number or email address registered in your user details within your SMS account

The OTP is valid for **10 minutes** and you will need to enter this into SMS in order to complete your log in journey and access your licence details.

Why has MFA been introduced to SMS?

As cyber scams become more sophisticated, multi-factor authentication helps to keep cyber criminals out of your account. MFA significantly reduces the risk of unauthorised access of your SMS account, even if your password is compromised. It helps protect your personal and sponsorship-related information held in SMS.

Checking your licence and personal details

You should check the **Licence summary** section in the SMS (located in the **Licence summary, applications and services** menu item) regularly, to ensure your licence details are accurate. Detailed instructions on how to do this can be found in the 'SMS Guide 2: Manage your sponsorship licence'.

You should also check your personal details and those of your Level 2 users using the **'Manage Level 1 and 2 users'** function under the **'Licence summary, applications and services'** section of SMS. You will need to make sure the following details are up to date on your SMS account:

- your email addresses
- the mobile number used for MFA purposes if you are a Level 1 user
- your date of birth if you are a Level 1 user

Detailed instructions on how to do this can be found in 'SMS manual 1: Introduction and managing user access'. If your details are incorrect, you must submit a request to change them. The SMS guides provide a step-by-step guide to how to do this.

Avoiding cyber scams and phishing attempts

You should always access your SMS account through the.gov.uk website. To do this:

- Search for 'www.gov.uk' on your internet browser
- Select the 'Welcome to Gov.UK' link
- Search for 'UK visa sponsorship management system'
- Select the 'UK visa sponsorship management system' link
- Select 'Start Now' from the page presented
- Begin logging into your SMS account

Please remember, when we contact you, **we will never:**

- Send you a link to the SMS log in page or SMS related guidance or send you attachments with an embedded link to the SMS log in page or SMS related guidance
- Send you a link to view messages or take other action on your SMS account
- Send you a link to view messages or take other action outside of your SMS account
- Ask you to provide any your SMS user ID, password, OTP or personal information such as your date of birth outside of the SMS system
- Send you an OTP when you have not requested one

When we contact you, **we will always:**

- Advise you to log into SMS by accessing www.gov.uk
- Advise you to check and update your personal details in your SMS account
- Advise you not to click on links to SMS or SMS related guidance sent to you by e-mail

If we receive information suggesting your account has been compromised, we will take steps to secure it, including deactivating users, and will contact you with next steps.

SMS manuals

Guide 1: How to log in using MFA with an OTP for the first time

Follow the step-by-step instructions below to log into SMS using Multi-Factor Authentication. Be scam aware. Never share your SMS user ID, password or one time passcode (OTP) with anyone else. Never change your password because someone else has asked you to.

This guide should be followed the first time you log into SMS using MFA.

If you are a new user, you should read the [Sponsorship policy guidance](#) before logging into SMS for the first time to understand more about your role and the duties you are required to undertake.

Step

Instruction

Screen example

From the SMS log in screen, enter your **Level 1 or Level 2 user ID** and your password.

1

If you have as not received or forgotten your Level 1 User ID, then you should request this information from your Authorising Officer. The Level 1 User ID can be found in the Decision Letter.

A Level 1 user on your licence can find your user ID from the Manage Level 1 and 2 users screen (located in the Licence summary, applications and services menu item) in SMS

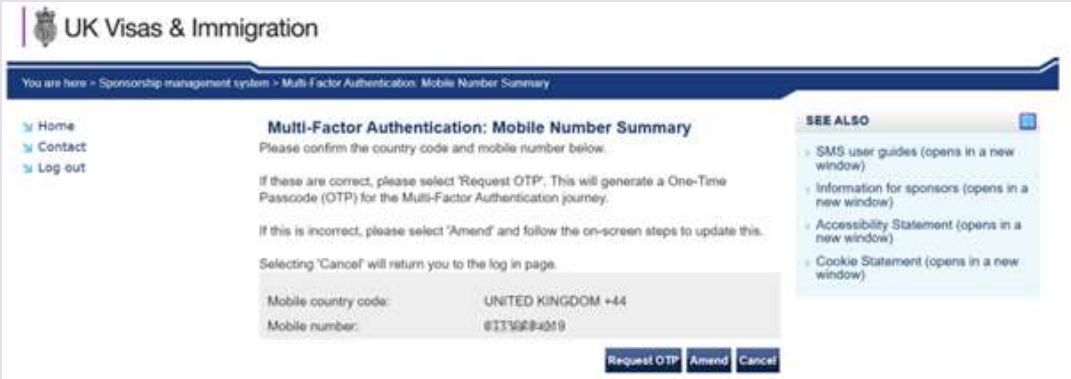

One-time Passcode (OTP) via Mobile (Level 1 users only- Level 2 users should refer to the ‘One-time Passcode (OTP) via email’ section)

Step	Instruction	Screen example
2	Enter your mobile number by first selecting the ‘Mobile’s country code’. Then add your mobile number and select ‘Next’. Please ensure your mobile number is correct. If you have already registered a mobile telephone number for MFA on SMS, you will be shown the last 4 digits. If the digits are incorrect, you can amend your mobile number.	 The screenshot shows the 'UK Visas & Immigration' website with the breadcrumb 'You are here > Sponsorship management system > Enter Mobile Number'. The page title is 'Multi-Factor Authentication: Enter Mobile Number'. It contains instructions: 'Please select 'Next' once you have entered your mobile number and country code. If you did not recognise the mobile number on the previous page, please amend the number below, select 'Next' and proceed to log in. Once you have logged in you should take the following steps to ensure that your SMS account has not been compromised: • Review CoS/CAS usage • Check personal details of key personnel, including email address and mobile number. Selecting 'Cancel' will return you to the log in page.' The form has a section 'Enter Mobile Number' with a dropdown for 'Mobile country code' (showing '+') and a text input for 'Mobile number' (showing '0781 1119'). There is a link 'I don't have a mobile number' and 'Next' and 'Cancel' buttons. A 'SEE ALSO' sidebar on the right lists links: 'SMS user guides (opens in a new window)', 'Information for sponsors (opens in a new window)', 'Accessibility Statement (opens in a new window)', and 'Cookie Statement (opens in a new window)'.

Step	Instruction	Screen example
3	Enter your 'Date of Birth' – this must match the DOB that is stored on the Level 1 user details on your sponsor licence. If you have already registered a mobile telephone number for MFA on SMS and you do not need to amend this, you will not be asked to enter your DOB.	
Note	Please ensure all fields are completed before pressing next. You will have 3 attempts to enter your DOB correctly. If you enter your DOB incorrectly after 3 attempts your account will be locked out for 24 hours. Please see page 21 if you get locked out.	
4	After you have entered your DOB correctly, you will be presented with a summary page showing the mobile number where the OTP will be sent via text message. You can still amend your mobile telephone number at this point. Select 'Request OTP'.	

Step	Instruction	Screen example
5	You will receive a text message from ' GOVUK ' with a 6-digit passcode	
Note	Please wait up to 1 minute to receive the *One time passcode* (OTP).	
6	Enter the ' OTP ' into the screen on SMS and select ' Submit '	
Note	The OTP is valid for 10 minutes. If you do not enter and submit the OTP within 10 minutes, it will be invalid. Press 'Request new OTP' to receive a new code. MFA has been introduced to secure your account. Never give this code to anyone else. If you receive an OTP but are not attempting to log into the SMS or if someone contacts you for the code, do not provide the code to them, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk	

One-time Passcode (OTP) via email- Level 2 users and Level 1 users without a mobile telephone

Step	Instruction	Screen example
1	Enter your Level 1 user ID and your password in the SMS log in screen.	
2	From the MFA: Mobile Number Summary screen select 'Amend' . The MFA: Enter Mobile Number screen will display.	
3	Select 'I don't have a mobile number' to switch to the email route.	

The 'Confirm Email Address' page displays the email address associated with your SMS account.

If this is correct, select 'Request OTP' to generate a passcode.

If it is incorrect or you do not recognise the email address, select 'Amend' and follow the on-screen step to update it.

The screenshot shows the 'UK Visas & Immigration' website. The breadcrumb trail indicates the user is in the 'Sponsorship management system' and on the 'Confirm Email Address' page. On the left, there are links for 'Home', 'Contact', and 'Log out'. The main content area is titled 'Multi-Factor Authentication: Confirm Email Address' and explains that the email address associated with the SMS account is shown below. It provides instructions: if correct, select 'Request OTP' to generate a One-Time Passcode (OTP); if incorrect, select 'Amend' to update the email; and selecting 'Cancel' will take the user back to the log in page. A text box labeled 'Confirm Email Address' displays the email 's*****@homeoffice.gov.uk'. At the bottom right of the text box are three buttons: 'Request OTP', 'Amend', and 'Cancel'. On the right side of the page, there is a 'SEE ALSO' section with links to 'SMS user guides', 'Information for sponsors', 'Accessibility Statement', and 'Cookie Statement', each indicating it opens in a new window.

Note

The email address shown is the email address associated with the user's SMS account. If this is incorrect L1 users can select 'Amend' and enter the correct email address. An automated email will be sent to both the original and the new email address linked to the L1 user account. If you receive a suspicious email or telephone call, or if you believe your SMS account has been compromised, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk

Step

Instruction

Screen example

‘Enter’ and **‘Confirm’** your email address.

Select **‘Next’** and proceed to log on.

5

Once you have logged in you should follow the steps on the screen to ensure your SMS account has not been compromised.

The screenshot shows the 'UK Visas & Immigration' website. The breadcrumb trail reads 'You are here > Sponsorship management system > Enter Email Address'. On the left, there is a navigation menu with links for 'Home', 'Contact', and 'Log out'. The main heading is 'Multi-Factor Authentication: Enter Email Address'. The instructions state: 'Please select 'Next' once you have entered and confirmed your email address. If you did not recognise the email address on the previous page, please amend the email address below, select 'Next' and proceed to log in. Once you have logged in you should take the following steps to ensure that your SMS account has not been compromised:'. A bulleted list follows: 'Review CoS/CAS usage' and 'Check personal details of key personnel, including email address and mobile number.' Below this, it says 'Selecting 'Cancel' will return you to the log in page.' The form has two input fields: 'Email address:' and 'Confirm email address:'. At the bottom right are 'Next' and 'Cancel' buttons. On the far right, a 'SEE ALSO' section lists links: 'SMS user guides (opens in a new window)', 'Information for sponsors (opens in a new window)', 'Accessibility Statement (opens in a new window)', and 'Cookie Statement (opens in a new window)'.

Level 2 users cannot amend their email address. If your email is incorrect L1 users can select 'Amend' and enter the correct email address. An automated email will be sent to both the original and the new email address linked to the L2 user account. If you receive a suspicious email or telephone call, or if you believe your SMS account has been compromised, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk

Note

The screenshot shows the 'Sponsorship management system' page. The breadcrumb trail reads 'You are here > Sponsorship management system'. On the left, there is a navigation menu with links for 'Home', 'Contact', and 'Log out'. The main content area contains the text: 'As a level 2 user, you cannot amend your email address. Please contact a Level 1 user on your licence to make the amendments and try again.'

Step	Instruction	Screen example
6	Confirm your email address. If it is correct, select 'Request OTP'. This will generate an OTP to be sent to the email address displayed. If it is incorrect, select 'Amend' and follow the on-screen steps to update it.	
Note	Please ensure all fields are correct before requesting the OTP	

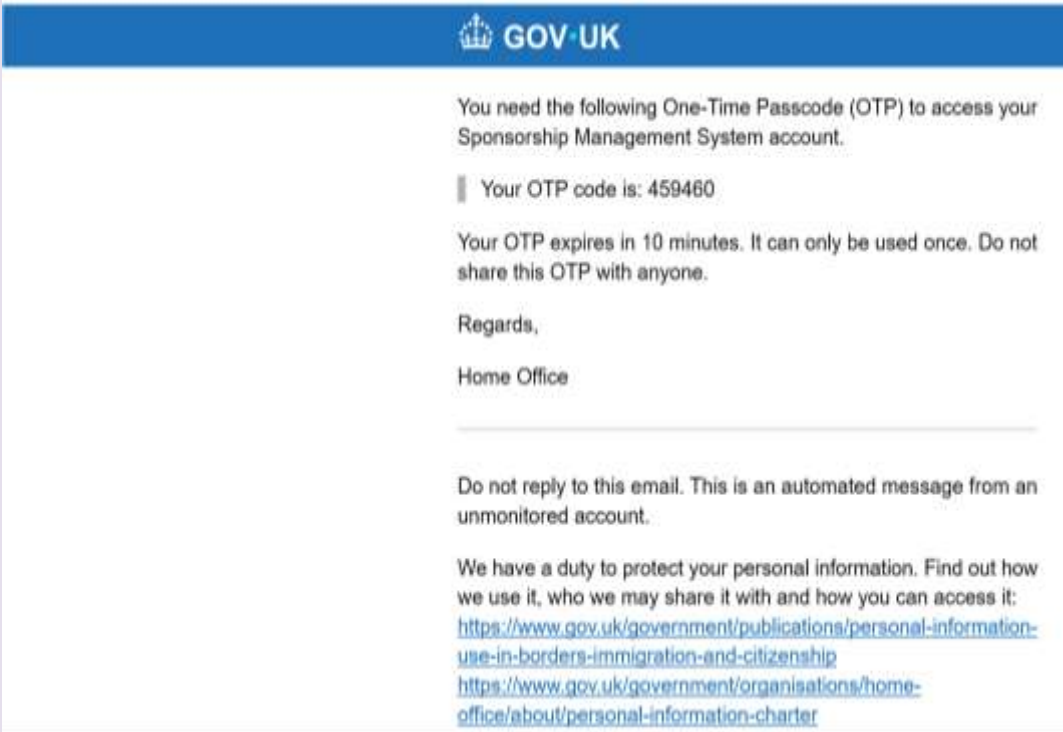

If **'Request OTP'** has been selected this screen will display, advising that an OTP has been sent to your email address.

Enter the **'6-digit passcode'** into the screen on SMS and select **'Submit'**.

- 7 If you have not received the OTP after one minute, select **'Amend Email Address'** and follow the instructions to ensure the correct email address has been entered. If you have already done this, select **'Request New OTP'**.

The screenshot shows the 'UK Visas & Immigration' website interface for Multi-Factor Authentication. The header includes the UK Visas & Immigration logo and the text 'You are here > Sponsorship management system > Enter OTP'. A left-hand navigation menu contains links for 'Home', 'Contact', and 'Log out'. The main content area is titled 'Multi-Factor Authentication: Enter One-Time Passcode' and contains the following text: 'A One-Time Passcode (OTP) has been sent to your email address. Please enter the OTP below and select "Submit". The OTP is valid for 10 minutes. After this time, it will expire and you should select "Request New OTP". Please allow up to one minute for the OTP to arrive. If you have not received the OTP after one minute, please select "Amend Email Address" and follow the instructions to ensure the correct email address has been entered. If you have already done this, please select "Request New OTP". The "Request New OTP" button will only become available after one minute. Please do not refresh this page as this will reset the one minute timer. You can only select "Request New OTP" twice, please ensure that your email address is correct. Selecting "Cancel" will return you to the log in page.' Below this text is a form with the label 'Enter OTP' and a text input field. At the bottom of the form are four buttons: 'Submit', 'Request New OTP', 'Amend Email Address', and 'Cancel'. On the right side of the page, there is a 'SEE ALSO' section with links to 'SMS user guides (opens in a new window)', 'Information for sponsors (opens in a new window)', 'Accessibility Statement (opens in a new window)', and 'Cookie Statement (opens in a new window)'. At the bottom of the page, a timer indicates 'Time remaining before you can Request New OTP : 47 seconds'.

Note The OTP is valid for **10 minutes**. If you do not enter and submit the OTP within 10 minutes, it will be invalid. Press 'Request new OTP' to receive a new code. MFA has been introduced to secure your account. Never give this code to anyone else. If you receive an OTP but are not attempting to log into the SMS or if someone contacts you for the code, do not provide the code to them, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk

Step	Instruction	Screen example
8	You will receive an email from 'GOVUK' with a 6-digit passcode OTP	 The screenshot shows an email from GOV.UK. The header is a blue bar with the GOV.UK logo. The main text states: 'You need the following One-Time Passcode (OTP) to access your Sponsorship Management System account.' Below this, it says 'Your OTP code is: 459460'. A warning follows: 'Your OTP expires in 10 minutes. It can only be used once. Do not share this OTP with anyone.' The email is signed 'Regards, Home Office'. At the bottom, there is a disclaimer: 'Do not reply to this email. This is an automated message from an unmonitored account.' and a privacy notice with two links: https://www.gov.uk/government/publications/personal-information-use-in-borders-immigration-and-citizenship and https://www.gov.uk/government/organisations/home-office/about/personal-information-charter.
Note	Please wait up to 1 minute to receive the OTP.

Multi-Factor Authentication: Enter One-Time Passcode

A One-Time Passcode (OTP) has been sent to your email address. Please enter the OTP below and select 'Submit'.

The OTP is valid for 10 minutes.

After this time, it will expire and you should select 'Request New OTP'. Please allow up to one minute for the OTP to arrive.

If you have not received the OTP after one minute, please select 'Amend Email Address' and follow the instructions to ensure the correct email address has been entered. If you have already done this, please select 'Request New OTP'.

The 'Request New OTP' button will only become available after one minute. Please do not refresh this page as this will reset the one minute timer.

You can only select 'Request New OTP' twice, please ensure that your email address is correct.

Selecting 'Cancel' will return you to the log in page.

Enter OTP

Enter OTP

Submit **Request New OTP** **Amend Email Address** **Cancel**

Time remaining before you can Request New OTP : 47 seconds

SEE ALSO

- SMS user guides (opens in a new window)
- Information for sponsors (opens in a new window)
- Accessibility Statement (opens in a new window)
- Cookie Statement (opens in a new window)

Note

The OTP is valid for **10 minutes**. If you do not enter and submit the OTP within 10 minutes, it will be invalid. Press 'Request new OTP' to receive a new code. MFA has been introduced to secure your account. Never give this code to anyone else. If you receive an OTP but are not attempting to log into the SMS or if someone contacts you for the code, do not provide the code to them, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk

Step	Instruction	Screen example
10	Once you have entered the OTP you will be redirected to the SMS home screen where you can view your licence summary and undertake your sponsorship duties.	 The screenshot displays the UK Visas & Immigration Sponsorship management system (SMS) interface. At the top, the header reads 'UK Visas & Immigration' and 'You are here > Sponsorship management system > SMS'. A left-hand navigation menu lists: Home, Licence summary, applications and services, Workers, Change password, Contact, and Log out. The main content area is titled 'Sponsorship management system (SMS)' and contains a welcome message for Level 1 users. Below this, a section titled 'Licence summary, applications and services' lists several actions: View your licence details, Change your licence details, Request an increase in your allocation of CoS or CAS, Request renewal of your annual allocation of CoS or CAS, Pay for and view status of action plans, Apply for Premium customer service, Apply for a Basic Compliance Assessment, View your Premium customer service contact details (if applicable), and View the status of applications you have submitted. There are also links for 'Help (opens in a new window)' and 'Workers'. A 'SEE ALSO' sidebar on the right provides links to 'SMS user guides (opens in a new window)', 'Information for sponsors (opens in a new window)', 'Accessibility Statement (opens in a new window)', and 'Cookie Statement (opens in a new window)'.
Note	Once MFA has been activated on your licence, an OTP will be required each time you log in to the SMS.	

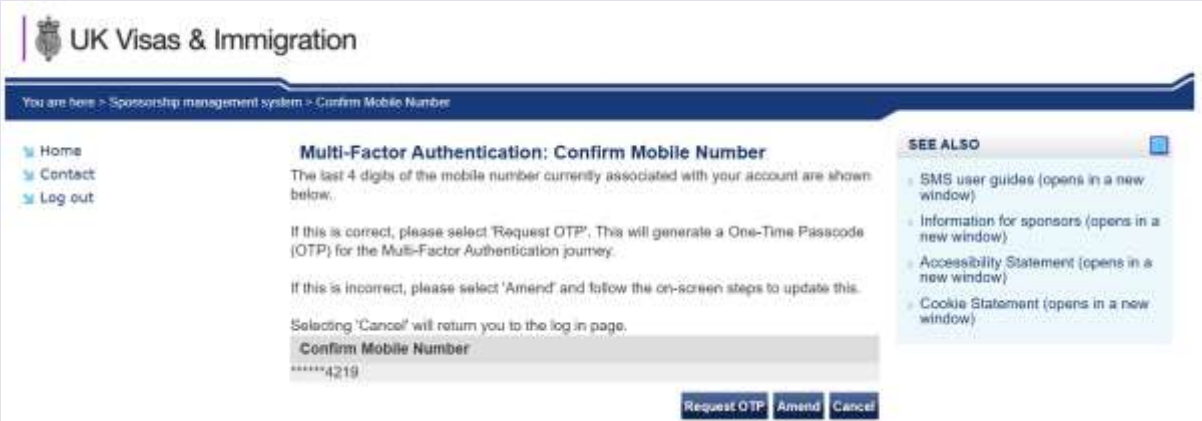

Guide 2: How to log in using a one-time passcode and amend your stored mobile number or email address

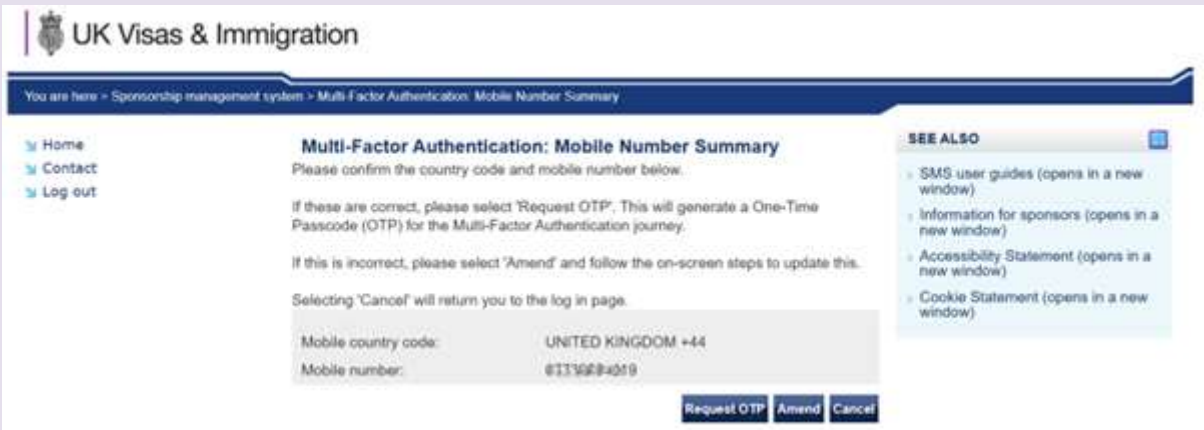

Follow the step-by-step instructions below to log into SMS using multi factor authentication. Be scam aware. Never share your SMS user ID, password or one time passcode (OTP) with anyone else. Never change your password because someone else has asked you to.

This guide should be followed if you need to amend your **Mobile phone number** or **Email address** held on SMS after you log in for the first time

How to Amend Your Mobile Number

Step	Instruction	Screen example
1	To amend your Mobile Number (Level 1 users only) From the SMS log in screen, enter your Level 1 user ID and password.	

Step	Instruction	Screen Example
2	You will be presented with a screen that shows the last 4 digits of your mobile number. The number displayed is the mobile number registered on your licence. If the last 4 digits of the mobile number displayed are incorrect, select 'Amend'.	
3	Choose the country code and enter the mobile number to which you want to receive the OTP and select 'Next'	
Note	It is important to double check the mobile number before pressing next.	

Step	Instruction	Screen example
4	Enter your ' DOB ' – this must match the DOB that is stored on the level 1 user details on your sponsor licence.	
Note	Please ensure all fields are completed before pressing next. You will have 3 attempts to enter your DOB correctly. If you enter your DOB incorrectly after 3 attempts your account will be locked out for 24 hours. Please see page 21 if you get locked out.	
5	Select 'Request OTP' If you want to change the mobile number press 'Amend' and see 'step 3'.	
Note	Please ensure all fields are correct before pressing next. If the number is entered incorrectly, you will not receive the OTP.	

Step	Instruction	Screen example
7	You will receive a text message from GOV UK with a 6-digit passcode.	
Note	Please wait up to 1 minute to receive the OTP.	

8

Enter the passcode into the screen on SMS and press 'Submit'

If you receive an OTP but are not attempting to log into the SMS or if someone contacts you for the code, do not provide the code to them, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk

9

Once you have entered the OTP you will be redirected to the SMS home screen where you can view your licence summary and undertake your sponsorship duties.

An automated email will be sent to you, notifying you when your mobile number has been changed.

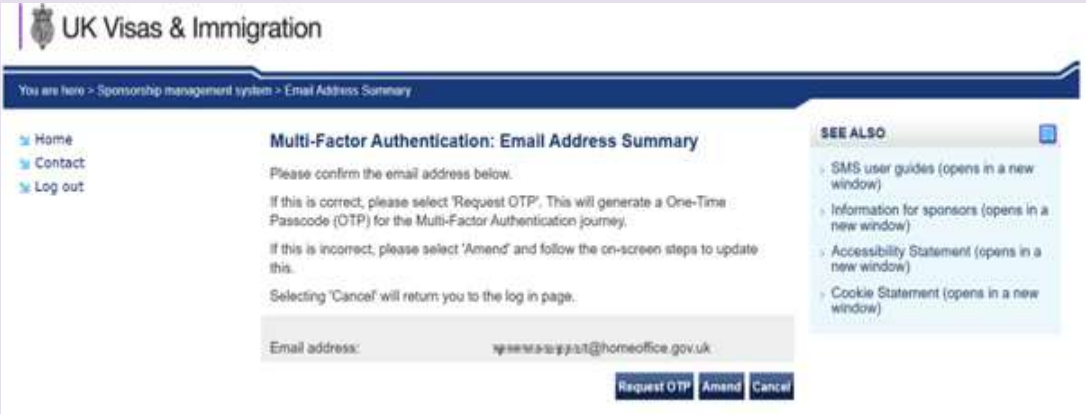

Note

An automated email will be sent to the e-mail address we hold for you on SMS, notifying you when your mobile number has been changed. Never give this code to anyone else. If you receive an OTP but are not attempting to log into the SMS or if someone contacts you for the code, do not provide the code to them, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk

How to Amend Your Email Address

Step	Instruction	Screen example
1	To amend your Email address From the SMS log in screen, enter your Level 1 user ID and password.	
Note	Level 2 users cannot amend their email address. If your email is incorrect L1 users can select 'Amend' and enter the correct email address. An automated email will be sent to both the original and the new email address linked to the L2 user account. If you receive a suspicious email or telephone call, or if you believe your SMS account has been compromised, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk	

Step	Instruction	Screen Example
2	You will be presented with the Confirm Email Address screen. The email address displayed is the address associated with your SMS account. If the email address displayed is incorrect, select 'Amend.'	 The screenshot shows the 'Confirm Email Address' screen. The breadcrumb trail is 'You are here > Sponsorship management system > Confirm Email Address'. The left sidebar contains links for 'Home', 'Contact', and 'Log out'. The main content area is titled 'Multi-Factor Authentication: Confirm Email Address' and explains that the email address associated with the SMS account is shown below. It provides instructions on what to do if the address is correct (select 'Request OTP'), incorrect (select 'Amend'), or if the user wants to cancel. The email address 's*****@homeoffice.gov.uk' is displayed in a text box. At the bottom right, there are three buttons: 'Request OTP', 'Amend', and 'Cancel'. A 'SEE ALSO' section on the right lists links for SMS user guides, information for sponsors, Accessibility Statement, and Cookie Statement.
3	'Enter' your email address below, select 'Next' and proceed to log in. An error message will display if the format of the email address entered is invalid, or if the email addresses entered in both fields do not match.	 The screenshot shows the 'Enter Email Address' screen. The breadcrumb trail is 'You are here > Sponsorship management system > Enter Email Address'. The left sidebar contains links for 'Home', 'Contact', and 'Log out'. The main content area is titled 'Multi-Factor Authentication: Enter Email Address' and instructs the user to select 'Next' after entering and confirming their email address. It also provides instructions on what to do if the email address was not recognized or if the user wants to cancel. Two input fields are provided: 'Email address' and 'Confirm email address'. At the bottom right, there are two buttons: 'Next' and 'Cancel'. A 'SEE ALSO' section on the right lists links for SMS user guides, information for sponsors, Accessibility Statement, and Cookie Statement.

Step	Instruction	Screen example
4	Enter your ' Date of Birth ' – this must match the DOB that is stored on the Level 1 user details on your sponsor licence.	
Note	Please ensure all fields are completed before pressing next. You will have 3 attempts to enter your DOB correctly. If you enter your DOB incorrectly after 3 attempts your account will be locked out for 24 hours. Please see page 21 if you get locked out.	
5	Confirm your email address. If it is correct, select 'Request OTP'. This will generate an OTP for the MFA journey.	
Note	Please wait up to 1 minute to receive the OTP. You should note that if you also have a mobile telephone number registered for MFA on SMS, you will be asked to re-enter this number the next time you select to receive the OTP by mobile phone.	

Step	Instruction	Screen example
8	Enter the passcode into the screen on SMS and press 'Submit.' If you have not received the OTP after one minute, select 'Amend Email Address' and follow the instructions to ensure the correct email address has been entered.	
Note	The OTP is valid for 10 minutes. If you do not enter and submit the OTP within 10 minutes, it will be invalid. Press 'Request new OTP' to receive a new code. MFA has been introduced to secure your account. Never give this code to anyone else. If you receive an OTP but are not attempting to log into the SMS or if someone contacts you for the code, do not provide the code to them, please report this to us here: BusinessHelpdesk@homeoffice.gov.uk	

9

Once you have entered the OTP you will be redirected to the SMS home screen where you can view your licence summary and undertake your sponsorship duties.

Note An automated email will be sent to you, notifying you when your email address has been changed.

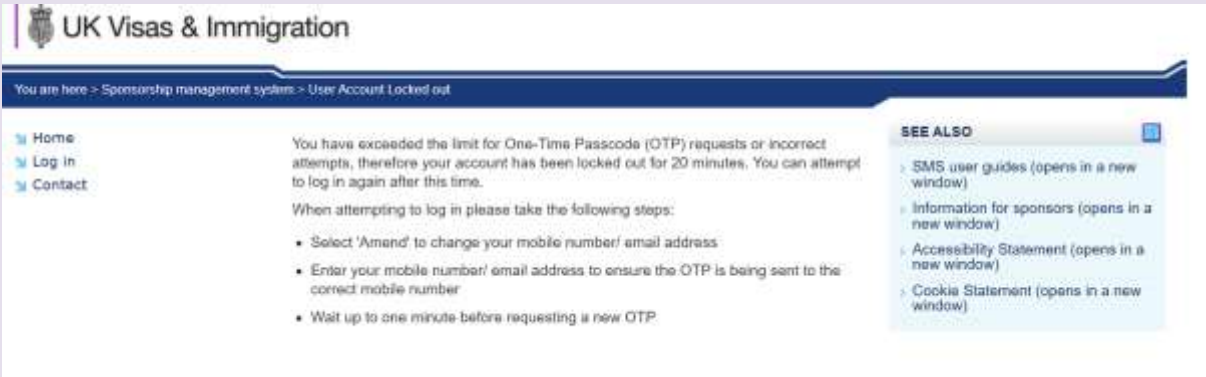

Guide 3: How to amend an invalid Date of Birth or if the Date of Birth entered does not match our records

Follow the step-by-step instructions below to log into SMS using multi factor authentication. Be scam aware. Never share your SMS user ID, password or one time passcode (OTP) with anyone else. Never change your password because someone else has asked you to.

This guide should be followed if you have entered an invalid Date of Birth or if it does not match our records.

Step	Instruction	Screen example
1	Following the SMS log in page, enter your mobile number by first selecting the mobile's country code. Then fill in the 'Mobile number' and select 'Next'. Please ensure your number is correct	

Step	Instruction	Screen example
2	Enter your ' DOB ' – this must match the DOB that is stored on the Level 1 user details on your sponsor licence.	
Note	Please ensure all fields are completed before pressing next.	
3	If an invalid DOB has been entered an error message will display requesting a valid date of birth to be entered. Enter a valid DOB and select 'Next'.	

Step	Instruction	Screen example
4	If you have entered a valid DOB and it does not match our records an error message will display. Please try again and select 'Next'.	
Note	You will have 3 attempts to enter your DOB correctly.	
5	After 3 DOB input failures, your account is locked for 24 hours. Please try again after 24 hours. If you have reattempted to log in, but the DOB is still incorrect please complete the MFA manual change of circumstances form. Sponsor change of circumstances form - GOV.UK	
Note	If you enter your DOB incorrectly or if the DOB does not match the DOB stored on the sponsor licence, your account will be locked out for 24 hours. Please try again after 24 hours. If you have reattempted to log in, but the DOB is still incorrect you must complete the MFA manual change of circumstances form to update it.	

Guide 4: How to request another one-time passcode (OTP)

Follow the step-by-step instructions below to log into SMS using multi factor authentication. Be scam aware. Never share your SMS user ID, password or one time passcode (OTP) with anyone else. Never change your password because someone else has asked you to.

This guide should be followed if you have entered an invalid OTP or want to request another OTP.

Step	Instruction	Screen example
1	From the SMS log in page, follow the earlier steps of entering or confirming your mobile number or email address and select ‘Request OTP’. On the ‘Enter OTP screen’ displayed, input the ‘Passcode’ received via text message or email to your mobile number and select ‘Submit’.	
Note	The OTP is valid for 10 minutes. After this time, it will expire, and you should request a new OTP. Please allow up to one minute for the OTP to arrive. If you have not received the OTP after one minute, please select ‘Amend Mobile/Email Number’ and follow the instructions to ensure the correct mobile number or email address has been entered. If you have already done this, please select ‘Request New OTP’. The Request New OTP button will only become available after one minute. Please do not refresh this page, as this will reset the timer. You can only select ‘Request New OTP’ twice, please ensure that your mobile number is correct.

2

If an invalid OTP is entered, an error message is displayed. Please re-enter the correct OTP code and select '**Submit**'.

The screenshot shows the 'UK Visas & Immigration' website. The breadcrumb trail indicates the user is in the 'Sponsorship management system' and is at the 'Enter OTP' step. On the left, there are links for 'Home', 'Contact', and 'Log out'. The main heading is 'Multi-Factor Authentication: Enter One-Time Passcode'. The instructions state that a One-Time Passcode (OTP) has been sent to the user's mobile number and must be entered below, followed by a 'Submit' button. It notes that the OTP is valid for 10 minutes and will expire after one minute. It also provides instructions for what to do if the OTP is not received or if the user has already used it. A 'Request New OTP' button is visible. Below the instructions, there is a section titled 'Enter OTP' which shows an error message: 'Invalid OTP entered-Attempt 1 of 3. Please try again'. The input field contains the number '834835'. At the bottom, there are buttons for 'Submit', 'Request New OTP', 'Amend Mobile Number', and 'Cancel'. A timer at the bottom indicates 'Time remaining before you can Request New OTP : 34 seconds'. On the right side, there is a 'SEE ALSO' section with links to 'SMS user guides', 'Information for sponsors', 'Accessibility Statement', and 'Cookie Statement'.

Note

The OTP is valid for **10 minutes**. You have 3 attempts to input a valid OTP.

3

If an OTP has been incorrectly entered 3 times an error message will display stating that the retry limit has been reached. A new OTP should be requested.

The screenshot shows the 'UK Visas & Immigration' website with the title 'Multi-Factor Authentication: Enter One-Time Passcode'. The page includes a navigation menu on the left with links for Home, Contact, and Log out. The main content area provides instructions for entering the OTP, stating it is valid for 10 minutes and expires after one minute. It also includes instructions for requesting a new OTP if the current one is not received or if the user has already requested a new one. A warning message states: 'Invalid OTP entered. Retry limit reached. Please request a new OTP'. Below this, there is a text input field for the OTP, which currently contains '684211'. At the bottom, there are four buttons: 'Submit', 'Request New OTP', 'Amend Mobile Number', and 'Cancel'. A timer at the bottom indicates 'Time remaining before you can Request New OTP : 22 seconds'. On the right side, there is a 'SEE ALSO' section with links to 'SMS user guides', 'Information for sponsors', 'Accessibility Statement', and 'Cookie Statement'.

Multi-Factor Authentication: Enter One-Time Passcode

A One-Time Passcode (OTP) has been sent to your mobile number. Please enter the OTP below and select 'Submit'.

The OTP is valid for 10 minutes.

After this time, it will expire and you should select 'Request New OTP'. Please allow up to one minute for the OTP to arrive.

If you have not received the OTP after one minute, please select 'Amend Mobile Number' and follow the instructions to ensure the correct mobile number has been entered. If you have already done this, please select 'Request New OTP'.

The 'Request New OTP' button will only become available after one minute. Please do not refresh this page as this will reset the one-minute timer.

You can only select 'Request New OTP' twice, please ensure that your mobile number is correct.

Selecting 'Cancel' will return you to the log in page.

Enter OTP

Invalid OTP entered. **Retry limit reached. Please request a new OTP**

Step	Instruction	Screen example
4	You can only select 'Request New OTP' twice. If you exceed the limit for OTP requests or incorrect attempts, your account will be locked out for 20 minutes. You can attempt to log in again after this time.	
Note	When attempting to log in please take the following steps: • Select amend your mobile number or email address • Enter your mobile number or email address to ensure the OTP is being sent to the correct location • Wait up to one minute before requesting a new OTP	

Guide 5: Troubleshooting

Issue / Error message	Cause	Resolution
Date Of Birth (DOB) is not recognised. DOB entered incorrectly 3 times and now locked out for 24 hours	The DOB you are trying to enter does not match the DOB that is held on your licence.	Contact us using the Change of Circumstances form found here: Sponsor change of circumstances form - GOV.UK
OTP is not arriving	- Your mobile number was entered incorrectly - You have added the correct mobile number, and the Country code was wrong. - Your email address was entered incorrectly	Amend mobile number or email address and request new OTP
Level 2 user wants to amend their email address	Level 2 users cannot amend their email address.	Please contact a Level 1 user on your licence to make the amendments and try again.

Guide 6: Frequently Asked Questions (FAQs)

1. Will MFA and an OTP be required every time I log into SMS?

Yes, MFA has been introduced to protect your account. Once enabled on your licence, an OTP will be required every time you and other users listed on your licence log into SMS.

2. Is MFA mandatory?

Yes. MFA will be rolled out to all sponsors in the coming months and will be a mandatory security feature for all SMS users.

3. How will I know when my SMS account has been enabled for MFA?

We will e-mail your Authorising Officer, Key Contact, Level 1 and Level 2 users two weeks before your account is enabled to tell you the date that you will start using the new functionality.

4. Will MFA affect how I use the SMS?

No, MFA only affects the login process. You will continue to sign in using your existing user ID and password and then enter a one-time passcode (OTP). Nothing else is changing and once authenticated, you will use the system as usual.

5. My email address/phone number/date of birth is incorrect on SMS, what should I do?

You should check and update these details before MFA is enabled on your licence. If you have not updated your email address or phone number before MFA is enabled on your licence, Level 1 users can change them via the MFA process; however, you will need to enter your date of birth when you do this.

If you are a Level 2 user, you will need to ask a Level 1 user to make these changes before you can log into your SMS account.

6. What happens if I do not correct my date of birth on SMS before MFA is enabled?

If your date of birth is incorrect on your SMS account, you will need to inform us using the Sponsor Change of Circumstances form so that you can log in using MFA. This form can be found by searching for 'Sponsor change of circumstances form' on the.gov.uk website:

[Sponsor change of circumstances form - GOV.UK](#)

To complete the form for date of birth changes only:

- In Section A select the option to 'Appoint a new Level 1 User'
- Complete Section B with your licence details.
- In Section C provide your first name(s), last name, e-mail address and date of birth.
- Complete Section G
- Send the completed form as an attachment by e-mail MFACOC@homeoffice.gov.uk using the subject header '**DOB change request**'

You and your Level 1 Users must check the date of birth recorded for you on SMS as soon as possible and before MFA is enabled. If this information is incorrect when MFA is introduced, you may be unable to complete successfully and could experience delays.

7. What should I do if I do not know my SMS user ID?

If you cannot remember your user ID and are the only Level 1 user with access to SMS, you should check the letter sent to your AO when your sponsor licence was granted.

If you are unable to locate the letter, you can contact the Business Helpdesk on BusinessHelpdesk@homeoffice.gov.uk who will be able to provide the user ID to you. Please note, the helpdesks will only be able to disclose licence details if the original email came from an address registered with an active member of key personnel on the licence.

Once they have confirmed your identity, the helpdesk will email your user ID to your AO to forward on to you. If you have more than one Level 1 user on SMS, you should ask a different Level 1 user to obtain your user ID from the Manage Level 1 and 2 users screen (located at Licence summary, applications and services/Manage your Level 1 and 2 users).

8. How can I receive an OTP if my mobile phone is lost or stolen?

You can receive your OTP by email. This enables you to securely access your account. You must remove the lost or stolen mobile number from your SMS account as soon as possible

9. What if I can't get an OTP while I am overseas?

If you are travelling abroad and are unable to receive an OTP via text message, you can use the email option. This ensures you can still access your account securely.

10. Why do you use text message or email instead of messaging apps (e.g. WhatsApp)?

We use text message and email because they are widely supported, secure and reliable methods for delivering authentication codes. Messaging apps like WhatsApp depend on internet access, app availability and service compatibility, which can vary across regions.

11. Who can I contact for help?

If you have any questions relating to MFA or require assistance, please contact:

BusinessHelpdesk@homeoffice.gov.uk

Please provide your **organisation name and sponsor licence number** in the subject heading of your e-mail.

If you experience issues receiving a one-time passcode (OTP) once MFA is enabled on your account, please provide the following information in your email to us:

- A detailed Description of Issue
- Your mobile service provider name
- Mobile number
- Date OTP requested
- Time OTP requested
