

Annex A: Activities funded by the Department for Business, Innovation, Science and Trade (BIST) Official Development Assistance contributing to ICF3

The below table includes all activities funded by the Department of Business, Innovation, Science and Trade’s (BIST) Official Development Assistance (ODA) that contributes to the UK Government’s Third Round of International Climate Finance¹ (ICF3). The activities included have been funded by BIST’s international ODA research and development (R&D) funds for the period FY 2021-2022 to FY 2025-2026

The activities presented were previously managed by the Department of Business, Energy and Industrial Strategy (BEIS) until February 2023 when responsibility moved to the newly created Department for Science, Innovation and Technology (DSIT). Since July 2026 responsibility now sits with BIST.

Notes

* Identifier: International Aid Transparency Initiative (IATI) identifiers have been used for activities that are published on IATI.⁴ These are prefixed with either the organisation identifier ‘GB-GOV-13’ (BEIS) or ‘GB-GOV-26’ (DSIT). Activities delivered by Partner Organisations outside the Official Government Sector are published on IATI at the level of allocation (Partner Programmes). For these activities BIST’s internal identifier is used, which are published on MODARI and the annual Statistics in International Development (SID).⁵

** Links to activities published on IATI have been provided. Information and detail for other activities can be found on the Mapping ODA research and Innovation dashboard. ⁶
