Guidance notes

For the purpose of this declaration:

- “growers” are natural or legal persons who cultivate and harvest vines;
- “producers” are natural or legal persons who have produced and/or hold wine and wine products from the current year’s harvest which are subject to the retained EC wine regime (i.e. sweet reserve and wine, including new wines in fermentation);
- PDO, PGI and Varietal Wines are those intended for application for Protected Designation of Origin, Protected Geographical Indication or Varietal Wine status but require no commitment on the part of the grower or winemaker prior to application, this includes future sparkling wines;
- “Wine” excludes PDO, PGI and Varietal Wine.

You are required to complete Section 2 unless:

- your **total** grape harvest is intended for table grapes or for drying or for processing directly into grape juice; or
- the **total** area is less than 10 ares ($\frac{1}{4}$ acre) and the harvest will not be marketed in any form whatsoever.

If any part of the grape harvest is sold or made under contract at another winery you should complete Production Declaration – Other uses (WSB 21 B).

As a **producer**, you are required to complete Sections 3 and 4 as appropriate for **all** wine made from grapes received from other growers unless:

- the **total** production is less than 10 hectolitres of wine which will not be marketed in any form.

Quantities should be expressed in hectolitres (hl).
