Excess fabric may then cover the infant's nose and mouth, obstructing breathing and leading to asphyxiation. Infants are particularly vulnerable as they may be unable to remove the obstruction themselves.</p> <p>OPSS has published a Product Safety Alert for Baby Sleeping Bags, which highlights the risk they may pose to babies: https://www.gov.uk/product-safety-alerts-reports-recalls/product-safety-alert-baby-sleeping-bags-psa9</p> <p>Further information on safe sleeping for babies can be found on the NHS website at the following link: https://www.nhs.uk/start-for-life/baby/baby-basics/newborn-and-baby-sleeping-advice-for-parents/safe-sleep-advice-for-babies/</p> <p>The products do not meet the requirements of the General Product Safety Regulations 2005.</p>
