Decisions on Successful Applications

Q: What is required for a successful application to the Connect Fund?

A: Successful applicants to the Connect Fund will be defined as those who receive the highest scores out of 50, achieving a minimum score of 30 / 50 overall and 4 / 5 for Value for Money. Funding will be assigned on this basis until the funding pot has depleted. Prospective applicants should refer to the Application Guidance.

Q: There is a finite funding pot for Round 3 of the Connect Fund, how will decisions be made in the event that multiple applications qualify but limited funding remains?

The Northern Ireland Office wishes to support a portfolio of projects, covering a range of themes and geographies across Northern Ireland, subject to the volume and quality of proposals received. If demand outweighs the funding pot available, equally scored projects may be weighted to ensure a balanced spread of approved projects across Northern Ireland. For applications to be considered in this eventuality, applications must achieve a minimum total score of 30 and a minimum Value for Money score of 4.

Unsuccessful Applications

Q: Will you provide feedback for unsuccessful applicants?

A: If unsuccessful, applicants are welcome to apply for feedback on their application. Application scores will be provided to eligible applicants.
