Disclaimers for researchers accessing Data First data via the Office for National Statistics (ONS) Secure Research Service (SRS)

All final ONS SRS outputs intended for publication or dissemination should include a disclaimer. In circumstances where the word count is critical or the full version restricts presentation, you may wish to use the concise version.

Standard Disclaimer

This work was produced using deidentified administrative data accessed through the ONS Secure Research Service. The use of data in this work does not imply endorsement by the ONS or the data owners (e.g., HMCTS, HMPPS, MoJ) of the interpretation or analysis. This work uses research datasets which may not exactly reproduce Accredited Official Statistics aggregates. Accredited Official Statistics follow consistent statistical conventions over time and cannot be compared to Data First linked datasets.

Concise version

This work was produced using deidentified administrative data accessed through the ONS Secure Research Service. Use of this data does not imply the endorsement of the ONS or data owners (e.g., HMCTS, HMPPS, MoJ) of the interpretation or analysis.
