NISTA's PFI CoE

How we can support you

Helping you build the skills and confidence to manage your PFI contract effectively.

What NISTA provides

Our PFI Centre of Excellence (CoE) provides practical support to public sector contracting authorities managing operational and expiring PFI contracts, often at no cost to your organisation.

Our support brings together:

- Guidance
- Training.
- Expert advice and support.

Together, these help you strengthen the skills, confidence and practical arrangements needed to manage PFI contracts effectively.

Public sector organisations responsible for managing PFI contracts, including:

- Contract managers.
- Commercial, finance and operational teams.
- Senior responsible owners, directors and Section 151 officers.

How this can help you

- Build your understanding of the contract, key obligations and risks
- Strengthen day-to-day contract management and governance
- Prepare earlier and more effectively for contract expiry
- Access targeted support when issues, risks or disputes arise
