Subject: Objection to an urgent Crown Development Order for MOD Bicester Site A

You don't often get email [redacted] Learn why this is important

Dear Secretary of State,

Thank you for all that you continue to do for the welfare of many. I am writing with urgency as a local resident to oppose the use of the urgent planning process for the proposal to accommodate up to 1,250 single adult male asylum seekers at Site A, MOD Bicester.

There have been an increasing number of reports of various violent crimes committed by those who are supposedly seeking refuge throughout the U.K. Although there are many that are genuinely seeking refuge and that have not or would not commit any violent crimes, increased safeguards for local residence are required. Proper safeguards for asylum seekers are also required as well as proper procedures that do not leave people in limbo and/or in danger of being trafficked or from becoming a victim of modern-day slavery.

On 9 July, my MP, Calum Miller, was informed by a Defence Minister that the Home Office first approached the MOD about the use of this site in November 2025.

You will be aware that the use of the site for such a huge asylum camp is very controversial – and widely opposed – locally. It is very important that local people – and our local representatives in the councils, health board, police and other services – are given sufficient information and time to make an intelligent response.

It is clearly unreasonable for this to be considered “urgent”. The Government cannot consider it for nine months and then give local residents a matter of days to contribute to a consultation.

Can I therefore urge you to withdraw consent for this to be treated as an urgent application and instead insist that the usual planning process is followed, so local voices can be heard about a proposal that will affect us far more than any Secretary of State in London?

Yours sincerely,
