Dear Secretary of State,

I am writing as a local resident to oppose the use of the urgent planning process for the proposal to accommodate up to 1,250 single adult male asylum seekers at Site A, MOD Bicester.

On 9 July, my MP, Calum Miller, was informed by a Defence Minister that the Home Office first approached the MOD about the use of this site in November 2025.

You will be aware that the use of the site for such a huge asylum camp is very controversial – and widely opposed – locally. It is very important that local people – and our local representatives in the councils, health board, police and other services – are given sufficient information and time to make an intelligent response.

It is clearly unreasonable for this to be considered "urgent". The Government cannot consider it for nine months and then give local residents a matter of days to contribute to a consultation.

Can I therefore urge you to withdraw consent for this to be treated as an urgent application and instead insist that the usual planning process is followed, so local voices can be heard about a proposal that will affect us far more than any Secretary of State in London?

Having grown up in [redacted] and spent my whole life here I feel this will drastically change the feel and safety of the town. I am deeply concerned by the things that have happened because of these undocumented people being allowed to be free before all the necessary checks are completed. I am also fed up of not being listened too, our local council don't listen to us and now the government too. I hope you have the sense to scrap this idea and do more to keep people safe. there way of life and values do not coincide with ours. please have the sense to realise we don't want to have this dumped on our town.

Yours sincerely,
