Dear Secretary of State,

I am writing as a local resident and [redacted] to oppose the use of the urgent planning process for the proposal to accommodate up to 1250 single adult male asylum seekers at Site A, MOD Bicester.

On 9 July, my MP, Calum Miller, was informed by a Defence Minister that the Home Office first approached the MOD about the use of this site in November 2025.

You will be aware that the use of the site for such a huge asylum camp is very controversial and widely opposed locally. It is very important that local residents and local representatives on councils are given enough information and time to make a informed and reasonable response.

[redacted] should find out about this.

It is clearly unreasonable for this to be considered “urgent”. The Government cannot consider it for 9 months and then give local residents a matter of days to contribute to a consultation. How can you expect us to work together to help mitigate any issues this may cause? It is bad enough that the poor people that will be at this place will be disliked by a large group of people just for who they are, but when part of a development being forced upon the area in such a manner it could be 1000 lovely old Grannies being homed there and we would still have many concerns.

Where will all the waste go? Where will the water and power come from? We already are having issues around Bicester already with this.

Can I therefore urge you to withdraw consent for this to be treated as an urgent application and instead insist that the usual planning process is followed, so local voices can be heard about a proposal that will affect us far more than any Secretary of State in London?

Yours sincerely,

[redacted]
