Dear Sir,

RE: **Piddington.A-Sites**

Dear Mr Andy Burnham As a [redacted] please, please come to Bicester. I am an [redacted] and A- sites nowadays is just abandoned derelict warehouses with I believe undamaged ASBESTOS roofs. With 1250 young males planned to be put there it's a dead cert some will visit those derelict buildings,and i'm sure more damage will be done and POSSIBLY release Asbestos fibres into the air. Please as a fellow BLUE arrange to meet me at A-Sites Bicester and walk around the site. It's not fit for Humans. Regards Arthur Moore

Yours faithfully,

Arthur
