You don't often get email from [redacted] Learn why this is important

Hi my name is [redacted] [redacted] I've lived in [redacted] most of my life and it's a town that has no infrastructure nor amenities it requires let alone if I add another 1250 males to it too. I don't care about ur nationality nor race it's to do with the basic facts as follows,

. No amenities
. Theses men have had no checks or back ground checks done.
. They do not understand that it is not ok to assault women and children or the uk
. Our town is struggling as it is without the added strain on it.
. People will stay away from the town due to theses men and it will mean sales in the local businesses will drop rapidly.

Plz understand I know u want to house them somewhere but shouldn't it be more the case that our ex forces personal should be housed there first instead

Many thanks
