Site: Bicester Garrison, Launton road, Oxfordshire OX25 1AE
Applicant: Home Office

I would like to submit my objections to this land being used as a male migrant centre for 1250 people.

The reasons for this are as follows:

Piddington is a small rural village and the 350 residents will be hugely outnumbered by migrants.

The migrants will be able to freely roam into the local village and this will intimidating for local women, children and men who are used to a safe environment. It is unfair that local residents will have to stay home in order to feel safe.

The immigration centre will be close to a playground and so local children will no longer feel safe using the playground if migrants hang out there.

The concerns of local people who have chosen to live in Piddington and surrounding villages have not been listened to. There has been no dialogue between the government and members of the community about this proposed site and the site is being imposed on residents against their will.

Please consider my objections to the above the site.

Regards
