The Government proposes a huge asylum site while redacting vital details on water, sewage, electricity and operations. There has been no consultation, the site is not suitable for 1250 (or is it 3500?) illegal immigrant young men and it is totally unfair to foist this huge problem on a small village. Who will be protecting the women, children and vulnerable people from the usual sexual attacks from these [redacted]? Are they to be monitored and locked up until their real identities are ascertained? Will their applications be fast tracked without proper investigation so staff members can receive their bonuses!!!???? It is all unacceptable!
Do not entertain them, send them back from whence they came. I do not want my taxes to be spent on accommodating them.
