Objection to Urgent Crown Development Application MOD Site A Application Ref PCU: RARE C 3105 3378843 Bicester Garrison Launton Road OX25 1AE

I object to the above proposal of 1250 (or more) migrant asylum seekers being lodged at the above proposed centre, on the following grounds:

1: Absence of consultation and lack of transparency of the proposal with the village of Piddington and surrounding villages about the impact on a small village.

Grossly rude and offensive, secretive, and arrogant government behaviour. This seems to be dismissive departmental decisions, imposed upon ordinary people without consultation . who have chosen to live in a quiet area.

2. Large extra burden on the already strained infrastructure of the area, doctors, dentists hospitals, police, security.

3. Additional power resources, gas, electricity, other fuels water and drainage costly and not assessed before the proposal has become "urgent".

4. Beautiful environment, wildlife sanctuary, quiet, pleasant, rural utterly destroyed for everyone local who enjoys and contributes to these pleasant areas. Increase in litter will occur and rubbish to be cleared.

5. Security of people. Masses of bored disaffected unemployed economic migrant young men allowed to walk freely, of a very different culture is a large safety risk for children being able to play freely as these migrants are not known to security services or the police, and have no known crime history in the UK , this is also a risk for other young men being able to exercise their freedoms without fear of attack, and for vulnerable elderly people. This is a non assessed safety risk and an infringement of local people's usual freedoms and feelings of safety.
