Subject: Objection to planning application PCU/RARE/C3105/3378843, Site A, MOD Bicester
Date: 10 September 2026 20:58:04

You don't often get email from [redacted] Learn why this is important

Dear Secretary of State,

I am writing as a member of the public to object to planning application PCU/RARE/C3105/3378843, the proposed 1,256-person asylum accommodation centre at Site A, MOD Bicester, Bicester Garrison, Launton Road, Oxfordshire, OX25 1AE.

I ask that planning permission be refused.

Looking at the application, I am concerned that significant questions remain around safety, particularly for the local community and the suitability of the site.

Regarding transport, the facts provided are wrong by repeatedly refering to the wrong road, while the B4011 serving the site has limited pedestrian infrastructure and a recorded history of serious collisions. This seems a very high risk approach for all concerned

It is unclear whether an appropriate The application documentation has not demonstrated that an appropriate solution for essential infrastructure such as electricity and wastewater has been identifie and accordingly I do not believe a development accommodating up to 1,256 people should be approved while such fundamental matters remain unresolved.

The location of this proposal is within an isolated rural location with little surrounding infrastructure, limited public transport and few services within walking distance.

In my opinion, The extremely short representation period does not provide sufficient time for residents, councils and technical specialists to properly examine such a substantial and complicated application. The application documents run to well over 1,000 pages. The standard Crown Development route prescribes 21 days at every stage, so I ask that the representation period be extended to at least 21 days from 7 September 2026, to Monday 28 September 2026, since the 21st day falls on a Sunday.

I understand this site has previously been considered for asylum accommodation and was refused by an independent Planning Inspector before subsequently being cancelled.

I therefore respectfully request that planning permission be refused.

If the Secretary of State is nevertheless minded to approve the application, I ask that no decision is made until outstanding work concerning drainage, flooding, wastewater, contamination, ecology, highways, pedestrian safety, power supply, lighting, noise, fire safety and decommissioning has been completed and made available for proper scrutiny.

Yours faithfully,
Elizabeth Bullock
