Dear Sir,
I am writing to express my deep concern and objection to the proposed asylum centre at the Bicester MOD site; ref:PCU/RARE/C3105/3378843. I find it profoundly disturbing that anyone would consider this inappropriate site. I feel I am stating the obvious, but I list here below grounds for my objection:-

1. I feel the site is an inappropriate location for accommodation of this size.

2. I believe the proposal would present serious potential dangers to the local community. I think it is the responsibility of government to ensure the safety of its citizens.

3. I think an asylum centre on this site would have negative effect on community cohesion.

4. I fail to understand how it will be possible to provide adequate security, supervision and site management arrangements.

5. It will almost certainly add pressure to our already overstretched policing and healthcare services.

At a time when our Prime Minister is advocating greater local autonomy, this unwelcome proposal seems to be foisted upon our community without any consultation. I just can't believe this is happening.

Very best regards,

Trent Baker
