Dear Secretary of State,

I am writing as a local resident and member of the public to support planning application PCU/RARE/C3105/3378843, the proposed 1,256-person asylum accommodation centre at Site A, MOD Bicester, Bicester Garrison, Launton Road, Oxfordshire, OX25 1AE.

I ask that planning permission be granted.

I am comfortable about the completeness of the evidence submitted with the application.

I am not even slightly concerned that ground contamination has not been fully investigated. This is an issue borrowed from Heyford without substantiation.

Flooding and drainage concerns need to be addressed. Parts of the site are at risk of surface-water flooding and aspects of the drainage strategy remain unresolved.

The application needs to demonstrate a permanent solution for essential infrastructure such as electricity, access and wastewater.

However a development accommodating up to 1,256 people can safely be approved although approval of such matters should be resolved.

This site has previously been considered for asylum accommodation and I am supportive of that.

Taken together, these issues, I believe, show that the applicant has demonstrated that Site A is a suitable location for a development of this scale.

I therefore respectfully request that planning permission be granted.

If the Secretary of State is nevertheless minded to refuse the application, I ask that no decision is made until outstanding work concerning drainage, flooding, wastewater, contamination, ecology, highways, pedestrian safety, power supply, lighting, noise, fire safety and decommissioning has been completed and made available for proper scrutiny.

Yours faithfully,

Chris Watson
