Subject: Ilegal immigration centre Bicester

[redacted]

Dear Sir
Am sorry to write in connection with this matter, [redacted]
Who has lived in this once great country all my life and seen the forced decline by successive governments over the last 50 years.
I feel letting the population grow to the extent you are is going to lead to the end of the UK.
The little town of Bicester has been overwhelmed by development,and the infrastructure can not cope with it now.
Regards
John Rayner
