Subject: Objection to Crown Development Order for MOD Bicester Site A

Dear Secretary of State

We write as local residents to oppose the proposed use of the local MOD site as a single male adult asylum centre.

We believe the choice of this site for this purpose is totally inappropriate , given the location in a remote rural setting.

There are no local facilities of any kind within 5 miles of the site and no obvious means of transport.

We believe the occupants will be totally bored and frustrated in this setting and this can only cause frustration and risk to the local population. Many of which are elderly and living in isolated properties.

At least we would ask that the local people be given an opportunity and sufficient time to voice their concerns and the realities of this proposal and therefore that you insist that the usual planning processes are followed, rather than treating this as an urgent application.

Yours sincerely
