Subject: Objection - site MOD

[redacted]

To whom it may concern,

I am writing to strongly convey my objection to the 'proposed' site to house over 1000 asylum seekers at the Bicester MOD site.

This site is not set up to house these individuals, it is not in the right place? There is no infrastructure, no local shops, bus services, actually anything for them to do! If you can put on bus services to Bicester - what exactly are they going to do in Bicester, it doesn't have the right infrastructure for its own residents.

This needs to be properly considered and ensure that those individuals are embedded into an environment where they can thrive, not barely survive.
It's also suspicious that the government has taken over the planning decisions for Cherwell council - where this is covered, which looks like a complete decision has been made - not the country I believe in and not the government I voted for.

Please reconsider and put these individuals in a place that is suitable, that isn't going to cost the tax player a huge cost to make the site habitable.

Best wishes
Concerned resident
