Subject: Objection to planning application PCU/RARE/C3105/3378843, Site A, MOD Bicester

[redacted]

Dear Secretary of State,

I live in [redacted] and am writing to object to the proposed asylum accommodation at MOD Bicester Site A.

My main concern is the scale of the proposal. Up to 1,256 people on one site for potentially ten years would have a significant impact on the surrounding villages. This is a relatively rural area with limited public transport and local services, and I do not believe this location is suitable for a development of this size.

The roads are a particular concern. Pedestrian facilities are limited in places and there have already been serious accidents on the surrounding roads. The additional traffic and pedestrians generated by a development of this scale need to be properly assessed.

There are also important questions about whether local infrastructure and services can cope, including healthcare, policing and emergency services, as well as drainage, wastewater and the permanent electricity supply.

I understand the need for asylum accommodation. My objection is to whether this site is suitable for a development of this scale.

I am also aware that asylum accommodation was considered at this site previously and that a Planning Inspector recommended refusal following a public inquiry. Although this is a new application, I believe that history remains relevant.

For these reasons, I ask that the application is refused.

Yours faithfully,

[redacted]
