Urgent Crown Development Application: MOD Bicester (Site A)
Application Reference: PCU/RARE/C3105/3378843 / Cherwell Council Ref: 26/01833/CROWN
Site Address: Bicester Garrison, Launton Road, Oxfordshire, OX25 1AE

Dear Sir/Madam,

Kent is not coping with the influx of illegal migration

This situation has now reached a point where innocent citizens (such as the emergency services the RNLI and the general public)are now being abused due to frustration from the increasing protests from local citizens.

I am writing to formally log my **strong objection** to the Crown Development application submitted by the Home Office for the temporary change of use of MOD Bicester Site A to accommodate up to 1,256 non-detained asylum seekers.

As **a concerned citizen in the U.K.** I urge the Ministry to refuse this application on the following material planning grounds:

1. **Severe Infrastructure Deficiencies:** The proposed site entirely lacks basic infrastructure. Local representatives have confirmed the site has no safe transport links, no access to medical services, and lacks fundamental utilities like reliable gas and water infrastructure to handle a development of this scale.

2. **Pedestrian and Highway Safety:** The local villages of Piddington and Upper Arncott lack pavements and street lighting. Funneling over 1,200 pedestrians onto unlit, narrow, rural country lanes poses an immediate and severe highway safety hazard for both the local community and the service users.
3. **Extreme Demographic Imbalance:** The introduction of 1,256 individuals into a rural environment where the nearest village, Piddington, houses only about 350 residents represents an unsustainable 4-to-1 demographic influx that completely overwhelms the local community balance.
4. **Strain on Public and Emergency Services:** Local policing, healthcare, and emergency services are already operating at capacity. This application includes no clear, enforceable, or funded mitigation plans to handle the immense pressure this facility would place on local public infrastructure.
5. **Inappropriate Environment for Vulnerable Individuals:** Housing large numbers of vulnerable people in an isolated, redundant military facility miles away from urban support networks, legal services, and psychological resources is entirely unsuitable.

For these reasons, the proposal fails to comply with standard local and national planning principles regarding sustainable development, safety, and community integration. I respectfully request that the Housing Secretary rejects this application.

Yours faithfully,

[redacted]
