Subject: Objections to Site A Piddington proposal
Date: 16 September 2026 09:06:34

[redacted]

Dear Crown Casework Team ,

I wish to log my objections to the proposed development at Site A Piddington Oxfordshire :

The site is extremely isolated with no public transport or safe walking routes , the surrounding roads have no footpaths .There is no infrastructure or facilities to support such a large number of refugees.

The wildlife and habitat reports are inadequate and incomplete.

The residents of Piddington will be adversely affected by this proposal.

In my opinion the cost of the proposed development is unlikely to be of benefit and the anxiety and disruption it will cause will greatly affect the local community.

Yours sincerely ,
