Subject: Objection to planning application PCU/RARE/C3105/3378843, Site A, MOD Bicester
Date: 16 September 2026 20:00:11

[redacted]

Dear Secretary of State,

I am writing as a concerned member of the public to object to the application for planning permission on project PCU/RARE/C3105/3378843, the proposed asylum accommodation centre at Site A, MOD Bicester, Bicester Garrison, Launton Road, Oxfordshire, OX25 1AE.

I would like to register my request that planning permission be refused.

I have concerns about the completeness of the evidence submitted with the application. Important ecological and technical work remains outstanding, and significant questions remain around fire safety, ground conditions and the suitability of the site.

In particular my main concern is the Transport Assessment. The roads surrounding the site have near to no pedestrian infrastructure. Public transport provision to the area is highly limited which prevent inhabitants of the centre from easily accessing larger towns and social amenities.

As the inhabitants of the centre will be unlikely to have other means of transport, it is probable that they will walk and place themselves at risk on these dangerous roads.

The proposal is quite large for such a remote area, which lacks supporting infrastructure, offers minimal public transit, and has very few amenities within walking distance.

It should be noted that this site has been refused permission in the past for a much smaller capacity. I cannot see anything that has dramatically changed since which could justify the historic plan, let alone the expanded current plan.

Taken together, these issues mean I do not believe the applicant has demonstrated that Site A is a suitable location for a development of this scale.

I therefore believe that the only sensible course of action is to refuse planning permission on this site until the concerns above are addressed.

Yours faithfully,

[redacted]
