Dear Secretary of State,

I am a young female resident of [redacted] objecting to planning application PCU/RARE/C3105/3378843, the proposed 1,256-person asylum accommodation centre at Site A, MOD Bicester, Bicester Garrison, Launton Road, Oxfordshire, OX25 1AE.

I desperately ask planning to be denied.

The strain it will put on my rural local area will change it forever for the worse. There is so little around this area especially in Piddington in the way of doctors which is already so hard to get an appointment for, shops, public transport - Ludgershall has none and the road the site is located on is not suitable for walking especially as they will be travelling on it towards Bicester or Ambroseden and there has been a number of fatalities. I cannot see how this influx of people will be sustainable especially with so little amenities in walking distance.

I also write about the aspestos on site and how it will not be removed but covered and ask how ethical this is or sustainable for the site.

I also know that area is not fit for housing persons as has always been used for storage and there is a lot of flooding very close by that surely will affect the site.

I also know the amount of water and electricity needed for the site is extortionately more than what is currently used by local residents so concerned about what will be done to the local land to manage these problems.

The time given to the locals to navigate this monumental decision is appalling and I do not feel we have been heard or even thought about. We cannot sustain this number of young men.

Yours faithfully,
