ECHR LAW Schedule 2 UK Government Positive Duty to Prevent Forseeable Loss of Life

Enquiry Description

Piddington Depot Site A Bicester BREACHES THE SCHEDULE 2 UK GOVERNMENTS Potential Loss of Life positive duty to prevent any harmful exposure from Asbestos micro particles and chemical pollution as 2x huge old storage units will be demolished on site with huge recycling costs and the new proposed site huts in prefab construction with double story design Add a serious health risk from the EMF Radiation all over the housing site from the 400,000 volt power lines. YOU COULD NOT OF PICKED A MORE DANGEROUS LOCATION. This site has over 100 years of storage and disposal what lies buried at these old military storage areas. The MOD health and safety record is not that great RAF/USAF Upper Heyford Bicester has been leaching forever chemicals into ditches, streams and rivers miles from the old airfield making local water toxic. Thes old MOD Sites are quite dangerous
