You don't often get email from [redacted]. Learn why this is important

Good afternoon,

With reference to planning application PCU/RARE/c3105/3378843, SITE A MOD Bicester, Bicester garrison, Launton Road, Oxfordshire, OX251AE.

Dear Secretary of State,

I am writing as a member of the public to object to this planning application .PCU/RARE/C3105/3378843.The proposed site for 1256 -person asylum accommodation centre at Bicester Garrison.

I ask that planning permission be refused.

My concerns are for the general physical and mental well being of all people involved in the site and local communities.

There are no local dentists , unless it is planned to use Military services which will be at a minimum .There are only 2 (I Believe) NHS Dentists in Bicester , the nearest Town, which are fully stretched and have enormous waiting lists.

Doctors , are fully stretched in Bicester and the local areas.Again, medical cover by the Garrison will be minimal.The city of Oxford which is approximately 15 miles which offer a complex range of medical services would be hard pushed to serve an additional 1256 peoples.

There is a very small community hospital in Bicester which only offers limited times (appointment) services.

A part from a small swimming pool , used by the local primary school and small groups , there are no sporting activities or centres available to the people , there are local football teams for children which would not accept the inclusion of adults.

There is a hair dressers and a small local shop which also offers post office services.

I understand from the media that the government will be providing HI-Viz garments to the illegal immagrants who wish to walk aroung the area which has no footpaths and the roads are in bad condition. In some Towns security guards have been employed to protect the citizens so they may safely enter their Town centres safely against abuse from the illegal immagrants. Government has issued written requests that our Women are not raped or sexually abused, that they are safe from violence and general intimadating behaviour.

The second largest tourist attraction, after Buckingham Palace is sited in Bicester, BICESTER VILLAGE.It is expected that the Village will not want 1256 illegal immigrants wandering through its site or shops. Certainly if the situation there follows suit the village will want extra policing and security guards, who will pay for this? As it is a situation created by the government I would suspect they will be asked to pay for this.Will this cost then filter towards the people who pay Council Tax to be asked for a larger sum of money to go towards this extra Policing?

There are many more reasons why this is the wrong site , however I chose to write about my concern about Physical Health of all concerned.

Yours Sincerely
