[redacted]

Dear Sir/Madam,

I completely oppose the thought of the numbers of asylum accommodation centre at the MOD Bicester site. This is disgraceful for our local community it will put so much strain on our local GPS ,hospitals, schools, roads transport, safeguarding and the infrastructure . We have lots of concerns and worries within the local community. As a mother with my husband we have lived and worked all our life for many years and have been financially struggling to house our children and grandchildren .We feel very let down by the government in the treatment that we have received within this proposal and this has given as all a lot of stress within the local community. We feel very let down so disappointed and hope another solution can be looked at and be discussed.

Many thanks
