Subject: Formal objection to the proposed use of the MoD site at Piddington for migrant accommodation
Date: 11 September 2026 14:33:00

[redacted]

Good afternoon,

Please accept this email as my official objection to the above proposal.
The housing of over 1250 migrants at this site is unacceptable on a great many levels

Piddington, Arncott, Ambrosden & Blackthorn are small rural communities without the facilities to support an addition to the local population of this magnitude. We already have issues with access to healthcare providers & some essential public services.
There is limited public transport in the area & no paved footways inbetween the villages or into Bicester from this site which is alongside an unlit road with a huge volume of fast moving traffic both day & night.
The site itself is currently unusable for the proposed purpose & will require a staggering amount of money to make it so, sewerage, water etc

I believe it is unreasonable to place such a huge amount of people into a rural setting which does not have the infrastructure to fully support it's existing inhabitants let alone the addition of this many more

Please formally record this objection to the proposal

Regards
Suzanne S Butler
